FEAR HE IS KIDNAPED.

Lester Berberich, Young Allegheny Boy, Mysteriously Disappeared at Calhoun Park Last Night.

Lester Berberich, the 3-year-old son of Henry Berberich of No. 841 Vista street, Allegheny, was lost at Calhoun park at about 6 o'clock last night. The child was taken to the park by Mrs. Berberich to attend the picnic of St. Peter's Lutheran church. Mrs. Berberich was accompanied by her other two children.

About 6 o'clock, while Mrs. Berberich was drinking a cup of coffee, the child is supposed to have strayed from her. It was only a minute or so until Mrs. Berberich discovered that Lester was missing. An alarm was at once sounded and a search started that lasted for over three hours, but no trace of the child could be found.

The parents of the child fear he has been kidnaped. He is a handsome little fellow with long brown curls falling over his shoulders. He wore a blue blouse and knickerbocker suit.

MRS. MILLER MAKES DEFENSE IN LUNACY CASE

Witnesses Indicate Belief in Respondent's Sanity.

COURT RULES OUT EXPERT TESTIMONY

[SPECIAL TELEGRAM TO THE GAZETTE.]

Franklin, Pa., July 23.—There was but one development of importance in today's session of the Miller lunacy commission, and that was the weakness of the case presented in behalf of the respondent, Mrs. Miller. Even many of the friends of Mrs. Miller expressed their surprise at the weak defense presented.

Two witnesses were called as experts, only one of whom was allowed to give his opinion as to the condition of Mrs. Miller's mind. The other witness was adjudged incompetent by Commissioner Hughes to give an expert opinion. The testimony of other witnesses called by Mrs. Miller's counsel was regarded of such little importance by Gen. Miller's counsel that the privilege of cross-examination was waived.

The taking of testimony today was slow and tedious work and not a great deal of progress was made, although a larger number of witnesses was disposed of than on any previous day. Counsel for Gen. Miller had great difficulty in handling witnesses and more than half a dozen times, when witnesses and counsel for both sides were all trying to be heard at the same time, Commissioner Hughes was compelled to bring down his gavel with much force. Mrs. Miller was present today, but her husband was not.

Dr. Nicholson Recalled.

The first witness today was Dr. William Nicholson, who was recalled for cross-examination. Yesterday he testified that Mrs. Miller was of sound mind. Asked by Gen. Miller's counsel on what he based his opinion, the witness stated that he based it on an hour's conversation with her. He said on that occasion Mrs. Miller displayed keen perception, continuity of thought and good reasoning powers. In explaining what he meant by his testimony of yesterday that Mrs. Miller should have some care, Dr. Nicholson said that such care should be co-operative, with the sanction of the patient, or otherwise it would prove disastrous.

Dr. Stephen Bredin, who has made a study of insanity, testified that Mrs. Miller called on him two weeks ago and that he had an interview with her with a view to determining her mental condition. He found her to be mentally sound. She talked rationally, and displayed a remarkably good memory. Dr. Bredin said that Mrs. Miller did not speak unkindly of her husband, but complained of the treatment she received from the nurses.

On cross-examination the fact was brought out that Mrs. Miller told Dr. Bredin that two years ago her mind became unbalanced during a religious revival. Dr. Bredin also stated that any such attack of insanity was liable to recur.

Witness Was Incompetent.

Dr. W. F. Myers, a practicing physician of Franklin, was the first witness called in the afternoon. He said that since the institution of the present proceedings Mrs. Miller had called at his office for the purpose of having her mental condition investigated. He said he talked with her for nearly an hour on several topics.

Dr. Myers was asked by counsel as to his opinion concerning Mrs. Miller's sanity, but the attorneys on the opposing side objected for the reason that Dr. Myers had not made insanity a special study, and Comissioner Hughes ruled that the witness was incompetent.

The Hon. Samuel Plumer McCalmont, an attorney of Franklin, was next called. He said that Mrs. Miller had come to him three weeks ago with the complaint that she was being misused by her nurses and wanted him to begin action to rid her of them. Gen. Miller's counsel objected to the testimony of Mr. McCalmont for the reason that he was divulging confidential communications between attorney and client, but the commissioner ruled that as long as Mrs. Miller had no objections to the revelation of such communications the testimony of the witness would be admitted.

Mr. McCalmont then related the taking of her case and the turning of it over to his son and the Hon. James D. Hancock. Concerning Mrs. Miller's conduct the witness said that she was a refined, educated

BISHOP PHELAN IS PERSUADED TO VISIT A STUDIO

How Aged Head of the Catholic Church in Pittsburgh Diocese Looks.

NEARING AN ANNIVERSARY

Before accompanying the clergy of the Roman Catholic diocese of Pittsburgh to the retreat at Loretto, last Monday, the Rev. Father Canevin, rector of St. Paul's cathedral, and the Rev. Father William Kittell, chancellor of the diocese, induced the Rt. Rev. Bishop Richard Phelan to take a walk downtown, just to let the people know that the rheumatism has not yet conquered his physical nature.

Fortunately it was one of those days when rheumatics are in the best of spirits. The priests knows this and finally persuaded the venerable bishop to go to the Rosser studio. The result of this quiet diversion is the accompanying excellent likeness of the head of the Catholic church in these parts, which The Gazette publishes for the first time.

It shows Bishop Phelan as he is today, with the weight of 75 years on his shoulders, besides the cares of a diocese, one of the largest in the United States. A week from next Saturday the bishop will have been wearing the pectoral cross for 18 years, he having been consecrated coadjutor bishop of Pittsburgh with the right of succession on August 2, 1885.

The cares of this large diocese, together with the ailments peculiar to advanced years, have, as will be seen, left their imprint on his features. Withal the bishop has been enjoying fairly good health for the past few months, and sick, or not sick, still has a watchful eye over every part of his diocese.

Bishop Phelan has been peculiarly a home bishop; that is to say, his whole life-work has been the care of his flock. He never took an active interest in civic affairs, and has rarely been seen abroad among the people on gala days. This peculiar trait, to a certain extent, has kept the bishop aloof from the world for over 48 years. Although, apparently indifferent to the world about him, and of a retiring nature, the bishop is easily approached, and when one has left him one is convinced that he is interested in the world around him, though the cares of his flock are foremost in his mind.

Across the way from the cathedral residence is a common every-day barber shop, where one may get cleaned from ear to ear for a dime. When the bishop is well he can be found in one of the chairs of this establishment three and four times a week. The artists of this barber shop say he is always in fine humor and enjoys a good joke.

The Orphan asylum is the bishop's heart charity. With the completion of the new institution at Idlewood he saw the consummation of one of his great works. It is not unlikely that he will have a co-adjutor bishop before long. Negotiations to that end are now in progress at Rome.

ANOTHER ARREST EXPECTED.

New Sensation Promised in Greensburg Bond Mystery.

GREENSBURG, PA., July 23.—(Special.)—The probabilities are that another sensational arrest will be made within 24 hours in the Byers bond mystery. Soon after the bonds and money were found to be missing a leading member of the Westmoreland bar, a Republican politician of some note, declared that he knew where the bonds could be found for $25,000. After the arrest of Attorney Byers this politician was pressed for an explanation, but would say nothing except that a Pittsburgh client of his had the information. Threats are made of the arrest of these persons on a charge of conspiracy to defraud.

Attorney Byers still maintains that the bonds are in safe hands and that, whenever old Mr. Byers proves beyond a doubt that he is legally entitled to their possession they will be promptly turned over to him.

Talk of Pennypacker's Successor.

PHILADELPHIA, July 24.—(Special.)—I. W. Durham returned to this city last evening from Hot Springs, Va., and had a conference with Judge Pennypacker. He will meet a number of members of the bar tomorrow and look over the matter of the selection of a Republican to succeed Judge Pennypacker. Judge Pennypacker will resign before the first of the month.

Tracy is Debonair.

TACOMA, WASH., July 23.—Harry Tracy, the outlaw, appeared at Miller's logging camp, four miles from Kansaskat, yesterday, and ate dinner. Tracy is not wounded and looks fresh and rested. He is wearing a derby hat, but he had a slough hat in his pocket. He still has his rifle and two revolvers, and has a good supply of ammunition.

CARELESS USE OF OPEN LAMPS WAS GENERAL

Consensus of Testimony at First Day's Hearing in Coroner's Investigation of Rolling Mill Mine Disaster at Johnstown.

FOREMEN WERE NEGLIGENT ABOUT DANGER SIGNALS

By GIBBONS MARSH,
Staff Correspondent.

Johnstown, Pa., July 23.—The coronial investigation in the Rolling Mill mine disaster of July 10, in which 112 miners perished, was commenced this morning at 9:30 o'clock in the G. A. R. hall. During the day 10 witnesses were examined by Coroner E. L. Miller.

These witnesses, with one exception, were foreigners, and from their testimony the mine was operated in a rather careless manner. Naked lamps were used in parts of the Klondyke section, where there was an abundance of gas. In addition to this the testimony showed the miners were searched in a careless manner before they entered the treacherous headings and rooms. Safety lamps were seldom used. The fire bosses failed to instruct the miners about entering gas-affected rooms when it was known to them that quantities of the carbonic matter was there. It was also shown that these foremen were negligent about placing the danger signals at the entrance of these places. Some of the witnesses testified they were never instructed about the danger signals.

Twenty Nine Lives Sacrificed.

Tony Bohler, one of the miners who was rescued from No. 4 heading, right where 29 men died of suffocation, told the coroner's jury if these men had been supplied with safety lamps they would all have been able to escape.

There was a large gathering outside of the G. A. R. building when Coroner Miller entered. To avoid congestion he limited the number of spectators to 50. Seventy witnesses have been summoned. Coroner Miller ordered the roll call for the jury. Six men answered to their names in the following order: John H. Horrocks, Thomas S. Siebert, George M. Harshberger, John A. James, Evan Davis and J. S. Smith. Before administering the oath to the jury Coroner Miller ordered the list of the dead miners read. The six men were then sworn.

There were a number of clergymen present. Chief Mine Inspector J. E. Roderick and his four assistants, Joseph Williams, Josiah T. Evans, C. B. Ross and J. G. Roby, took seats about a writing table and awaited the coroner to call the witnesses.

Jacob Brosch was the first witness sworn. He said he had worked in the ill-fated Klondyke section for five years. He was in the night shift and left the mine at 2 o'clock on July 10. He worked in No. 6 heading right and said he knew there was a great deal of gas in this heading.

He Saw Open Lamps.

He used a safety lamp, but said he had seen men work in this heading with open lights. Sometimes the safety lamps were locked, but frequently they were not. Blasts were put off by miners in the most reckless manner. He said he was searched at the fire bosses' shanty for matches, but he frequently took them in the heading undetected.

John Wilthowski was the next witness sworn and his testimony was similar to that of Jacob Brosch.

The testimony of Herman Schonek was somewhat sensational. He said he had seen miners remove the danger signals.

Valentine Salla testified that he was in the mine at the time of the explosion. He felt the air of the explosion. His ears seemed to close. He became unconscious and remembered nothing more until he was taken out. At the afternoon session John Basista testified that he worked in No. 4 heading right and there was considerable gas there. In rooms 4, 5 and 6 there was always some gas. Open lights were taken in there. No one even warned him about the danger of open lights. He said the danger signals were placed within four feet of "falls," where there is always a quantity of gas, yet miners would walk right up to these signs with open lights.

Never Offered Safety Lamp.

Julius Babusocka testified he had used open lights in gas headings. He said he was never offered a safety lamp. District Attorney M. B. Stevens asked him if the fire bosses made daily tests in that heading. He said they had, but never instructed him.

George Begle, gauger of cars, said he had been in No. 6 heading about half an hour before the explosion took place there. He was in the mine office when he heard it. Inspector Ross asked him if he saw any men working with open lights in rooms 2 and 4 in that heading. He said that he had. He told the jury there was gas in this heading, but that he saw no danger signs there. Rudolph Havel, supply clerk, who was rescued from the mine, said he sold 250 pounds of powder to the miners every day. He never knew the miners to blast where there was gas.

Tony Bohler was then sworn. He said he had worked in the mine only two days. He had been away for several years, but prior to that had worked in the mine four years. No danger signs were seen by him in No. 6 heading on the day of the explosion. He was with the unfortunate miners in No. 4 heading right, who were suffocated. Twenty-nine men were found dead in this place. He led those men from No. 4 heading to No. 5 through the "dog hole."

Lost in the Darkness.

After the explosion he told the men to blow out their lights, as it might cause another explosion. They did this and lighted them again in an hour. The afterdamp then came upon them and they put the lights out. With his brother and another miner they turned on the compressed air pipes and were saved from suffocation. The other miners perished a short distance from them.

"If the men had been supplied with safety lamps we could have found our way out of the mine," he said. "In the darkness the men became bewildered."

Victor Bohler, his brother, was sworn. He was with the large number of men who perished in this heading.

"I heard the men say that if they ever got out of the mine they would never go back," he said.

Bohler testified there was a great deal of gas in this section. He did not see any danger signs in this heading and the men worked there with open lights. The fire boss had never warned him of dangerous places.

Dr. George W. Waggoner told the jury how he aided in the rescue of the men.

W. H. Morris, superintendent of Merchants Coal Company at Boswell, was then sworn. He was superintendent of the Rolling Mill mine for 10 years.

Miners Violate Rules.

The mine was always troubled with gas, he said. He said he knew the miners to violate the rules of the mine while he was there. They broke open safety lamps, walked past the danger signs and committed other violations.

Inspector Ross asked Supt. Morris what he did with these men.

"Promptly discharged them," he replied.

"Is that all you did?" asked Inspector Ross. "You know those men could have been punished."

Supt. Morris read some correspondence that he had with Chief Engineer Marshall Moore after the Braznell disaster. He said there was harmony among the fire bosses in the Rolling Mill mine while he was there. There was some dissension among the bosses after he left.

Coroner Miller then adjourned the inquest until 9 o'clock tomorrow morning.

AMERICAN BANDITS ROB MEXICAN TRAIN

Force Express Messenger to Open Safe and Secure $53,000—Their Capture Is Improbable.

[SPECIAL TELEGRAM TO THE GAZETTE.]

EL PASO, TEX., July 23.—The north-bound passenger train on the Mexican Central railway which arrived here tonight was held up by three American bandits early yesterday near Bermeillo, Mexico, and the Wells-Fargo express car was robbed of $53,000.

The robbery was cleverly planned. One of the outlaws boarded the train at the station and became engaged in a controversy with the conductor about his ticket. The conductor, after a heated argument, stopped the train to eject the passenger.

As the train slowed up the other robbers sprang into the express car and with drawn weapons compelled the messenger to open the safe. They took all the funds and vanished into the night.

The three outlaws are well mounted and heavily armed. Their capture is improbable.

WOULD SHELVE PLAN.

U. S. Steel Corporation Directors Believe in Dropping Scheme for Stock Conversion.

NEW YORK, July 23.—(Special.)—Among several influential directors of the United States Steel Corporation and other large stockholders there has been discussed within the last few days a proposition to abandon the plan to retire $200,000,000 of the preferred stock, which was formally approved by the stockholders, but which has since been temporarily enjoined by the New Jersey courts.

Nothing formal has as yet been done by those directors who believe in the abandonment of the plan, nor have they decided to introduce a resolution to this effect at the next meeting of the directors.

It is a fact, nevertheless, that several directors of the big steel combination openly express the opinion that it would be a wise and conservative step to shelve the stock conversion plan, in view of the opposition which has been created.

PIONEER POTTER DEAD.

Isaac W. Knowles of East Liverpool Passes Away in California.

EAST LIVERPOOL, O., July 23.—(Special.)—Isaac W. Knowles died this morning from paralysis at the home of his son, Willis S. Knowles of Monticello, Cal. Mr. Knowles was the last of the pioneer pottery manufacturers of East Liverpool and the founder of the Knowles, Taylor & Knowles Pottery Company. He began the business on a very small scale in 1854. A few years later he bought out his partner and the business has since been practically in the hands of members of the Knowles family. The present company, capitalized at $1,000,000, was chartered in 1891 with Mr. Knowles as vice president and one of the directors and principal stockholders. He then retired from active business, though he had maintained his interest in the concern.

Mr. Knowles invented a number of devices now in general use in the potteries of the country. He was born near Beaver, Pa., in 1819, but came to East Liverpool while a young man. He was a member of the First Methodist church, a lifelong Republican and a public-spirited and charitable citizen. He was twice married, his second wife surviving him. He was the father of the following children: Willis S. Knowles of Montecillo, Cal.; Mrs. Joseph G. Lee, Elvina C., wife of Col. John N. Taylor of this city; Mary Z., wife of Dr. D. N. Stafford of New Jersey; Edwin M. Knowles of the Edwin M. Knowles China Company of East Liverpool; and Mrs. Alice M. Downing of London, O.

PRESIDENT IS DISPLEASED THAT MOTIVE IS MALIGNED.

OYSTER BAY, N. Y., July 23.—President Roosevelt is displeased by a misinterpretation of his motives in accepting invitations to meet and speak to the people of several sections of the country this fall. It has been announced in some places that Mr. Roosevelt is to make a campaign, particularly in New York, with the idea of offsetting any aggressive opposition to his political views. It can be said that he has no such intention. Such invitations to speak as he has accepted have come from people representing all shades of political opinion. While his addresses will be along Republican lines so far as they may relate to politics, they will not be political speeches.

ACHSAH KING,

President Takes Up Philippine Situation With Former Member of Commission.

PLATT TO VISIT THE BAY

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Oyster Bay, N. Y., July 23.—The president entertained at luncheon today President Jacob Gould Schurman of Cornell university, President Nicholas Murray Butler of Columbia university and Capt. F. Norton Goddard of New York, who long has been identified with civic reform in New York. President Schurman is passing the summer at his country home near here and President Butler came to spend the day with the president at Sagamore hill.

During the afternoon the president and Prof. Schurman had a talk about the Philippine situation, going over the subject with some care. President Schurman on the 4th of August is to deliver an address at Chautauqua, in which he will deal pretty fully with the Philippine situation as he views it. It is understood that he regards it as likely that the subject will resolve itself into a condition entirely satisfactory to the Filipinos in a comparatively brief time, as the Philippine government law recently enacted by congress will enable the natives to participate in their home affairs and in a short time enjoy practically home rule, so far, at least, as their municipal governments are concerned. It is not improbable that President Schurman may elaborate this point in his Chautauqua speech.

President Butler will remain the guest of the president until tomorrow.

The president today received T. B. M. Addis, secretary and general agent of the City Municipal association of Philadelphia, who caled to enter a complaint on behalf of the association against Wm. McCoach, collector of internal revenue, First district of Pennsylvania, who, it was stated, is also a member of the city council. No action was taken.

William H. Moody, secretary of the navy, is expected to arrive at Sagamore hill Friday. Senator Platt of New York will visit the president probably on the 30th inst., coming to Oyster Bay in accordance with previous arrangements on the yacht Mayflower.

REDUCTION SPURNED.

Tin Workers Refuse to Accept Terms Offered in Order to Undertake Big Contract.

ELWOOD, IND., July 23.—Great pressure was brought to bear today, without the desired result, to have the Amalgamated Association of Iron and Steel Workers accept the 25 per cent reduction in wages in order that the American Tin Plate Company may secure an order of 1,500,000 boxes of tin from the Standard Oil Company. President Shaffer and Secretary Williams arrived today and the American Tin Plate Company plant was closed in order to give the 400 members of the Amalgamated association the chance to meet with the representatives of the company and the national officers.

The meeting lasted four hours, and despite the fact that President Shaffer advised the men to accept the reduction they refused to reverse their former action. The national officers, seeing the utter futility of bringing the men to an understanding with the company, left the hall before the meeting was half over and took the first train for Pittsburgh.

There is now no probability that the men will accept the company's proposition, and they say that had a vote been taken this afternoon the number of men arrayed against accepting a reduction would have been even greater than at the former meeting.

HAD STRANGE EXPERIENCE

Paymaster for Confluence Contractors Found Injured With Money Intact.

CUMBERLAND, MD., July 23.—(Special.)—A man giving his name as H. A. McGrath and his home as No. 1631 Chestnut street, Philadelphia, was taken in charge by the police yesterday. When searched an envelope was found containing a large sum of money, pay envelopes and checks.

Today it developed that McGrath had gone to Confluence, Pa., Saturday, to act as timekeeper for Clemmings & Co., Baltimore & Ohio railroad contractors, and on Sunday was sent to pay off the men at Rockwood.

How he got here McGrath does not know. He cannot give any account of himself. He has a cut in the back of his head, which may account for his condition. The money was all intact except $10, supposed to have been in one of the envelopes. The man is well dressed and perfectly sober. He will be held until his condition warrants his release. The money has been returned to Clemming & Co.

MURDERER CUT WOMAN'S THROAT IN A BARROOM

Achsah King Killed by Unknown Man Probably from Jealousy.

POLICE HEAR STORY OF AN EYE WITNESS

Achsah, better known among her associates as Agnes King, 30 years old, was murdered in the back room of William Curran's saloon at Sixth and Wylie avenues about 5:10 o'clock last night. Two wounds were inflicted by a knife in her neck. The second wound severed the jugular vein and the woman bled to death.

Her murderer escaped by a rear door. He is believed to be Stanley or Strickler Rathmerel, and he was arrested at McKeesport shortly before 1 o'clock this morning. He denies that he killed the woman, and says he can prove an alibi.

Five persons are locked up in the Central police station, held as witnesses. They are James Williams, porter of Curran's saloon, who is supposed to know something about the tragedy; John and Frank Curran, sons of the proprietor of the place, who tended bar; Mary Reed, otherwise known as Nellie Reese of No. 27 Ross street, who was in the saloon drinking at the time the murder was committed, and Lena Stewart of No. 119 Henderson street, Allegheny, a friend of the murdered woman.

Drinking Heavily.

The King woman was for some time employed as a cook at the Young Men's Tariff club, in Sixth avenue. She left her position last Monday, and did not return to work the following day. According to her friends, whom the police closely questioned last night, the woman had been drinking heavily for the past three days.

It is said she had a friend named James Stanton, for whom the police are looking. His description follows: About 5 feet 10 inches tall, weighs about 170 pounds, has a rather dark complexion; when last seen wore a black slouch hat, a black suit and was dressed very slovenly. He had on a white and black striped negligee shirt, a plaid string necktie and wore black shoes.

Stanton is said to be a waiter in a saloon in Diamond street and to have been infatuated with the woman for many months.

About 5 o'clock last evening Mrs. Steger, who lives at No. 512 High street, saw the King woman coming down Wylie avenue with two men. One of these is said to have been James Williams, porter at Curran's saloon, but he denied last night that he had seen the woman since morning. The other is the man suspected of the murder.

Attracted Attention.

The trio appeared a little intoxicated. They attracted attention in Wylie avenue, and just before Curran's saloon was reached knocked over a basket of potatoes in front of a grocery store.

When they came to the saloon they separated. The King woman went in by the rear door. In the saloon, when she entered, was Mary Reed, also known as Nellie Reese. She told the following story to Superintendent of Police John McAleese:

"I had entered the saloon by the rear door a few minutes before 5 o'clock. I took a seat at a table not far from the door. The room is small and is frequented by men and women, both white and black. I did not know the King woman. She was neatly dressed, having on a black hat, light shirt waist with a blue stripe, dark blue skirt, black laced shoes and black stockings.

"She had blonde hair, rather dark blue eyes, and looked to me to be about 30 years of age. As she came through the door she staggered somewhat, showing she was under the influence of liquor, and she sat down at a table about six feet from me.

Tale of Eye-Witness.

"Presently a man came in the room and walked over to her. The man said, as he approached the woman:

"'Oh, it's you, is it?' There was no reply.

"'Are you going to keep up that bluff?' he angrily demanded. The woman looked into his face and said in a loud voice, 'No.'

"'Are you sure you're not?' he persisted.

"'No,' again replied the woman.

"'Take that!' said the man, as he jabbed at the woman's neck.

"I did not see him pull a knife or razor.

TWO HUNDRED BALLOTS LED TO NO CHOICE

Salem Convention Is in Deadlock on Tayler's Successor.

GIVES REASON FOR RETIREMENT

Congressman Desires to Devote His Time to Legal Profession.

PLATFORM INDORSES PRESIDENT ROOSEVELT

[SPECIAL TELEGRAM TO THE GAZETTE.]

Salem, O., July 23.—Two hundred ballots were taken today and tonight by the Republican convention of the Eighteenth Ohio congressional district without result in an effort to nominate a successor to Congressman R. W. Tayler. The last ballot taken at the night session stood precisely as did the first, as follows: Charles S. Speaker, 99; James S. Kennedy, 89; T. H. Smith, 64; J. J. Grant, 47; W. H. Phelps, 25; necessary to a choice, 163. The convention will reconvene tomorrow morning.

Judge J. P. Fawcett of Canton, after calling the convention to order at 11:30 a. m., introduced the Hon. R. W. Tayler, whose rejection of the nomination for a fifth term, which had been unanimously tendered to him, furnished the reason for calling this convention. In his address upon accepting the chairmanship of the convention Mr. Tayler said in part:

"The circumstances under which we gather and my relation to them make it proper and indeed necessary that I should say something to you of a personal nature. For nearly eight years I have been representing you and those for whom you are delegated to speak, in the congress of the United States; a few weeks ago in the most complimentary and gratifying manner for the fifth time you nominated me as your candidate for congress.

Cause for Retirement.

"Such were the circumstances of that nomination; such were the expressions which, on every hand, came to me, that it seemed as reasonably certain as anything political could be, that I might harbor the just expectation of succeeding nominations to come in the same manner.

"Comparing political conditions and my own relation to them with the history of the preceding eight years as they affected me, and judging political affairs in the light o fthat experience, I couud not deny that in the future my political path would be easier than I had before known. Three weeks later I announced my determination to decline the nomination thus generously given me. It is but to you to say why I did so. There was and is nothing mysterious or sinister about it. If in my political career I have been misunderstood, it has been because some other motive was sought other than that which appeared on the surface. Devious and mysterious ways are not to my liking, not so much for any moral phase or aspect they may present, as, because they are complicating and embarrassing, and, in the long run, less effective than simplicity and directness.

"I declined to continue in congress simply because I could not afford to remain longer in public service. Congressional work was an is congenial to me. I do not leave public life with any contempt for it or with any distaste for it. But no man can serve two masters. A lawyer cannot serve his constituents and his country faithfully. At least he cannot do so when, after three or four terms spent in congress, he discovers that his public duties, as distinguished from those which relate merely to his constituents, become so absorbing and important as to demand not only his time, and all of it, but also his whole soul and his constant attention.

Must Decide at Once.

"And so I knew as well as I could know anything that the time I should hereafter spend in congress would be so occupied and engrossed by official duties as to leave neither time nor inclination to pursue my profession.

"Within less than two weeks after my nomination these facts impressed themselves on my mind most vigorously because of the matter and import of my fifth nomination. And at the same time certain professional opportunities presented themselves, which forced upon me the necessity of deciding, and deciding at once, whether I should devote myself to a political career and abandon my profession, or whether I should abandon politics and devote myself to my profession wherein I knew that the labors and responsibilities would be lighter and the pecuniary rewards much greater. If I had been otherwise circumstanced than I find myself to be I would not have put the pecuniary reward higher than a desire to serve you and my country. But there are some things which duty to one's self and the peace of mind which one covets for his declining years compels one to do and this I have done.

"To be perfectly frank with you, the apprehension that some time in the natural course of events I should probably retire from public life, with a political career prematurely ended and out of touch with my profession and unfitted for its exacting demands, was an apprehension which I could not philosophically face and which I determined not to face, in so determining I know I displeased many friends and disappointed many more. Perhaps my enemies are pleased, but I do not know that I have an enemy.

Nominee Sure to Win.

"You are here to nominate my successor, and your nominee will as surely be my successor as that the world should survive until the next election. Our party is united, our district is stronger in the Republican faith than ever before. Our people were never so prosperous, and, therefore, they were never so Republican. True, the great advance agent of that prosperity has gone to his last and great reward; yet though McKinley is dead, the great principles for which he gave the best years of his life still survive to inspire his people and assure their happiness. Great issues have in the past eight years developed; great questions has the Republican party answered. It has answered them with conscience, with courage and with wisdom. I have no profounder conviction than that McKinley blazed the way; McKinley laid the foundation deep and strong and endearing, and able and loyal men are bravely continuing the work. With Taft in the Philippines and Roosevelt in the White House, all will be well. There is much to do. There is still great work to perform, and my successor must do his part. He will not be permitted to forget that he comes from an historic district, and that he must be inspired by the example of McKinley and be ambitious to emulate his usefulness."

Contrary to expectations there were no contests to seats by delegates from two precincts in Canton, where W. H. Phelps, the Alliance candidate, had claimed his men had been counted out. And after reconvening at 2:30 p. m., the temporary organization was made permanent, and the following platform was adopted:

Roosevelt Is Indorsed.

The Republicans of the Eighteenth Ohio district in representative convention assembled reaffirm the principles drafted in the national Republican convention of 1900 in the city of Philadelphia; and the principles declared in the platform adopted by the Republicans of Ohio in the Cleveland convention of 1902, and the Alliance congressional convention of May 6, 1902.

We cordially indorse the administration of President Roosevelt, who has given evidence of his earnest and devoted desire to carry out the principles of the Republican party as enunciated in the national platforms and as administered by his predecessor, whose untimely death we deeply deplore. The administration of the affairs of the state of Ohio by Gov. Geo. K. Nash and the state officers associated with him, one of whom we have the pleasure of claiming as a citizen of this district, calls for our most hearty commendation, and we desire to express at this time our complete and entire confidence in Gov. Nash to administer the affairs of this great commonwealth to the best interests of its citizens.

We congratulate the people of Ohio and this district on their being represented in the United States senate by two such eminent statesmen and fearless leaders as Senators Foraker and Hanna.

Resolved, That in the voluntary withdrawal of the Hon. Robert W. Tayler from congress after an unopposed renomination, the Eighteenth district loses a representative of high ability and important achievement. His clear perception, balanced judgment and courage drew attention to him in the congress of the United States as a member of exceptional equipment and resulted in his being entrusted with unusually weighty and important duties at an early period of his incumbency of the office. These, and all other duties which have devolved upon him, he has performed in a way to bring distinction upon himself, the district and the country.

Resolved, That Mr. Tayler's withdrawal from public life when he had laid broad foundations for wide and growing usefulness, and the country was rapidly learning to appreciate his qualifications for high places and important trusts, is greatly regretted by his constituents of the Eighteenth district, and they look forward with confidence to his being called to a more important position in the future.

Speaker was nominated by Judge Warren W. Hole of this city, Kennedy by Judge Arrel of Youngstown, Phelps by D. E. Rogers of Alliance, Smith by Judge Fawcett of Canton, and Grant by Judge Baldwin of Canton. Sixty-eight ballots were taken previous to recess at 6 o'clock, each one resulting: Speaker, 99; Kennedy, 80; Grant, 47; Smith, 64; Phelps, 25.

Fully 200 people are here from Lisbon, Canton, Youngstown, Massillon and Alliance rooting for their respective candidates.

CONCESSIONS PROMISED.

Pennsylvania Company and New York Aldermen Will Get Together on Tunnel Franchise Question.

NEW YORK, July 23.—(Special.)—It was rendered practically certain by the developments in the tunnel situation today that the tremendous improvements that have been planned in the transit facilities of the city will not be held up by the refusal of the board of aldermen to approve the Pennsylvania tunnel franchise, or by the struggle between the Rapid Transit Subway Construction Company and the Brooklyn Rapid Transit Company for the right to build the Brooklyn tunnel subway.

Mutual concessions will be made by the Pennsylvania Railroad Company and Rapid Transit commission on one side and the leaders of the board of aldermen on the other which will insure the approval of the Pennsylvania franchise.

Killed His Third Man.

SAVANNAH, GA., July 23.—News reached here tonight from Aiken, S. C., that Deputy Sheriff Ahl of Aiken county, S. C., was killed last night by the desperado Johnson, alias Jeffcoat, who four months ago killed a man named Wilson at Hernandonga, and on July 16 killed Deputy Sheriff Joe Flanders, who tried to arrest him near Midville, Ga.

New King of Saxony Ill.

DRESDEN, July 23.—King George of Saxony, who succeeded to the throne June 19 last on the death of his brother Albert, is suffering from pneumonia.

THE WEATHER.

Fair.

The weather in this section will be fair for the next two days, according to the forecast of the Washington observer. The clear atmosphere and bright sunshine of yesterday sent the mercury up several degrees higher than on Tuesday, and it is probable that with another day of sunshine the mercury will be in the neighborhood of 90 by tomorrow evening. Yesterday's maximum temperature was 82 degrees and the minimum 58.

The Gazette weather service thermometers at Kaufmann's corner at the following hours yesterday registered:

WITNESS TRIES TO GIVE MOTIVE FOR THE CRIME

Declared He Was Employed by Latimer to Watch His Wife's Movements.

GIVEN LITTLE CREDENCE

Coroner Made No Effort to Get Statement from Wounded Man—Jury's Verdict That He Was Shot by an Unknown.

New York, July 23.—Albert C. Latimer's murder remains an impenetrable mystery. At the conclusion of the inquest before Coroner Williams in Brooklyn today the jury had listened to the mass of conflicting evidence gathered by the police was able to find merely that Mr. Latimer had been killed.

There was but one reason for the jurors to hesitate before rendering a verdict, and that was the failure to obtain an ante-mortem statement from the dying man. The coroners, who had full authority to act, and who could not have been prevented from entering the room where Mr. Latimer lay, contented themselves with calling the hospital occasionally on the telephone and making the request that they be notified whenever the injured man's condition would permit him to disclose the circumstances of the shooting. They were never called to the hospital and Mr. Latimer died after intimating to persons at his bedside that he had been shot by somebody he knew.

The jurors found that a statement should have been obtained, but that the evidence did not show who should be censured. Upon the main issue the jury could do nothing but find that the fatal shot had been fired by an unknown person.

Attempt to Show Motive.

A serious attempt was made today to show a motive for the crime and to prove that Mr. Latimer feared that he would be killed long before he was. The new witness was Henry Parker of No. 219 East Eighty-second street, Manhattan.

"Latimer told me he wanted to get evidence against his wife for unfaithfulness with a man whose name was given by Mr. Latimer as Tuthill," Parker testified. "On May 2 of this year I went with Mr. Latimer to Tuthill's residence in Vanderbilt avenue, and there I was told by Mr. Latimer that it was Tuthill's house and I was to keep a watch on it and report Tuthill's movements. On May 4 I saw Tuthill go to Latimer's house at about 5:30 or 6 o'clock. Latimer was accustomed to reach home as late as 6:30 or 7 o'clock."

Parker testified that on one occasion Tuthill went to see Mrs. Latimer at her home and remained there until the middle of the afternoon.

Before Parker left the stand District Attorney Clarke made the following statement:

Latimer Expected Death.

"I have had no conversation with this witness, but I understand that he can testify that the deceased told him that in case of his death he would know who killed him, mentioning the name of two persons. Now this is hearsay and not admissible under the laws of evidence."

The police gave Parker scanty consideration. District Attorney Clarke showed the utmost distrust, while Mr. Latimer's brothers did not hesitate to denounce his testimony as a baseless fabrication.

"He deserves a horsewhipping," was William C. Latimer's comment.

Maggie Fitzgerald, a servant employed in a house near Latimers, said that after the shooting she saw a man she thought was Latimer go to a window and call for help. She also testified that about the time the police arrived she saw a man on the roof of the Latimer house.

FOR BIG RESERVOIR.

Over 32,000 Square Miles of Land in Colorado and Nebraska Withdrawn from Public Entry.

STERLING, COL., July 23.—Telegraphic orders were received today by the local United States land office from the interior department at Washington withdrawing 890 townships, embracing land located in Weld, Washington, Logan and Sedgwick counties, Colorado, and Cheyenne county, Nebraska, from public entry. This land is located on the north side of the South Platte river.

It is believed that Chief Hydrographer Newell has recommended to the interior department that this land be set aside for the first great national reservoir under the new irrigation law. The preliminary survey will begin at once. If this survey shall be finally approved at Washington the building of the reservoir by the government will begin soon.

SHICKLES IS GALLAGHER.

Altoona Motorman Disappears When Told He Looked Like Picture of a Murderer.

ALTOONA, PA., July 23.—(Special.)—Charles Shickles, alias John Gallagher, alias Dunn, and several other things, for whom the Taunton, Mass., authorities offer $500 reward, has been spending three months quietly in this city following the employment of a motorman. Shickles murdered his wife and her brother three years ago and was never captured.

While at dinner yesterday some street car men were discussing a description and picture of the Taunton murderer posted at the street car barn.

"Why, the fellow looks exactly like you, Charlie," said one of the men.

Shickles turned pale and left the table and city, not stopping to draw his pay. A girl with whom he was very friendly was shown the picture today and said Gallagher, the Taunton murderer, and Shickles were the same person.

Threatened the Preacher.

William Brown, colored, of No. 1811 Center avenue, was locked in No. 2 police station yesterday at the request of his wife, who says that he is demented. She claims that yesterday morning at breakfast he threatened to cut the Rev. J. G. Ross, who lives with them, if he did not leave the house at once. She also says that he tried to jump from a third story window yesterday.

Laborer Found Dead.

Carl Wylie was found dead in a field at Cecil station, the the Panhandle railroad yesterday afternoon. He was a laborer, 40 years old, and lived at Bishop station.

Notice of Thanks.

The thanks of the family of the late Jacob L. Haule, whose funeral occurred on Wednesday, July 23, are due to representatives of the following named organizations for the sympathy shown by attending the funeral services: William Tell lodge No. 45, I. O. O. F., the West End Maennerchor, the Pittsburgh Brewing Company, the Male Beneficial union of the G. V. E. P. church, Thirty-sixth ward; the German Beneficial union, District No. 8, Thirty-sixth ward; the West End Conclave, No. 77, I. O. H.; the V. Bet Fishing club; the Allegheny County Liquor Dealers Protective association and the German Building & Loan association of the Thirty-sixth ward.

Thanks are also tendered to the Rev. Mr. Berigand and the Rev. Dr. E. R. Donehoo, who so kindly officiated and whose sympathetic words so softened the grief of the family and friends.

UNLUCKY TOWBOAT GOES TO BOTTOM

ROBERT TAYLOR LOST HER MATE AND THEN WAS WRECKED.

Towboat Employed at the Government Dam at Osborne Sank Last Night After Striking a Wall—Mate John B. Connell Lost Overboard.

The towboat Robert Taylor sank in the Ohio river, above Sewickley, yesterday afternoon at 3 o'clock. The crew reached the bank in safety. The boat now lies on an even keel with the water over her roof. She is out of the channel, and thus will be no obstruction to the coal fleet now going out.

Fifteen hours prior to her sinking the Taylor lost her mate. Tuesday about midnight Mate John B. Connell was looking about the boat to see that all the lines were right, as the boat was pulling hard owing to the rising river. While walking aft on the guard he was seen to stumble over a line, and to fall between the boat and some barges. An effort was made to recover the body but it was futile, owing to the rapid current.

Connell was about 40 years of age and a well-known riverman. He leaves a wife and six children in McKeesport. The body was undoubtedly washed far down the river and may not be recovered for a long time.

Yesterday afternoon as the boat was crossing the river she struck the lower end of the long wall being built below the Osborne dam, and soon went to the bottom. The crew took to the skiffs and had but little difficulty in reaching the shore.

The Robert Taylor has been employed about the new dam at Osborne, having been chartered by the contractors. They and the government engineers are now figuring how they can get her off the bottom and at work again.

LOSS IN PHILIPPINES IS ONLY 9.7 PER CENT

Maj. Parker Compiles Some Interesting Statistics on the Casualties in the Entire War.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

WASHINGTON, July 23.—Maj. James Parker of the adjutant general's office has compiled some interesting statistics regarding the insurrection in the Philippines. There were 2,561 engagements with the enemy between February 4, 1899, and April 30, 1902, fixed as the virtual downfall of the insurrection.

The number of troops transported to the Philippines up to July 16 last was 4,135 officers and 123,803 men. The average strength was approximately 40,000.

Maj. Parker summarizes the casualties of the American army as follows: Killed or died of wounds, 69 officers and 936 enlisted men; deaths from disease, 47 officers and 2,535 enlisted men; deaths from accidents, 6 officers and 125 enlisted men; drowned, 6 officers and 257 enlisted men; suicide, 10 officers and 72 enlisted men; murdered, 1 officer and 91 enlisted men; total deaths, 139 officers and 4,016 enlisted men.

Wounded, 190 officers and 2,707 enlisted men; total, 2,897; killed and wounded and deaths other than by disease, 282 officers and 4,188 enlisted men; total, 4,470.

A large proportion of the deaths by drowning occurred in action or in active operations against the enemy. Maj. Parker makes the percentage of killed and wounded to the strength of the army 9.7.

WILL INVESTIGATE IT.

Garbage Ordinance Said to Contain Clause That Conflicts With New Charter.

The attention of the reform members of common council has been called to the clause in the garbage ordinance now pending in that branch, which provides for awarding a contract for four years. Under the new charter contracts cannot be awarded for any longer time than there is money in the treasury with which to pay for the work. As there is now not a cent in the treasury to pay for the garbage removal later than July 1 next year, and as there will not be until after the passage of the appropriation ordinance next February, it is obvious that the ordinance is useless, and that its passage at this time will only invalidate it. W. H. Stevenson of the Fourteenth ward said yesterday that this point would be thoroughly investigated by the common branch.

Rumors recurred with greater persistence yesterday that Carl F. Miller, who is handling the ordinance, has some sort of a working agreement with the Pittsburgh Reduction Company. It is known that the reduction company is not making any attempt to fight the ordinance and Miller assured one councilman that "Flinn is for it."

Controller John B. Larkin yesterday stated that he had positively neither favored the ordinance nor opposed it, and that he had nothing to do with it, further than to suggest including a clause providing a penalty in case the contract was not fulfilled.

MURDERED BY LADRONES.

Fate of Four Missing School Teachers in Philippines—Leader of the Bandits Killed.

WASHINGTON, July 23.—The war department today received the following cablegram regarding the school teachers who have been missing from Cebu since June 10:

"John E. Wells, Providence, R. I., and his cousin, Louis A. Thomas, same address; Ernst Heger, Cincinnati, O.; Clyde A. France, Berea, O., missing Cebu, murdered by Ladrones, bodies recovered. Leader murderers killed; eight others captured by the constabulary."

WILL NOT AFFECT CABLE.

Pacific Enterprise to Progress Notwithstanding Mackay's Death.

LONDON, July 23.—George G. Ward, vice president and general manager of the Commercial Cable Company, was asked today by a representative of the Associated Press what effect the death of John W. Mackay would have on the business of the company. He replied:

"I do not know who will succeed Mr. Mackay as president. You can say, however, that there will be no change of policy. The progress of the company, and particularly Mr. Mackay's plans, will be faithfully carried out. The contracts for the Pacific cable have been let and the enterprise will proceed precisely as though Mr. Mackay's death had not occurred."

King Edward Enjoys Open Deck.

LONDON, July 23.—King Edward today enjoyed the improved weather at Cowes, Isle of Wight. He spent the forenoon in an invalid chair on the open deck. He is still under the most strict supervision. The patient's diet menu is signed daily by one or the other of the royal physicians before it is submitted to the king, who submits good-naturedly to the somewhat severe regime.

THIRTY YAQUIS ARE SHOT IN COLD BLOOD

TUCSON, ARIZ., July 23.—S. N. Jacks, a merchant of Fort Worth, Tex., returning from the Yaqui river country, reports having seen 30 Yaqui Indians lined up and shot Saturday at a small town called Torrin, in Sonora. The Indians had been captured in the mountains the day before. Several of them were mere boys.

M'KEESPORT TO BOW TO STEEL CORPORATION

Belligerent Mayor and All Ready to Jollify Over New $10,000,000 Works.

BLACK CALLS A MEETING

Citizens' Committee, Which Worked to Secure a Fair-Priced Site, Urged the Mayor, and He Acquiesced. Necessary $20,000 Over-Subscribed

McKeesport will celebrate its success in securing the $10,000,000 improvements and extensions of the National tube works, which will make the city more than ever the Tube City of the world and the site of the greatest works of the kind in the world.

The citizens' committee met yesterday and found that it had more than sufficient subscriptions to make up the $20,000 excess in options over the price of $750,000 that the United States Steel Corporation has been willing to pay for the necessary ground.

Mayor R. J. Black, who a short time ago was reported as declaring that he would never sign an ordinance which proposed to transfer to the corporation for the nominal sum of $1 the site of the garbage plant located within the confines of the 36 acres needed for the tube works extensions, yesterday issued a call to citizens to meet Tuesday night of next week to arrange for a celebration over the success of McKeesport.

Want President Schwab There.

An effort will be made to have President Charles M. Schwab, of the United States Steel Corporation, and other officers of the company become guests of the city on the day of jubilation. The aims of the citizens committee are to obliterate the impression with the steel corporation officials that McKeesport is antagonistic to the corporation. It is planned to have a gigantic parade of workingmen of the city, to be reviewed by the president of the steel corporation.

Members of the McKeesport citizens' committee, which has been instrumental in accomplishing the master stroke for McKeesport, yesterday submitted the following paper to Mayor Robert J. Black:

> Hon. Robert J. Black, Mayor:
>
> Sir—We, the undersigned citizens of McKeesport, respectfully request that you, as the chief executive of the city, set aside and designate in an official proclamation a day which will be given over and devoted to public rejoicing and thanksgiving in recognition of the great good fortune that has come to the city by its selection as the site for the new $10,000,000 tube plant to be erected by the United States Steel Corporation. We further request that you appoint committees for the purpose of arranging for a public demonstration on the day selected. (Signed)

Mayor Issues a Call.

Promptly the mayor apparently changed his reported attitude toward the Steel Corporation and issued the following:

> Having received a request from a number of business men of the city for the selection of a day devoted to general rejoicing and thanksgiving over the securing of the proposed $10,000,000 tube plant, I hereby call a meeting of citizens for next Tuesday night, July 29, in Blue Ribbon hall, for the purpose of deciding on a date and the form of celebration for the occasion.
>
> (Signed) R. J. BLACK.

Ordinances will be rushed through McKeesport councils, which will meet tonight, for the vacation of all the streets and alleys in the Bowery district and the school controllers also will vacate the Riverside school property in order to place no obstacle in the way of the erection of the new tube works.

Options Are Closed.

The options held on the property required all have been closed and the owners are signing agreements of sale. Till James Evans, president of the National bank of McKeesport, took up the matter there was apparent indifference on the part of McKeesport people. There was a lack of realization that not only would the city fail to get the great new works, but that the existing works would be allowed to outlive their usefulness and subsequently be abandoned.

Aside from the property secured by the citizens' committee, there remain two properties, covering together about an acre, which the Steel Corporation people will buy themselves. The McKeesport Machine Company property, assessed at $7,500, is held by the owners at $55,000, a price which had been reduced from $65,000, first demanded from the citizens' committee. The Diamond Lumber Company asks $45,000 for its property, assessed at $11,600.

CONVENTION WAS HELD.

Colored Methodists Have Annual Sunday School Gathering.

The 11th annual convention of the African Methodist Episcopal Sunday school was held yesterday, in the Brownsville Avenue church. Mrs. Edna Bell conducted the devotional services.

A paper on "The Catechism in the Sunday School," was read by W. C. Smith. The Rev. W. B. Henderson delivered a lecture on "Liquor Traffic." The evening session was given up to devotional exercises and a paper by Miss Lizzie Brown on "How to Increase the Spiritual Influence of the Sunday School." The convention will close today with the election of officers.

Will Operate in Peru.

TRENTON, N. J., July 23.—(Special.)—The Lima Street Railway Company, a South American concern, filed articles of incorporation with the secretary of state today. It has a capital of $5,000,000 divided into 10,000 shares of $100 each, of 7 per cent preferred, and 40,000 shares of common stock. Incorporators are: Charles A. Nevill, Henry W. Carter and Charles Borth, Jersey City. Trolley lines will be built and operated in Lima, Callao, Miraflores, Barranquil and Charillos, in Peru.

Home for Universal Methodism.

LONDON, July 23.—Robert William Perks, M. P., treasurer of the Methodist million guineas fund, announced today that the Methodists had secured the Royal Aquarium theater property, facing Westminster abbey, on which they would build a great hall, which is to be called the "Central Headquarters of Universal Methodism." The price paid was £330,000.

Cardinal's Remains Lie in State.

ROME, July 23.—The remains of Cardinal Ledochowski, who died here yesterday, were laid in state this morning in the chapelle ardente of the palace of the propaganda, where they were subsequently visited by all the members of the sacred college. The chapelle ardente is now open to the public.

John Kofander Found Dead.

John Kofander, also known as John Miller, aged 35, was found dead in the rear of No. 5151 Berlin alley yesterday afternoon. He boarded at the place and has been sick for several days.

MURDERER CUT WOMAN'S THROAT IN A BARROOM

Continued from First Page.

I thought he had slapped her. Afterward the man turned around and walked leisurely out of the place, the same way he entered, by the side door. The woman's head dropped and before I could reach her she fell from her chair to the floor and the blood began to flow all over the floor.

"I jumped from my seat and went out to Frank Curran, who was tending bar at the time, and hold him the woman was bleeding, and he had better send for an ambulance. He came back to investigate, and at the same time Williams, the porter, appeared on the scene and the two grabbed the woman and dragged her out into the barroom.

"Then they went for a policeman and called the patrol wagon and the woman was sent to the hospital. I thought she was dead before they loaded her into the patrol wagon. I went out in the street and tried to find the man, but he had escaped. I never saw him before to my knowledge and do not know who he was."

When the King woman was dragged into the front part of the bar the detectives at Central station and other officers were notified of the murder. John Dean and Charles Boswick were the first on the scene and they were reinforced in a few minutes by Inspector Fred Will, Capt. George McClelland, County Detective Robert G. Robinson and Assistant Superintendent of Police William Wilson.

John McAleese, superintendent of police, and Detective Edward Barry, George Cole, James Egan, Charles C. McGovern, William Elmore and George H. Waggoner soon arrived at the scene of the murder.

The first arrest made was that of James Williams, who, it was stated, spent Tuesday night with the woman at the house of Linnie Thompson, otherwise known as "Queen Lil," at No. 515 Wylie avenue. Mrs. Thompson said that the woman had come to her house first in an intoxicated condition and soon afterward Williams made his apearance.

She prevailed on the couple to stay all night with her, which they did, leaving the place about 8 o'clock yesterday morning.

When the patrol wagon reached the Homeopathic hospital the King woman was dead and the wagon took her remains to the morgue. There, about 7 o'clock last night, she was identified by her friend, Lena Stewart. She recognized a peculiar blue mark on her nose.

She told several detectives that she had been with the King woman early yesterday morning, and they had a few drinks together, but she left about 9 o'clock and did not see her friend afterward. She said her friend lived at Thirty-ninth street and Penn avenue, but she had also recently resided at No. 1210 Webster avenue, No. 119 Henderson street, Allegheny, and at No. 139 Crawford street, Pittsburgh.

Slashed Her Twice.

An examination at the morgue proved that the two wounds in the King woman's neck were inflicted with a razor or some other sharp instrument. The first wound was made under the left ear and was about half an inch deep. It was evidently the first slash of the weapon, and struck the jaw bone. The murderer then plunged it in the woman's neck again about an inch below the first wound. This slash severed the jugular vein and caused death. It was about an inch and a half long and ran to a depth of three inches.

John Curran, said to be manager of his father's saloon, with his brother Frank, who was tending bar at the time of the murder, were brought to the police station and severely questioned by the officers. Neither threw any additional light on the crime.

Frank Curran stated that the woman had been hanging around the saloon since 9 o'clock yesterday morning, drinking, and that she seemed to have some money. He had ordered her from the place shortly after noon, and she left and did not make her appearance there again until shortly before the murder was commited. He denied knowing the murderer, and stated that he did not see him, as he came in a side door.

Thomas Burchell, who boards at the hotel and is a brother-in-law of the proprietor, told the police he was sitting on the stairs, in the rear of the house near the Sixth avenue entrance, when the woman came into the saloon.

Her murderer also went in the side door. He said he had noticed the couple quarrelling on the street before they entered the saloon.

In about five or ten minutes he noticed the man stroll out and walk down Sixth avenue.

He did not hurry, and Burchell watched until he had reached the corner of Webster avenue, a block away. Shortly after this a policeman told him what had happened. Burchell went immediately into the saloon and found the woman lying on her face on the barroom floor.

He turned her face up and saw that it was the woman he saw enter the saloon.

The cause assigned for the woman's murder by the police is jealousy, caused by her spending Sunday night with Williams.

James H. Crawford, a brother-in-law of the dead woman, who lives in Water street, between Fifth and Sixth streets, McKeesport, called up the police station last night.

He stated McKeesport had been the dead woman's home and that her parents were both dead. Another brother of the dead woman lives at No. 504 Grant street, Millville. It was stated also that the woman had a sister living at Thirty-ninth street and Penn avenue.

Stanley Rothermel Arrested.

Shortly after midnight Stanley Rothermel was arrested at McKeesport on suspicion of killing the woman. Superintendent McAleese learned last night that he had been in her company nearly all day and as late as 4 o'clock in the afternoon was with her at the house of George Acheson at No. 3821 Butler street. Mrs. Acheson is a sister of the dead woman and her husband keeps a cigar store there. Mrs. Acheson said the King woman was there in the afternoon with Rothermel and stayed until about 4 o'clock. She was slightly under the influence of liquor.

The couple left the house together, according to Mrs. Acheson. She said Rothermel lived in McKeesport, and Superintendent McAleese asked the police there to watch for him. Shortly after midnight Rothermel was caught as he was about to enter his house. At the police station in McKeesport he admitted being in the King woman's company.

He said they went to Mr. Acheson's store and that he left her there about 4 o'clock, and that at that time she was in the company of a man whom he did not know, but had been told he was the driver of an ice wagon.

The prisoner is said to answer the description of the man seen in the King woman's company in front of Curran's saloon, where the woman was killed, and that of the man who entered the little back room where the deed was done. Detectives John Roach and Albert Swinehart went to McKeesport after the arrest was reported to bring Rothermel to the city for the purpose of positive identification.

Rothermel is employed as a water tender at the Monongahela furnaces and claims he was at work until 3 o'clock last evening. He says at that time he changed his clothes at the furnaces, went to Pittsburgh at 5:30 and went to the home of George Acheson, in Butler street.

MRS. MILLER MAKES DEFENSE IN LUNACY CASE

Continued from First Page.

and intelligent woman. Mr. McCalmont was not cross-examined.

Complainant Scored Point.

Mrs. W. J. Welch, who has known Mrs. Miller since 1880, testified that she had never noticed anything peculiar in Mrs. Miller's actions. The witness was not cross-examined.

Mrs. Mary A. Burchmen, the next witness, who gave Mrs. Miller massage treatment for several years, stated that she had never seen anything wrong in the conduct of Mrs. Miller and that she had always conducted herself in a ladylike manner. The counsel for Gen. Miller scored a point when they drew from the witness the statement that Mrs. Miller was insane two years ago. Mrs. Miller herself states that she was mentally unbalanced at that time.

The next witness was Mrs. Caroline Kelly, a member of the Pilgrim band, who testified that several months ago she was summoned by telephone to Mrs. Miller's residence; that Mrs. Miller told her that she was troubled about her soul and asked Mrs. Kelly to pray with her. This the witness did.

Mrs. L. T. Lamberton detailed a conversation she had with Mrs. Miller, in which the latter said that she was tired of being behind bars at her own home. The witness said that Mrs. Miller had always been an intelligent and lovely woman.

The testimony in chief of W. N. Emery of Franklin was brief, being to the effect that two weeks ago he had a 15-minute conversation with Mrs. Miller, during which she talked intelligently and did not act strangely. His cross-examination lasted considerably longer, however. Counsel for Gen. Miller attempted to show that it was his playing the part of a gossip that led to the conversation with Mrs. Miller.

Emery Makes Explanations.

Mr. Emery explained matters by saying that in a conversation with ex-Postmaster E. W. Smith and John May he learned that Gen. Miller was making an attempt to send his wife to an asylum and that he was trying either to buy off or to scare off Mrs. Miller's attorney, Mr. McCalmont, which was the reason he went to Mrs. Miller.

"I know Gen. Miller's influence in Franklin and thought that an injustice would be done to Mrs. Miller. I still think Gen. Miller is trying to send his wife to an asylum," said Mr. Emory. Attorney Forbes explained that Mr. Emery evidently did not understand the purpose of the present proceedings.

There was a flurry a minute after this when Mrs. Welch stepped upon the stand and volunteered to correct a part of Mr. Emery's testimony relating to a talk he had with her. Counsel and the commissioner tried to restrain the woman, but she had her way, telling what she had to say.

Mrs. S. P. McCalmont testified that Mrs. Miller was a sensible and refined woman and that there was nothing peculiar about her actions.

Mrs. A. G. Egbert testified that Mrs. Miller was an intelligent, Christian woman. Counsel for Gen. Miller attempted to show that the witness was taking an undue interest in the case which resulted in a little tilt between John O. McCalmont and the Hon. J. H. Osmer. Commissioner Hughes was compelled to rap both men to order. It is expected that the case will be finished tomorrow.

STRIKERS ARRESTED.

Thirteen Must Stand Trial—Mine Set on Fire By Incendiary Still Burning.

CHARLESTON, W. VA., July 23.—The strikers in the vicinity of Glen Jean were marching today. Thirteen were brought here last night under arrest for violating an injunction. They gave bond tonight for a hearing on Friday.

According to the officials of the Collins mine incendiaries have set fire to the mine. They say timbers were placed in an old drift Monday night. Oil was poured on the wood and set on fire. A rich vein of coal caught fire and all efforts to extinguish the blaze have failed so far. The drift will be flooded tomorrow. The Collins main mine was working today with 250 men.

PIANOS
One-Third to One-Half Below Regular Prices.
HAMILTON'S SALE
Proves a Revelation to Every Customer That Attends—It's the Semi-Annual Clearance Preparatory to Stock-Taking.

Hamilton's midsummer sale of pianos and other musical goods affords such exceptional opportunities that everybody in need of such goods should try to attend this sale without delay. Please remember that this is an event such as occurs only twice a year. But when it does occur the saving in prices is such as to warrant customers in coming here immediately.

Hamilton's begins stock-taking next month. Before this important event takes place it is imperative to rid the warerooms of as many instruments as possible. Hence this great sacrifice sale.

Several hundred instruments are now offered at prices that will surprise even those who have watched the growth of this old reliable store and are familiar with its methods.

You who know Hamilton's know that this house NEVER advertises a bargain unless that bargain is so much out of the ordinary as to be in a class by itself. The present list includes:

PIANOS—New and used.
ORGANS—New and used.
ANGELUS PIANO PLAYERS—New and used.
MUSIC BOXES—New and used.
TALKING MACHINES—New and used.
MANDOLINS, GUITARS, CORNETS, ETC., ETC.

The fact is, the entire stock contributes to this remarkable event. So no matter what variety of musical article you think of buying, come here with full assurance that you will save money on that article at Hamilton's. There can be no possible doubt of this. First of all, Hamilton's is the largest music house in the state, and the stock here is the most notable, embracing the finest instruments on the market and the largest variety. Anything you buy at Hamilton's is sure to be satisfactory, no matter how little the price. In the present sale you can save from one-third to one-half the regular price—and if that significant fact means anything to YOU, why, there is every reason to believe that you will attend this sale without fail.

If you live out of town and can't come in conveniently send for a catalogue. The farther you live from Pittsburgh, the more reason there is for immediate action on your part. Easy monthly payments will be arranged for all who prefer that plan. Tell your friends the good news and allow nothing to cause you to lose sight of the fact that this is truly a golden opportunity—such an opportunity as only Hamilton's could make possible.

PELVIC CATARRH
CAUSES
Palpitation of the Heart, Cold Hands and Feet, Sinking Feelings---Pe-ru-na Cures Catarrh Wherever Located.

Mrs. X. Schneider.

Mrs. X. Schneider, 2400 Thirty-seventh Place, Chicago, Ill., writes:

"After taking several remedies without result, I began in January, 1901, to take your valuable remedy, Peruna. I was a complete wreck. Had palpitation of the heart, cold hands and feet, female weakness, no appetite, trembling, sinking feeling nearly all the time. You said I was suffering with systemic catarrh, and I believe that I received your help in the nick of time. I followed your directions carefully and can say today that I am well again. I cannot thank you enough for my cure. I will always be your debtor. I have already recommended Peruna to my friends and neighbors and they all praise it. I wish that all suffering women would try it. I testify this according to the truth."—Mrs. X. Schneider.

Over half the women have catarrh in some form or another. And yet, probably, not a tenth of the women know that their disease is catarrh. To distinguish catarrh of various organs it has been named very differently.

One woman has dyspepsia, another bronchitis, another Bright's disease, another liver complaint, another consumption, another female complaint. These women would be very much surprised to hear that they are all suffering with chronic catarrh. But it is so, nevertheless.

Each one of these troubles and a great many more are simply catarrh—that is, chronic inflammation of the mucous lining of whichever organ is affected. Any internal remedy that will cure catarrh in one location will cure it in any other. This is why Peruna has become so justly famous in the cure of female diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate—it cures.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic Peruna. Congressman Crowley says:

"Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it." — J. B. Crowley.

ENGINEERS FIND INDIAN CREEK IS ALREADY BOUGHT

Proposed Source of Pittsburgh Water Supply Now Out of Reach.

OTHER STREAM TOO SMALL

Capt. W. L. Sibert and Col. T. P. Roberts Visit Laurel Hill Creek Watershed, but Its Production Only Reaches 60,000,000 Gallons.

The city of Pittsburgh cannot secure a water supply from the Indian creek watershed. Every available acre has been optioned or bought outright by a private corporation. Moreover, the Continental Water Company, which has the land, proposes to drain the water from the valley and sell it.

The scheme of supplying Pittsburgh with water from the Indian creek district has been favorably considered, but unless it is done by buying out the holdings of the Continental company, which will advance the cost materially, it cannot be done. The Laurel Hill creek, which was to supply a part of the water, can hardly produce more than 60,000,000 gallons per day, and that is not sufficient, without the Indian creek shed, which would produce 75,000,000 gallons daily.

A party, including Col. T. P. Roberts and Capt. W. L. Sibert, government engineers, spent yesterday and the previous day inspecting the Laurel Hill creek watershed, with a view of getting a general idea of its water producing capacity and possibilities as a source of supply for Pittsburgh.

Land Is Sold.

The Indian creek valley had been previously accurately surveyed and its production estimated.

It was discovered in the Indian creek section that the bulk of the land had been sold to the Continental Water Company and was for the present out of the reach of the city. The purchaser, which has plants at Greensburg, Scottdale and other points in this state, New York and Ohio, plans to supply the mountain water to Wilmerding, East Pittsburgh, Wilkinsburg, Braddock and other towns up to the city limits.

The Indian creek water scheme, in order to furnish sufficient water for the rapidly growing needs of the city, must have included the Laurel Hill creek shed, which is almost equal in area, and little less in production. The damming and transportation of the water, including 11 miles of tunnels through the mountains, would have cost the city from $12,000,000 to $15,000,000, a debt that it could not incur at the present time.

For Greater Pittsburgh.

Capt. Sibert, in speaking to The Gazette representative who accompanied the party, said: "I am hardly long enough in Pittsburgh to speak with assurance, but I think that, under present conditions, the first step toward the securing of an adequate and pure supply of water, would be the formation of the Greater Pittsburgh.

"When all these boroughs and cities, that will ultimately be in the city anyway, are consolidated, the amount of water necessary can be estimated more easily. There is, of course, only one way to get the absolutely pure water—go to the mountains for it."

Col. Thomas P. Roberts said: "We must have the Greater Pittsburgh first of all. Of course we cannot get pure water without going to the mountains, and bad as our present water may be, it will keep getting worse in spite of any filtration.

"The Allegheny river is becoming more impure every day, and the Monongahela is already full of acid. The slackwater scheme on the Allegheny will be under way in a short time, and after that the settlement of manufacturing plants along its course will fill it with acid and other impurities that defy any filter yet invented.

Other Sources Remain.

"I am sorry that the city cannot get the Indian creek shed, but there are others in different directions that might furnish a sufficient supply. The cost, however, will in nearly all these cases be almost as much as the estimate for the Indian creek scheme, and the city has not the money to undertake the work, and cannot issue that much in bonds.

"If the work is to be done at all, I suppose that wealthy citizens would back a company formed for such a purpose. In its franchise, however, a clause should be inserted, providing that the city might at any time buy out the company, at a certain price.

"The filtration plan is an unsatisfactory one at best, but if there is nothing else feasible I believe mechanical filtration is just as effective, and infinitely cheaper than the sand method, on which our present plans were drawn. It looks as though this would cost two or three times the price of a mechanical filtering plant of the same capacity.

Sand Method Costly.

"In addition to this, the cleaning of the sedimentation basins and filter beds in a sand plant is a costly and frequent necessity. I do not believe the plan to filter through Six Mile Island would prove practicable.

"The best, in fact the only way to get pure water, is to go to the mountains for it. This will involve a heavy initial investment, but it practically ends there. The pumping cost of $286,000 per year would be done away with, as the gravity system would carry the water far over the topmost point in Pittsburgh.

"The repairs to pumps, cleaning of beds and other incidentals, together with the necessary expenditure for extending the plant to accommodate the growing population, would in a few short years make up the difference in price cost.

"Filtration is at best only temporary and the city should seek for a permanent uncontaminated source of supply, sufficient to provide for Pittsburgh, Allegheny and all the other boroughs that will eventually be included in Greater Pittsburgh."

Death List Reaches 109.

HAMBURG, July 23.—It is now announced that 109 persons were drowned by the sinking Monday morning of the steamship Primus, of this port, after a collision in the River Elbe with the tug Hansa.

From the Reserve Stock of Ladies' Ready-to-Wear Suits.

A variety, even if it is cleaning-up time. We take at random such things as these for your guidance:

$10 and $15—sold for $20 and up to $30—Ladies' Tailored Suits—all of best cloths, and all wool. All the prevailing styles, but not every size in each style, but you are sure to find your size in the collection, and for the greatly reduced price it is possible you will submit to a modification of your ideas. Most of the suits are silk lined.

Shirtwaist Suits, $5—sold for $8 to $10—Exceptionally handsome white lawn with tucked insertion and embroidery trimmed waists, and skirts cut on newest model and finished with fine inserting and tucks; fine madras suits, all colors and designs; and a beautiful fancy lawn and white dotted Swiss, with elbow sleeves and lace trimming.

Summer Dresses at Half Prices—Look at the price tag and deduct a half—that's the simplest way we know to demonstrate the extent of the reduction without quoting a mass of figures. There are dresses of lawn, mull, dimity, linen and point d'esprit, in white, tan, blue, pink and figured effects—all handsomely trimmed with high-class lace and embroidery, and made by the best dressmakers known to the profession. All clean and fresh, and, of course, this season's most favored styles. At the half prices the values are something remarkable.

Walking Skirts, $5—A goodly lot of stylish all wool skirts in dark and light colors—plain, flounced or pleated. Quite a number show original tickets of $8 and $10.

CAPTAIN STRONG MAY YET BE MET BY AN OFFICER

Disagreeable Talk About Compounding Felony Starts a Stir Among Police.

MAY YOHE IS CHEERFUL

Manner Indicates That She Is Going to Japan With Expectations of a Pleasant Greeting—Talks Volubly of "Putty."

[SPECIAL TELEGRAM TO THE GAZETTE.]

New York, July 23.—There is a possibility of further trouble for Capt. Strong in connection with the disappearance of the Yohe diamonds. The settlement arranged between the Strong family and Miss Yohe, which resulted in the withdrawal of the complaint against the former captain, is not binding upon the authorities.

Disagreeable talk about compounding a felony was heard today, and threats have been made that the entire matter will be placed before the grand jury. District Attorney Jerome admitted today that the Strong-Yohe incident might be submitted to the grand jury, though he displayed no eagerness to take the matter up.

May Yohe is hastening her preparations to go to Japan. She was in a cheerful mood today, and her mother was correspondingly unhappy. It is fair to believe that May is going to do something which her mother does not approve of.

Incidentally Mrs. Yohe never approved of Captain Strong and she would be unhappy if her daughter so far forgot herself as to rejoin her truant admirer.

Mind Made for Changing.

Such a thing is declared by the young woman as an impossibility. She has changed her mind about matters of importance before now, but she insists that there is no chance of a change this time. In this she is supported by her counsel. Mr. Friend today said that he did not know where Captain Strong was hiding, but he did know that he had not gone to Japan.

"This has been the most unhappy experience of my life," said Miss Yohe today. "I cannot yet realize that 'Putty' has been untrue to me. But I have decided not to see him again, and I shall not change my mind about that. I am intending to go to Japan, and it is possible that I will flit away within a week, but it will not be to rejoin Captain Strong. I cannot forget him, but neither can I forgive 'Putty.' Really I do not think that it would be sane to bring my mother and Captain Strong together. She is so bitter. She scolded me for withdrawing the complaint, and threatened to go herself to police headquarters and demand the arrest of the captain.

So Very Vulgar, You Know.

"I am sorry that the papers suggested that a settlement was arranged between his family and me. The idea of an agreement in which money figures, especially in an affair of this sort, is so vulgar, you know, that it is positively offensive. I withdrew the complaint against 'Putty' simply because I felt sorry for his mother and for him. He is not bad at heart, and I know that he is suffering now much more than I am. Still if it had been on his account I would have let the law take its course. He wronged me bitterly.

"But when I learned that his mother was ill and suffering because she feared that her son would be arrested and imprisoned I looked at the gray hairs of my own mother, and I just told Mr. Friend that I could not do it. I insisted upon the complaint being withdrawn. Now that it has been done, I feel much better about it. I have realized upon some of my securities, and have redeemed the diamonds pawned here by Captain Strong, and have arranged to recover those placed in pawn abroad. I shall go to Japan, and it is my present intention to remain in that country, which is so full of sentiment, the remainder of my life. I shall never return to the western world."

SURPLUS WILL GO TO THE MINEWORKERS

The Strikers Will Be Given Benefit of the Labor Day Fund This Year.

The general Labor Day committee at its regular weekly meeting in Knights of Labor headquarters last night voted to give the surplus of the fund growing out of the demonstration on September 1 to the miners to meet the expense of their strike in the anthracite fields. A year ago this surplus fund was about $700 and it is expected that with careful management of affairs it will be much more this year.

A year ago, during the steel strike, the surplus fund was voted to the Amalgamated association and was turned over after the strike was ended. The surplus expected to arise from the demonstration will be sent to Secretary-Treasurer W. B. Wilson of the United Mine Workers of America at headquarters in Indianapolis.

There was a lively brush in the Labor Day committee meeting over the selection of an official badge. The committee on badges presented two, the one most favored being innocent of all but the printers' union label. The other was unsatisfactory to the general committee, although it bore all the union labels, including those of the organizations which work and polish the metal employed.

The general committee voted to give the badge committee full authority to select a badge, with the understanding that all work going into it must bear the union label.

William J. Kelly of the carpenters, chairman of the committee on sports and prizes, reported excellent progress in securing material for prizes from prominent business men. It is said that already the prize feature of the celebration is of greater scope than on any former celebration.

On Charge of Assault.

Adam Horne of James street, Allegheny, was committed to jail yesterday afternoon for a hearing today before Alderman William Lang, on charges of assaulting the 8-year-old daughter of Frank F. Sholes of Cedar avenue, Allegheny, and assault and battery, preferred by Mrs. Sarah Abbott, also of Cedar avenue. Mrs. Abbott alleges that, when she went to the girl's assistance, Horne knocked her down with his fist and escaped. He was arrested later.

Democrats Ready for Bryan.

BOSTON, July 23.—Everything is in readiness for the great banquet of the New England Democratic league, which is to be held at Nantasket Beach tomorrow. The presiding officer will be Mayor Patrick A. Collins. The speakers will be William J. Bryan of Nebraska, Edward M. Shepard of New York and Senator E. W. Carmack.

Christian Union Chooses Leader.

TACOMA, WASH., July 23.—More than 500 delegates were in attendance today at the Young People's Christian Union convention of the United Presbyterian church. Dr. R. M. Little of Chicago was elected president today.

Chief of Police of Elkins, W. Va., Is Shot Dead; National Guardsmen Receiving Pay for Camp Duty

POLICE CHIEF IS SHOT DEAD

Negro Placed in Jail, Charged With Committing the Crime.

LYNCHING IS THREATENED

[SPECIAL TELEGRAM TO THE GAZETTE.]

WOMELSDORF, W. VA., July 23.—Chief of Police J. H. Wilmoth of Elkins was shot and instantly killed by a negro late last night while trying to quell a riot that was in progress at a dance given here by the employes of the Roaring Creek & Charleston railroad.

A man believed to be the murderer has been captured and has been placed in jail at Elkins. Reports from that town are to the effect that excitement is running high, and that a mob is forming for the purpose of lynching the negro.

Wilmoth started for the scene of the dance as soon as he heard of the trouble. The shot which caused his death was fired behind his back from a Winchester rifle and passed through his heart. He sank to the floor, and the negroes scattered in every direction.

If Wilmoth had not been killed it is probable that murder would have been the outcome of the rioting among the negroes. George Scofield, the supposed murderer, fled to the mountains, but was followed by an armed posse and captured. Two citizen policemen who were present with Chief Wilmoth were so badly frightened that they made no effort to arrest Scofield when the shooting occurred.

This is the third assassination of a chief of police in Randolph county within a year. The first victim was the chief at Elkins. His slayer was lynched.

EAST END MERCHANTS HAD A MERRY TIME

Picnic at Conneaut Was Great Success, 4,000 Persons Going from Pittsburgh.

Upward of 4,000 persons attended the East End merchants' outing at Conneaut Lake yesterday. The outing was not limited to the East End merchants alone, for scores of butchers, grocers and other business men and their families from Wilkinsburg, Homewood and Brushton turned out. It required 45 coaches to haul them to the lake resort.

The East End contingent left the East Liberty station in two trains of 10 cars each. It was the biggest outing in point of number that has been held for years. The day was given up to all forms of recreation, there being no formal speeches or the like.

In the afternoon the butchers and grocers played a game of ball, the butchers winning by 6 to 4. The prize was a box containing 500 of the finest tobies. After the game there was a generous distribution of the seed.

There were 16 kinds of races for various prizes, from a pair of shoes to a hatpin. There was a fat ladies' race scheduled, which was for fat women of Pittsburgh only, but the fair sex from this section failed to show up when their turn came. The 100-yard foot race for clerks was won by L. M. Hamilton. The same person captured the prize in the lean men's race.

On account of the picnic all the stores in the East End district were closed, making that part of the city quite dull all day. The merchants returned at 11 o'clock last night, the first section coming in over the Pittsburgh, Fort Wayne & Chicago. All reported having a splendid time. Many of the merchants made the picnic the occasion for family reunions.

MANIA FOR WEARING WOMEN'S CLOTHES

John H. Franz of Allegheny, Who Has the Habit, Is Under Arrest for Cruelty.

John H. Franz of No. 7 Lautner street, Allegheny, who has a mania for wearing women's clothing, was arrested yesterday at his work in the Walker soap factory, Herrs island. He was committed to jail for a hearing at 4 o'clock today.

The information was made yesterday by Agent P. L. Kunz of the Anti-Cruelty society before Alderman VonMoss. Agent Kunz charges Franz with being cruel to his wife.

Franz acknowledged yesterday that he has been wearing women's clothing, but when closely questioned as to why he does so, would only refer to something supposed to have happened three weeks after his marriage, 22 years ago. This is a great secret, he said, and he has given his word never to reveal it. The only real reason that Franz will give for wearing petticoats is that it helps his leg. He has a running sore on one leg.

Some of the neighbors did not know of Franz's freak way of dressing. He never went out of the yard, and seldom out of the house, with women's clothing on, but seems to have rigged himself up and paraded up and down in front of his wife.

A Mrs. Kimmer, who has known the Franz family for four years, living on the upper floor of the same house, said yesterday that she did not know of Franz's peculiarity until a few months ago, and she never knew of Franz going into the street with a dress on.

TAX TO BE IMPOSED.

All Companies Operating Under City Franchises Will Be Taxed, Says C. S. Crawford.

Every company operating under a city franchise is to be investigated by the special committee on franchises, of which Dr. G. W. McNeil is chairman. The list will include telegraph companies, telephone companies, gas companies, electric light companies, street car companies, every sort of a concern operating under a franchise from the city.

Superintendent John Battles was before the committee yesterday with a complete list of the streets that are occupied by street car lines. There are 110 of these streets. The city has never had a record of them until the present one was compiled by Mr. Battles.

He was asked to prepare a list of the streets occupied by poles, wires or conduits owned by electric light companies and have them for the committee at its next meeting, which will be held two weeks from yesterday.

Mr. Crawford said it was the purpose of the committee to secure a list of all the streets whereon gas and water companies also have mains, and after all data is obtained to fix a fair schedule of rates to be charged for any new companies asking like privileges. The companies now using the streets will then be asked to pay an annual tax at the same rate for the rights they hold.

School Ships Reach Havre.

HAVRE, July 23.—The Pennsylvania nautical school ship Saratoga and the Massachusetts nautical school ship Enterprise have arrived here.

OHIO MAKES DEMAND FOR WATER RENTAL

Corporations Using Supply from Canal Must Pay the State.

[SPECIAL TELEGRAM TO THE GAZETTE.]

AKRON, O., July 23.—Barberton is in a fair way to have a fight over the city water supply. Ever since the city, founded by O. C. Barber, got large enough to have a water works system it has been getting water from the Ohio canal and has not been paying the state for it. The last legislature provided for the appointment of a canal commission, whose duty it is to see that the canal rents are collected, and this commission is at work.

Special Canal Commissioner Hamlin has been in this city and Barberton notifying users of water that it must be paid for. He has asked the council of Barberton to pay $1,500 a year for water, and the members of the council are showing a disposition to fight and have not yet given Mr. Hamlin an answer. But Akron manufacturers have without exception acceded to the demands of the commissioner.

Y. M. C. A. ORGANIZED.

GREENSBURG, PA.—The burning of the storage bin at the coal and coke works of the Jamison Company, near Crab Tree, last evening will necessitate a shutdown practically of the plant, placing in idleness a great number of men. The loss is about $8,000.

M'DONALD, PA.—The annual election of officers of the McDonald Fair association resulted as follows: President, J. C. Rogers; vice president, W. H. Young; secretary, W. S. Lockhart; treasurer, Joseph Chambers. September 3, 4 and 5 were the dates set for holding the fair.

FORMING CIRCUS TRUST.

Owners of Big Shows Will Divide the World Into Three Parts.

NEW YORK, July 23.—The circus folks are getting up a trust. Barnum & Bailey's circus, Buffalo Bill's wild west and the Forepaugh & Sells circus are to form the nucleus of the combination, which is to be under the control of the Barnum & Bailey company, limited. Mr. Bailey of the Barnum & Bailey combination is not in this country, but he is expected in a short time, and it is believed that then the syndicate will be formed without trouble.

The object of the management is to divide the United States, England and Germany up between the three shows so that each will be able to devote two years to each of these countries, and there will be no opposition.

STATE MILITIA QUICKLY PAID

Guardsmen Already Get Compensation for Duty at Camp.

AMOUNTS TO ABOUT $150,000

[SPECIAL TELEGRAM TO THE GAZETTE.]

HARRISBURG, July 23.—Adjt. Gen. Stewart has broken all records for prompt payment of the National Guard of Pennsylvania for the summer tour duty by issuing warrants for the individual pay of the troops for the recent division encampment at Gettysburg within two working days after the camp.

The final batch of warrants was mailed last night and during the next 20 days Gen. Stewart expects to pay all the bills, except for transportation, which will be paid in about 60 days.

Formerly the troops were not paid until 60 or 90 days after the encampment and this caused much confusion, many of the enlisted men selling their accounts for about half the amount they were entitled to receive.

The individual pay for duty at Gettysburg of the First brigade, exclusive of the First City Troop, Philadelphia, whose rolls are not yet in, is $44,972 06; Second brigade, $46,266 70; Third brigade, $50,536 30.

To Depopulate Carnegie.

Carnegie will be almost depopulated today. The Carnegie board of trade will hold its big picnic at Rock Springs park, and so many tickets have already been sold that four trains have been secured to haul the people. It is expected that three-fourths of the population will be at Rock Springs park. The trains will stop at Crafton, Ewingville, Oakdale and McDonald, at which places large crowds have prepared to accompany the Carnegie citizens.

Fritz Gives Up Fight.

BLOOMSBURG, PA., July 23.—(Special.)—Hon. A. L. Fritz of this place, who carried the Columbia county Democratic primaries by a vote of 4,000, announced today that he had withdrawn his name for congressional honors, leaving the field to Charles H. Dickerman of Milton. Dickerman carried Northumberland county primaries by 5,500 and also won in Montour county.

General Barnett Seriously Ill.

CLEVELAND, O., July 23.—Gen. James Barnett, a prominent banker of this city, widely known as a veteran of the civil war, is reported critically ill at Ballast island, near Put-in-Bay, Lake Erie, where he has been spending the summer. Gen. Barnett is 81 years old. Two physicians have been hastily summoned from Cleveland.

Oh, That Back!

Aches in the morning, aches at night.
Aches all the time—Housework becomes drudgery — ambition goes—life becomes hardly worth the living—And it's all the fault of the Kidneys—
No, not the fault — the kidneys can't help it—they're sick—can't do the work nature intended them to do—they need help—
Backache is the warning cry—

DOANS KIDNEY PILLS

Give just the help needed—act directly on the kidneys — make men and women strong by taking away the cause of the backache—They're doing it every day—doing it in Pittsburgh and Allegheny.

Here's proof—and there's lots more like it:

"A couple of years ago I had the grip, and it left me with an awful backache as a legacy. The pain was in the small of my back, and was so bad that I could not stoop without torture. I could not find rest in any position. My urine was very much affected and gave me great pain. Nothing I tried seemed to give me relief. My sufferings were terrible. Finally I heard of Doan's Pills and got a box. I felt the good effects after taking six doses, and in a short time was completely cured. I am perfectly well, and I want to tell everybody about the wonderful remedy that has blessed me so."

Contagious Diseases—Thirteen cases of typhoid fever, three of scarlet fever and one of diphtheria were reported to the bureau of health yesterday.

Robbed His Roommate—A. B. Carothers was placed in jail yesterday to await trial at court for the larceny of $20 from his roommate, John Bruce, in their boarding house in East Pittsburgh.

Aged Man Killed by Train—While walking on the tracks of the West Penn railroad, near Tarentum, yesterday, A. Robbins, 70 years old, living at Hite station, was instantly killed by a train.

New Schoolhouse in Mifflin—The Mifflin township school board will purchase a lot of H. M. Blakeley for $3,800 at Whittaker and on it will build a school house of eight rooms to cost $10,000.

New Colored Church—E. L. Jasper, a negro, who claims to be a cousin of John Jasper, the old Richmond preacher who 30 years ago declared "De sun do move," is organizing a church in Braddock.

Business Men's Outing—The business men of Carnegie will hold their annual outing today at Rock Springs, Chester, W. Va. The outing is in charge of the Carnegie board of trade, and about 2,000 people are expected to attend the picnic.

Burned by Hot Dust—John Vistos, employed at the Edgar Thomson furnaces, Braddock, was seriously burned about his head, face and body by hot dust while at work yesterday. He was taken to Mercy hospital and is in a serious condition.

Farm Hands Had a Fight—Michael Lynch and Barney Low were fined $5 each by Justice J. M. Johnston of Sewickley yesterday. They were two of a number of the laborers on the farm of Washington Gibbs, who had a free-for-all fight on Tuesday.

Tripped to His Death—John Carlin, 31 years of age, of Clinton row, watchman on a coal tow in the Monongahela river near the Clinton furnace, tripped over a rope yesterday morning at 3 o'clock and fell into the river. The body was recovered about 8 o'clock.

Homestead Lad Missing—Edward Pike, 19 years of age, son of Mrs. Harry Pike of No. 423 Third avenue, Homestead, left his home last Thursday and has not since been seen there. The young man left home to go to work, and his strange disappearance cannot be accounted for.

Boys Were Fined—Stanley Mechor, James Hoffman, Andrew Schulzman and Stanislaus Fransh, boys, were fined $3 and costs yesterday morning by Magistrate McMasters on a charge of throwing mud and stones at traction car conductors at the Allegheny Valley railroad crossing in Penn avenue Tuesday night.

Threatened Wife With Knife—Russell Miller, colored, was fined $25 and costs or 90 days to the workhouse yesterday morning at No. 4 police station on a charge of threatening to kill his wife. Policeman Charles Ball of the Schenley park force discovered Miller flourishing a knife over his wife in Panther hollow Tuesday night.

Another Brakeman Maimed—Isaac Pritchard, aged 25 years, a brakeman employed on the Bessemer railroad, had his left leg so badly crushed yesterday that the member had to be amputated at the Mercy hospital. Pritchard attempted to tighten the brake on a box car when his brake stick broke and he fell between the cars.

His Pleasure Cut Short—Henry Baungatz will have a hearing tomorrow before Alderman McMasters on a charge of larceny preferred by A. M. Woodworth of the Woodworth-Evans Company. Baungatz was arrested on Tuesday while attending a picnic at Conneaut Lake. It is alleged he stole about $75 worth of gas mantles and burners.

More Soldiers' Pay—Warrants for the payment of the Fourteenth regiment, for camp duty, were received by Col. W. E. Thompson yesterday morning and sent out to the captains of the various companies, who will distribute it to their men at the first opportunity. The total pay of the regiment amounts to about $8,000.

Braddock Plant Being Rushed—The work of erecting the buildings of the Sterling Foundry Casting Company in Braddock is being rushed and many men are employed on the excavations and masonry. The plant will embrace three large shops, the largest 300 feet long by 90 feet wide. When in running order 300 men will be employed.

To Try New Method—The East McKeesport borough school board, hoping to relieve the deadlock over the election of a principal, has requested the presidents and the State Normal schools of Indiana, Slippery Rock, Clarion and California to recommend a good man for the place. The next meeting of the board, which has been deadlocked for seven weeks, will be held on August 2.

Installing Private Plants—The residents of Crafton are again complaining of the shutting off of the borough water supply without notice by the Chartiers Water Company. It is claimed that the water was shut off for the second time within two weeks on Tuesday and not turned on again until yesterday morning. It is said that about 30 private wells have been sunk in Crafton by private parties.

Pickpockets Arrested—The three pickpockets, known under various names, who were arrested near Hays tipple on July 17, by Detectives James Egan and Bernard McStay, were taken before Alderman J. V. McMasters yesterday and fined $25 each. They paid the fines and were released. Two of the men were recognized by the detectives as criminals and the third acknowledged that he has done time.

Scale Was Adopted—Business Agent W. A. Shaw of the machinists' international union for the Pittsburgh district announced yesterday that the new district wage scale has been adopted in its entirety by the West Penn Foundry & Machine Company with works at Avonmore. The scale makes the additional concession of closing the shop to all but union machinists. In Pittsburgh all the shops are open.

Sleeping Man in Peril—August Hoffman, 38 years old, bartender for M. R. Schnorr at Juniata and Manhattan streets, Allegheny, was yesterday morning discovered asleep on the roof of the building, which is five stories high. Hoffman's head was projecting over the edge when discovered. When awakened he declared that his employer in Toledo, O., always permitted him to sleep on the roof on warm nights.

Engineer Hurt in Wreck—Engineer George Crown of Connellsville was badly injured early yesterday morning at Highland station on the Baltimore & Ohio railroad, in a rear-end collision in which five freight cars and an engine were almost demolished. A misunderstanding of orders is given as the cause of the accident. Both the Second avenue traction line and the railroad were tied up for several hours because of the wreck.

Fire at Whittaker—The residence of H. M. Blakely at Whittaker, Mifflin township, was destroyed by fire yesterday afternoon. There was nobody at home but Mrs. Blakeley, and she does not know how the fire originated. Neighbors saved nearly all of the furniture. The loss is $5,000, well covered by insurance. Mr. Blakeley was at his desk in the county recorder's office and did not know of the fire until he reached home.

Guy Was a Smooth Guy—Detective Henry Whitcome of Philadelphia was in Pittsburgh yesterday with a prisoner, Guy S. Bridge, who is wanted in Philadelphia for obtaining from Channing Shumway $1,100 by false pretenses, representing that he had a collection agency, when he did not. Bridge went to Detroit and was arrested there as a suspicious character, and just finished serving 90 days when the Philadelphia officer got him.

Donations Were Reported—The following donations were reported at the meeting of the Western Pennsylvania Humane society yesterday: William Hobison, $15; Adams Express Company, $10; William McKelvey, $10; S. B. Charters, $5; Joseph A. McAteer & Son, $5; W. H. White, $5; Max Hoffman, $3; Miss Ida A. Smith, $1. Fines: Aldermen George Given $10, Alexander Black $10, James R. Conner $10, August Needling, $30.

More Time Given—Members of the Verona borough council were given a trip over the route of the new street railway from Wilkinsburg to Verona as far as it is completed by the officials of the new line, who asked for an extension of time in which to complete about two miles of the road. The extension was granted until September 1. Bonds in the sum of $25,000 were given for the completion of the road, and the time had about expired.

Tried Acid on His Wife—Paul Jalinski, a laborer of Fifty-first street, was fined $50 and costs or 90 days to the workhouse yesterday by Magistrate S. F. Kerr on a charge of disorderly conduct. It was alleged by Jalinski's wife that on Tuesday night he threw a quantity of acid on her neck and on the bed clothes. About a week ago, it is alleged, Jalinski was fined $25 and costs for throwing hot water on his wife. She says she has $500 that he wants.

Wanted to Create Evidence—Mrs. Kate Redgers of Windom street, South Side, was fined $5 and costs on a charge of assault and battery made before Alderman W. F. Walsh by Mrs. Mary Austin, a neighbor. Mrs. Rodgers created a scene in the alderman's office by insisting that she be given a hearing under the name of Catherine Wagner, saying she has a suit for divorce pending in court under the latter name, and it would help her case. Her request was denied.

Shannons Became Popular—Patrick Shannon and his sisters, Kate and Mary, all under 30 years, are held at No. 7 police station until an inquiry can be made into their mental condition. Recently the Shannons, who reside at No. 1810 Merriman alley, South Side, came into a small estate through the death of a wealthy uncle. The Shannons were in poor circumstances until then and now it is alleged that their home has become a resort for people in the neighborhood who live off the family.

Spang Was Discharged—R. W. Spang, a horse dealer of Allegheny, had a hearing yesterday before Alderman McMasters on a charge of horse stealing brought by William L. Fernandez. Spang was discharged. According to the story as told the alderman by witnesses, Spang merely acted under instructions given by Fernandez, who told him to take a team of horses and sell them if he only got 15 cents for them. He sold the team for $150. Fernandez did not think it was enough and refused to accept the money.

Death Mystery Solved—An inquest was held yesterday by the coroner which cleared up the mystery surrounding the death of John Habra of No. 5 Buchanan street, Allegheny, which occurred last Sunday at the Allegheny General hospital. From the testimony of witnesses it was shown that Habra had fallen down a flight of stairs in a saloon at No. 1044 East Ohio street and fractured his skull while intoxicated. He was left lying in a cell all night by the Allegheny police, who thought he was unconscious from liquor.

No Help from Stone—James Knapton of No. 1314 Railroad street, McKeesport, a veteran of the civil war, and his wife are in destitute circumstances through the loss of their savings, amounting to $1,700, in the insolvent Fifth Avenue Building and Loan association. Knapton is 80 years old and, with his wife, is said to be subsisting on a monthly pension of $5 and some little outside assistance. Recently Knapton wrote to Governor Stone in regard to the loss of his savings. Yesterday he received an answer that the governor could not help him.

The Couple Disappeared—Oliver B. Todd, proprietor of the restaurant in the Husler block, Carnegie, for the past year, and his wife are missing, and a constable's sale notice is on the door of the restaurant and several creditors are clamoring for money they say is due them. Todd closed up Saturday night. Mrs. Todd was seen early on Monday morning as she left on a train. One report says they have gone to Atlantic City and another that they have gone to West Virginia. Todd was one of the parties fined $25 a few weeks ago for selling on Sunday. He is reported to have threatened then to get even with some people.

semi-annual remnant day friday--tomorrow

We never make Remnant Day till we're ready—and then do it aggressively.

More than that, nothing that this store does gets more systematic, careful attention than this Remnant business.

It's done twice a year—always on Friday.

Everything—Silks to Calicoes—carefully measured up—yards and price in plain figures with red ink on each ticket—so people can tell at a glance all about it—and practically wait on themselves.

This Friday's Semi-Annual Remnant Day is to eclipse all—all who get here will find it out—and to their decided advantage, on account of quantities and prices.

The strong feature is that everything—in remnants and odd lots—from medium to finest goods—is sold.

Not only remnants but odd lots—not only yard goods, but ready-to-wear—from ready-made Dresses and Coats to Stockings, Millinery, Underwear, Corsets, Boys, Men and Children's Clothing.

Remnant Day prices from the top to the bottom of the house that will make Friday, the 25th day, July, 1902, memorable as a Remnant Day.

Mention is made of a few odd lots, but not a tenth of what will be throughout the store with Remnant Day prices on that people will be glad to buy them at.

silks

Remnants of all Fancies, Crepe de Chine, White and Colored Taffetas—from Waist to richest Evening Silks—not only that, but Petticoat, Skirt and Dress Lengths—everything up to 15 yards measured up and red-ink priced as they never were.

Remnants, skirt and dress lengths—Black Peau de Soies, Satin Duchesses, Black Silk Grenadines and rich Black Fancies.

On account of room for this day, all the hundreds and hundreds of these Black Silk lengths will be in Silk Velvet Aisle—separate and apart from other Silks.

Silks—2 tables—one big one, each at two prices,

25 and 35 cts.

—Foulards, Fancies, Satin Liberties, 24-inch plain Surah and Striped Twills—heavy crinkled All Silk Crepes, Fancy and Plain Silks—such a collection of Silks on these two tables as no one ever had the privilege of buying at such prices.

Remnants Silk Velvets, ¼ yard up, to be sold—and that quick.

1,000 yards Colored Figured Corduroys, 23 inches wide,

15 cts.

remnants dress goods, suitings, voiles and etamines

—every Suit length up to 7 yards of 56-inch goods—and 10 yards of 42-inch goods—all measured and red-inked as to price—so that those who want dressy or useful kinds will get them, at prices never approached.

This is a Remnant Sale that's to do the work—

broadcloths

Remnants Skirt and Suit lengths—and up to 7 yards—dark, medium and evening shades—so priced as Broadcloths never were any Remnant Day since we originated it about a third of a century ago.

Remnants of Skirtings—12 to 24 ounce goods—Mixtures, Meltons, Kerseys, Cheviottes, Thibets, Broken Checks, Stripes and Plaid Backs—opportunity for Walking Skirts—good—and the chance to save so much that you want to investigate.

Surplus lot—56-inch dark Oxford Gray $1.00 Plaid Back Skirtings, 50c A YARD.

black goods

Remnants Skirt and Suit lengths—thousands—1 to 12 yards—priced as never witnessed—the 1¼ to 3 yard lengths of Black Voiles and Etamines—will be priced equivalent to throwing away.

3 surplus lots of Black Goods—making a black proposition no store ever presented.

10,000 yards good ¾ Wool Double Width 36-inch Black Cashmeres, **15 cts.**

Lot 50-cent strictly All-Wool Neat Black Jacquard Dress Goods, 42 inches wide,

25 cts.

5,000 yards of Lupins 48-inch fine $1.50 All-Wool Black Camel's Hair, **50 cts.**

french challies

Remnants, Waist, Kimona, Ladies' and Children's Dress lengths—the extent of this large and exclusive Challie Department is well known—and the opportunities of tomorrow to get fine French Challies—both dark and light—will be a feature of the day—and an all-day feature.

Remnants, Madras, Oxfords, Dimities, Batistes, Swisses, Mousselines—medium to finest goods—among these thousands is where Semi-Annual Remnant Day Prices will do effective and quick work.

white goods

Never such a season—never so many remnants.

If ever people saw White Goods Remnants priced so they'll all want them, it will be tomorrow.

Surplus White lots—striped, checked and barred Nainsooks—

5 cts.

2 lots White Corded and Welt P. K.'s, **7½ cts.**

—and a lot of 25-cent Colored Striped P. K.'s at same price, 7½c.

FOURTEEN PAGES.

Indices of Prosperity.

Enlargement of the capital and the mills of the Jones & Laughlins interest is eloquent testimony to the advantages of Pittsburgh as a point for manufactures. The freight congestion that was so annoying during the past winter—and is not wholly remedied yet—tended to check the growth of Pittsburgh concerns, but the relief given and the greater relief promised have again encouraged expansion. The new tube works for McKeesport and the Jones & Laughlins movements are in evidence. Meantime the review of the iron and steel markets indicates nothing but continued prosperity. The Valley furnaces are sold far ahead and pressing demand is forcing prices up in the face of most conservative policies and intentions.

Annoying the Sultan.

When Minister Leishman stepped blithely up to the sultan's palace the other day and handed in a query, the purport of which was to ascertain what the sublime porte had done or intended to do looking toward the punishment of the brigands who captured Miss Stone, the presumption is that he did not inquire through personal curiosity. The question was evidently based on an idea prevalent in government circles in this country that when an American woman is abducted, and it is deemed advisable to buy her release, the matter should not be allowed to rest there. If this presumption be correct, the reply of the Turkish government that it has nothing to do with the case cannot be regarded as satisfactory. The United States is quite well acquainted with the historical and geographical information contained in Turkey's reply. The possession of this knowledge did not prevent this government from assuming that Turkey is responsible to the rest of the world for what goes on in tributary states and which concerns other nations. What the United States will do next remains to be seen. We may even feel it incumbent upon us to annoy the sultan further by asking him to reimburse the ransom money to the subscribers if he cannot punish the brigands.

Profitable Annexation.

It does not seem, after all, that the acquisition of "noncontiguous territory" on the part of the United States is the unprofitable and dangerous experiment that so many of the prophets of evil would have us believe. The treasury bureau of statistics has recently issued some figures which prove conclusively that history repeats itself and that, as in the case of the acquisition of territory within her own geographical boundaries, the annexation of new territory of the "noncontiguous" kind by the United States means new wealth and undreamed of prosperity for the acquired territory. Our exports to Alaska, one of Uncle Sam's noncontiguous territories of recent acquisition, have grown from $3,900,000 in 1897 to $15,000,000 in 1902. To Porto Rico the increase has been from $1,988,000 to $10,000,000. To Hawaii the increase has been from $4,690,000 to $20,000,000, and to the Philippines the growth has been from $95,000 to $5,000,000. These figures represent only goods sent through the ordinary channels of mercantile trade and do not contain the items sent for the maintenance of the army in the Philippines or in support of the civil government in any of the lands mentioned.

There is still another fact to be considered in connection with this remarkable growth of intertrade relations with our noncontiguous territory. It is not all one-sided by any means. Imports from these territories have grown from $25,250,000 in 1897 to $53,000,000 in 1902. Our imports from Alaska were about $5,000,000 in 1897 and $15,000,000 in 1902, while an approximately heavy increase in imports will be found in the trade from all the other territories mentioned above. This, it must be remembered, is not a mere sudden and temporary expansion due to territorial exploitation, but is in the line of regular, normally developed trade. From these possessions we receive no tribute in the way of revenues for the national treasury worth speaking of. From Alaska and Hawaii the imports come principally from the mainland, while in the Philippines and Porto Rico all the revenues go into the local treasuries.

It would look from this showing, apart entirely from the moral phases of the question, as if it might be a pretty profitable business for all concerned to become a part of Uncle Sam's "noncontiguous territory."

The Pennsylvania's Tunnel.

The refusal of the New York aldermen to indorse the plans for the Pennsylvania's tunnel and the company's financial propositions by no means kills the project, but merely causes some delay. There is a strong suspicion that the action of the aldermen is a mere "hold-up," and, if it is, the enterprise of the New York newspapers may be relied upon to develop the truth. Some of the objections presented to the railroad enterprise have a foolish sound, and seem more like excuses than reasons. The objection that there is no provision in the franchise for the employment of union labor is one of these. The Pennsylvania railroad might with good grace be left to make its own labor arrangements. Its employes appear to be very well satisfied with their positions and prospects. The objection that the tunnel would give the Pennsylvania road a monopoly of traffic is another lame objection. That may or may not be the effect, but the aldermen can hardly expect the company to make a tunnel for the benefit of others. It is spending the money of its stockholders for their advantage and not for the advantage of the stockholders of rival corporations. Neither is the objection that the road seeks a perpetual franchise for the tunnel a sound objection. The tunnel is designed to be a part of the general Pennsylvania railroad system and the corporation could not afford to place its tenure on a footing different from that of its other properties, to the possible serious derangement of its business at some future time. The objection as to the inadequacy of the revenue of $3,000,000 which the city is to derive from the enterprise for the first 25 years may be open to argument, but that seems like a goodly rental to pay for an improvement that is not to cost New York a dollar in money or a foot of ground. The action of the aldermen was nearly unanimous and will lead, perhaps, to prolonged negotiations, but the tunnel project is a big step in the line of progress, and will in the long run win its way.

Import of the Decision.

Controller Larkin's contention for separate legal counsel, in the litigation affecting the Highland reservoir contract, has been sustained by the courts. The ruling is as good sense as it is good law, for it would be ridiculous for a public officer to carry up a case represented by counsel hostile to him. The importance of the decision is not confined to the particular suit pending. It lies more especially in its application to the general attitude of the city controller toward other jobbery with the city's affairs. It empowers him to employ legal talent in full sympathy with his aims and free from the influence of the political machine which has so long mismanaged the public business.

Condition of the King.

One day an official report is cabled that King Edward's progress toward complete health is steady and satisfactory. The next day one of the king's "intimate friends" is quoted anonymously for the opinion that his sovereign will never be well; that another operation is imminent, or that diseased conditions remain. In this conflict of information the general reader in America may be confused, if he cares enough about it to take the rumors seriously.

The side of safety, however, is that of the official news from the doctors. At the least they append their names to their bulletins. The other fellows hide under vague titles as friends or officials who see the king. They are open to the suspicion of being mere creations of sensational journals which are playing for a "scoop" on the real condition of the king, such as they claimed for hap-hazard tales prior to the June breakdown. As a matter of fact, none of them had any information about Edward's illness, but their oft-repeated assertions had a sort of confirmation when the operation was performed, albeit not one of them had ever thought to mention the malady that developed. The king is as likely to become ill as any of his subjects, and nothing in this world is sure but death. But the chances are Edward VII. is getting well, as his physicians say.

Foreign Commerce for June.

The fact that exports of American commodities in the month of June, 1902, were smaller than for any previous month since July, 1898, is causing much comment. If this fact were not susceptible of explanation as the result of special causes, it might be regarded as indicating that the large export figures of American commerce had seen high water mark for a series of years, and that a succession of totals steadily growing smaller might be expected. It is a well-known fact, however, that the exports of great staple products are always lightest in the month of June. This year they have been exceptionally light. There was a decrease of $15,759,330 in the foreign purchases of breadstuffs, the heaviest loss being in corn. This is readily accounted for by the abnormally small corn crop of last year. We simply have not got the corn to sell. That the foreign market for breadstuffs is not only still there, but steadily growing, is seen in the fact that the sales of wheat and flour in the last fiscal year surpassed all previous records. It need surprise no one, either, to learn that the volume of exports of cattle and provisions showed a marked decline in June. Meats have been scarce and high-priced in the United States, and their exportation was naturally restricted. The expectation is amply justified, therefore, that the bumper crop of corn now in sight, and the increase in meat animals that will respond to the large supply of food, will take next year's exports above previous high records.

The imports of merchandise for June exceeded those of the corresponding month of 1901 by something over $4,000,000. This fact, too, need produce no alarm, for while we have been so busy supplying the home markets that it has been necessary to supplement our own products in some cases with purchases abroad, the goods bought from foreigners have been chiefly commodities which we do not produce, and raw materials for turning into manufactured goods. A large proportion of the imports consisted of coffee, which is not grown here, and sugar, which is not produced in sufficient quantity. The increase in luxuries, such as jewels and costly works of art, is noticeable, proving that Americans are prosperous enough to enlarge their purchases of these things, and we ought not to begrudge the share of our prosperity which goes to encourage the producers of such articles abroad.

Garbage Collection Contracts.

There is considerable discussion about the pending ordinance relating to contracts for the collection of garbage. There is some indifference on the part of the public to charges made, due, no doubt, to the general belief that no conditions can be worse than those which have prevailed. Nevertheless it will be well to investigate the ordinance and inquire concerning its inspiration. There is ample time for this before the second Monday in September, when the summer vacation of councils ends. If it is a good thing it will be benefited by examination. If it is not, the benefits may accrue to the city. In any case it may be hoped the expiration of the present contract will inaugurate an era of garbage collection that will collect.

The Haitien Disturbances.

It would seem that the chronic condition of revolution that exists in Haiti has again reached an acute stage. "Hurry-up" calls have been sent out by both the American and French consuls at Cape Haitien, intimating that unless sufficiently protected, both foreign property and residents will be in danger at that point, upon which an attack is said to be in contemplation. Our government has ordered the gunboat Machias to proceed to Cape Haitien.

These quarreling people should be either made to buckle down to business and fight their differences to a finish, or else put into straitjackets as a means of future protection to the innocent bystanding nations, who, like every other bystander in a free fight, usually get the worst of the encounter.

All the talk about a Democratic victory in Pennsylvania this fall and the election of a Democratic senator to succeed Senator Penrose is the sheerest sort of bluff. The Democrats themselves admit the dissensions that weaken the party. Pattison is no longer the name to conjure with among the independent element in the state, while a considerable number of the once powerful leaders of the party would actually receive his defeat with silent joy. The Republican ticket is an unusually strong one, headed by a man whose record is a challenge to the best and cleanest manhood in the state. There isn't a peg in sight upon which to hang the bluster that is circulating in some quarters about a possible Democratic victory.

Secretary Chamberlain says Dr. Leyds will not go to South Africa. None who were in arms against Great Britain, save native burghers, will be allowed in the conquered territory. Mr. Chamberlain's mistaken diplomacy had a good deal to do with bringing on the war and his hair-splitting amnesty is not the best means toward attaining a perfect peace.

CARNEGIE'S HOME IS ALWAYS OPEN

Striking Exception to the Barren Waste of Houses Boarded Up.

THE PITTSBURGH GAZETTE BUREAU
Herald Building, Herald Square,
NEW YORK, July 23.

That this is the dull, as well as "silly" season in New York city, can be discerned by anyone who walks through the residence districts of the well-to-do. A large percentage of the private houses in Fifth avenue and adjacent streets are blindfolded. That is to say, there are boardings fastened closely over the big front doors, the windows are heavily shuttered and even the basement windows, behind their thick steel bars, are closed and muffled with dark shades. It is positively depressing to pass along such streets, say, as that in which Andrew Carnegie lives when he is in New York, west of Fifty-first street. The Carnegie home, No. 5, is a conspicuous exception to the generally "gone to the country or Europe" aspect of many of the others in the block. Mr. Carnegie likes his various homes to be always bright and ready for him and his family at any moment, even though the servants know positively that he is at Skibo. But the windows are always open, the handsome glass doors at the main entrance glittering and lighted up until 11 o'clock, the usual time in the evening for the family to retire when it is there, and the whole house wearing that palpable, but indescribable air of occupancy, which makes it a home, as distinct from merely a house. This is the exception. As a rule, when a family leaves town for the summer, the town house is boarded and shuttered, with no one in it but a care-taker in the basement. Even that functionary is seldom seen, for he is instructed to appear at the front as little as possible, and usually he takes what air he needs in the yard at the back. Here and there, in the wilderness of tenantless mansions, one may come across an oasis in the shape of a home which is evidently occupied by the family. There are curtains at the unshuttered windows, the stone steps are carefully swept, and the faces of servants can be seen at the basement doors. If it were not for these occasional glimpses of human habitation, a walk through the millionaires' quarter of New York would be a step toward suicide, as the logical result of melancoly madness. As it is, Fifth avenue and the cross streets in the vicinity of Central park are pretty well steeped in the most lugubrious of midsummer solitude.

Terms of Bennett Settlement.

J. Scott Ferguson, the Pittsburgh attorney, was at the Imperial hotel this afternoon. He had just returned from Long Branch, where he represented R. M. Gulick and Mr. McNulty in the litigation over the will of the late H. M. Bennett. Mr. Ferguson said that Laura Biggar was not at the conference, but was represented by her attorney. A settlement was made on the basis of giving the nephews of Mr. Bennett, who contested the will an amount equivalent to what it would cost them to litigate. The bequests will be distributed forthwith, and doubtless Mr. Keogh, of the Star theater here, will get the big diamond bequeathed to him by Mr. Bennett. Under the arrangements made at Long Branch, Mr. Gulick and Mr. McNulty have a very advantageous lease of the Bijou theater, in Pittsburgh, although that was understood before. Mr. Ferguson went home to Pittsburgh tonight.

Small Pleasure Monopoly.

Youngsters who live down by the Battery have a new amusement. It is to ride in a carriage drawn by a Shetland pony at the rate of 1 cent for a block. An Italian is the owner of the equipage, and he is doing a great business, for his carriage will hold six children, and rarely is there a spare seat when he flicks his whip and starts up his sturdy little pony. No doubt other 1-cent carriage rides will be introduced in New York as soon as it gets abroad that there is money in it, but at present the noble Roman down by the Battery has a monopoly, and is making the most of it.

Legless Man on Wheels.

A colored man, both of whose legs are off close to the hips, was making his way along Broadway this evening almost jauntily by the aid of what appeared to be a homemade contrivance. He had a small board fastened firmly to his body, the board resting upon two wheels. He moved himself along with two short sticks—or, rather, clubs, and seemed to suffer very little inconvenience from the absence of the ordinary means of locomotion. The difference between this man's carriage and others that are sometimes used by legless persons was that he was himself the vehicle, and was, in fact, a man on wheels.

Then There's the Fine Brew.

In a saloon near Herald square one may find a severe commentary on the futile attempt of a few grasping quick lunch men here to raise the price of the time-honored "beef and ——" from 10 to 15 cents. In this saloon one can have a comfortable meal for 10 cents. That sum will purchase a goodly slice of corned beef, a serving of fresh cabbage and a large new potato, with gravy ad lib. This particular place is four or five blocks from the dingy little saloon on Broadway, long known to actors as "Little Delmonico's," which was pulled down recently, but the Thespians do not mind walking four of five blocks to obtain a luncheon at such a reasonable figure, and the Sixth avenue place is already recognized as the legitimate successor to "Little Del's." Besides, the beer is of an exceptionally fine brew.

Unmindful of Bustle and Noise.

Down in that hurtling confusion of traffic which tears around the intersection of Liberty street and Maiden lane, far down town, a drinking fountain for horses was unveiled this afternoon. It is a memorial to the late Simon Sterne, who bequeathed the money to pay for it. There were interesting exercises attending the unveiling, and they were carried out, with all the rush of business around the participants. John P. Haines, president of the American Society for the Prevention of Cruelty to Animals, presided, and there were addresses and music, just as if the gathering was in a quiet spot, far from the bustle of the city. John Milton Gitterman presented the fountain to the S. P. C. A., and J. Mayhew Wainwright accepted it on behalf of the society. Then Mrs. Theodore Sutro, wife of the banker, sang a solo, "America," and the crowd dispersed, leaving the fountain to the horses. Those sagacious animals were not slow in taking advantage of it, and for the rest of the afternoon there was always a horse with his nose in the basin, while a string of others waited their turn.

Encouraging the Burglars.

While the city is commenting on the ease with which the burglar escaped who shot Albert C. Latimer to death in his Brooklyn home, there are more housebreakings reported within a few blocks of the house in which he was killed. The unsatisfactory finding of the coroner's jury in this case is looked on as extremely unfortunate, in that it may give the burglars courage, and increase in virulence what already is a serious visitation.

Baby Camel Gets New Boots.

New leather boots for the tootsies of the baby camel in the Central park menagerie were tried on today. The youngster, which was born in the menagerie a few months ago, allowed Superintendent Smith of the park zoo to adjust the new boots, and when they were on, seemed as proud of them as any human baby could be. The camel is of the double hump species, and is one of three of the species in the park menagerie. When it was born the superintendent discovered that its forelegs were very weak, so weak, in fact, that the camel was unable to stand unless it stood on its ankle joints. A pair of leather boots was made, but these have been worn out, and it was necessary to put on new ones today. Bare feet might be all right if the animal were treading the sand of its proper desert habitat, but the artificial life it leads makes its feet sore.

Fines Ahead for Chauffeurs.

Chauffeurs who drive their automobiles recklessly at a high rate of speed within the confines of Greater New York will be punished severely in future. Justice Holbrook, presiding in the court of special sessions, said so from the bench this morning. Then the judge fined the chauffeur before him $50 for driving an auto faster than 15 miles an hour in the city limits. As he imposed the fine, Justice Holbrook, for himself and his associates on the bench, Justices Mayer and Hinsdale, said, with more than his usual sternness: "The reckless speeding of automobiles in this city is getting to be a serious matter. Chauffeurs of automobiles seem to think that horsemen, pedestrains and others have no right that they are bound to respect. This court is determined to put a stop to this manner of evading the law. It seems proper to us that it should be made known that we have made up our minds to impose the maximum fine in these cases, except under very extenuating circumstances."

Apples Take Ocean Voyage.

For the first time this season, a lot of apples was shipped to Europe today. It went on the Oceanic, and it may interest applegrowers, as well as apple lovers, to know that there were 18 barrels of "Coxhackie" and seven of "Maiden Blush." The fruit came from the Catskills, where apple trees seem to bear fruit earlier than in most other parts of the country in this latitude.

Now It Is Commodore John Duss.

John S. Duss has arranged to take the 60 members of his band to Long Branch on Friday. Mr. Duss and his immediate friends will go down on the private steam yacht Servais, which has been lent to him by his friend, Col. F. D. Adams, but the bandsmen will travel to the Branch on a common excursion steamboat. They will start at midnight tomorrow, returning Friday evening in time for the concert at the St. Nicholas. The wives and sweethearts of the musicians are included in the party, and Mr. Duss is to be acting commodore. Dinner for nearly 200 persons has been arranged for at the Branch. The bandmaster has presented each of the company with bathing tickets and baskets of Economy fruit with wine and cigars of the plain New York brand. Mr. Duss is said to have just come into possession of F. N. Innes' $40,000 musical library.

Washing Days for the Street.

Manhattan is to have clean streets, if such a consummation is possible to water, brooms and elbow-grease. As a matter of fact, the principal streets here generally are clean in the summer. Fifth avenue is a wonder in its way just now, for it is scrubbed daily with a new machine which seems likely to survive its period of experiment. Apparently it is a success, for the asphalt over which the machine has passed becomes like the proverbial pavement of Spotless Town. Not only is the loose dirt washed away, but the coating that adheres and makes asphalt slippery after a light shower disappears. A big water tank, somewhat resembling a street sprinkler, but in which there is water under a pressure of 50 pounds to the square inch, is employed. From a tube at the rear end the water is projected at an angle that drives all dirt into the gutter, whence it reaches the culverts. The remaining part of the debris contained in the gutter is gathered up and moved in the usual way. The mechanism of the new sprinkler gives it as much force as a heavy fall of rain. It pleases the authorities here, and yet if my memory serves, this same principle of forcing a powerful stream of water over the streets to clean them has been in use in Pittsburgh for the last 20 years at least.

Kaiser Has Strenuous Moments.

E. W. Lapthorn, business partner of Thomas W. Ratsey, Sir Thomas Lipton's sailmaker, talking about the kaiser and his new yacht, Meteor III., this morning, among other remarks made this interesting one: "During the latter half of the second race that the Meteor took part in at Kiel, Emperor William took the wheel himself, something I was told he had never been known to do before. The emperor was most enthusiastic and behaved like a boy with a new toy. He is a very democratic man and reminds me of President Roosevelt in this way." Mr. Ratsey with his family sailed for England today on the St. Louis, and it was at the pier while seeing him off, that Mr. Lapthorn discussed the kaiser and his yacht.

ORDERS OF MERIT IN FOREIGN LANDS

King Edward Has a New One Patterned After Famous Prussian Cult.

King Edward's new order of merit, created in connection with his coronation, is to be run on much the same lines as that of Prussia. That is to say, it is to constitute the highest recognition in the land "for merit," that is for services rendered to the nation.

There are quite a number of other nations that have orders of merit so-called, even in the new world, Venezuela having had an order of merit for the past 60 years, and Brazil for the past 12 years, while the negro republic of Liberia, on the west coast of Africa, likewise confers an order of merit upon those who have acquired its good will.

But none of these orders have anything in common with the Prussian order of merit, founded by Frederick the Great in 1740, or that of Great Britain, which has just been created by King Edward.

The Prussian order, "Pour le Merite," possesses, like its English counterpart, only one class, and is worn round the neck, suspended by a black moire ribbon with narrow edges of silver. It has an eight-pointed pale blue enamel cross, mounted in gold, between the branches of which there are four Prussian eagles spreadwise. The cross is surmounted by an "F" and a crown. It is limited to 60 members, 30 of them military men and 30 civilians. There is but one American upon whom it has ever been conferred, namely, the historian Bancroft, and while Thomas Carlyle declined the grand cross of the English order of the bath, as well as all kinds of other titular distinctions, he gladly accepted the Prussian order "Pour le Merite," conferred upon him by the late Emperor William.

It has throughout the 160 years which have elapsed since its foundation maintained its reputation as one of the rarest and most highly prized distinctions in existence, in spite of which there have been several notable cases of its declination. Thus it has been refused in turn by Herbert Spencer, by Pasteur, by Francois Arago, and last, but not least, by the famous German poet, Uhland, the latter declining it on the ground that its acceptance would be equivalent to a token of approval on his part of the policy of the Prussian crown, to which he was opposed.

The Prussian order of merit meets in chapter for the election of its new members, whose names are then submitted to the sovereign, who confers the order. It is understood that King Edward intends to pursue the same course with his own order of merit.

High Achievement Recognized.

The new English order of merit consists so far of 12 members, the recipients being those who have gained the highest distinction in war, science, letters and art. It consists of a cross of red enamel, with two silver swords, with gold hilts between the angles of the cross. The center of the badge is of blue enamel, surrounded by a laurel wreath bearing on the obverse the words "for merit," and on the reverse the king's cypher. The cross is surmounted by the imperial crown of gold and colored enamels, and is worn around the neck suspended from a two-inch ribbon of garter blue and crimson. The names of the new members of the English order have already been published in the cable dispatches, as well as in these letters. Their selection meets with universal approval. Indeed, not one word of objection has been raised either to the creation of the order itself, or to the selection of its recipients.

French Order of Merit.

Let me add that there was formerly a French order of merit. It was created by that most disreputable of all French monarchs, King Louis XV., who, curiously enough, is known in history by the surname of "Le Bien Aime," although he was of all the long line of French kings the one most profoundly and universally execrated. His order of merit went the way of all such things at the time of the great revolution in 1793, was revived at the time of the restoration in 1814 by King Louis XVIII., and finally passed out of existence in the days of that so-called revolution of 1830, which resulted in the deposition and flight of King Charles X. and the advent of the duke of Orleans—great-grandfather of the present pretender of that name to the French throne.

Misplaced Approbation.

The satisfaction expressed by the friends of the temperance movement at Emperor Menelek's recent prohibition of alcohol of any kind into Abyssinia is based on a misapprehension. The object of the dusky monarch is not to promote temperance among his subjects, but to develop the alcoholic industry in his dominions. He is largely interested in the manufacture and sale of native stimulants, and does not desire anything in the nature of foreign competition. His people are a terribly drunken lot, and it is not with a view of reforming them, which would be the last thing that he desires, but solely for the purpose of augmenting his own revenues that he has issued the decree which is being made so much of by the temperance people.

Of Immense Political Import.

The accouchement of the empress of Russia is looked for towards the end of next month, and will take place at Tzarskoe Szelo, near St. Petersburg. As soon as possible afterward the emperor and empress will proceed to the Crimea and take up their residence at their beautiful place on the shores of the Black Sea, known as Lividia. The palaces and grounds at Lividia have undergone a complete reorganization in a sanitary sense—of which they were badly in need—and the most eminent sanitary experts have assured the emperor and empress that they need have no fear whatsoever of any recurrence of that typhoid fever by which the czar was prostrated when last at Lividia. This year, therefore, the emperor and empress will make no stay at either of their places in Poland, and their customary hunting parties at Spala will not take place this year.

Meanwhile prayers are being offered up all over Russia that the imperial infant may prove a boy instead of a girl, the czar having already four daughters. Should the infant prove to be of the male sex the effect thereof from a political point of view would prove incalculable and would enormously increase the power of the czar. At present he finds it very difficult to get his orders obeyed or his views put into execution, as no one has any assurance that his policy will be continued by his brother and present heir. Indeed, there is every reason to believe that Grandduke Michael's political views are diametrically opposed to those of the czar, and that if he were to succeed to the throne at the present moment he would reverse much that the czar has done, and frown upon those who had made themselves the instruments of methods and views which, although dear to the present emperor, are objected to by his brother and possible successor.

The birth of a prince next August would give to the people, and especially to the officials, an assurance of the continuity of the policy inaugurated by the present czar, and would enable the latter to invest his consort with the powers of regent in the event of his own illness, or in the case of his death before his son attains his majority.

THE DEATH ROLL.

Capt. B. D. Wood.

Capt. B. D. Wood of the coal firm of B. D. Wood & Sons, at New Orleans, died late Tuesday night. Capt. Wood, who was one of the most prominent business men of New Orleans, where he had resided since 1866, had been in failing health for some time, but his condition was not considered serious until a short time before his death, when he started on a trip to Canada and was compelled to return home. Capt. Wood was a brother of Capts. John A. and James Wood, both of whom are prominent in the coal business in Pittsburgh. He was born near the mouth of Sawmill run, West End, on March 15, 1836. At the age of 13, owing to the death of his father, he was taken from school and put to work in a nail factory. Later he went to work on the river for the firm of Horner, Wood & Co. In 1866 he went to New Orleans and engaged in the retail coal business, and was the principal member of the firm of B. D. Wood & Bros. until that firm dissolved in 1888. Previous to the formation of the Monongahela River Consolidated Coal and Coke Company he was the southern representative for his brother, Capt. John A. Wood. During his residence in New Orleans Capt. Wood became prominent among the steamship and steamboat owners. Some years ago, during the Mardi Gras festivities, Capt. Wood held the important position of "Rex," and during the last Mardi Gras celebration was commodore of the fleet and took an important part in the arrangements for the carnival. Capt. Wood was twice married and is survived by three sons, William H., Elmer E. and Charles W. Wood, who were associated in the coal business with their father. At one time Capt. Wood was president of the national board of transportation. Capt. Wood's remains will be brought to Pittsburgh for interment. The funeral services will be held at the West End Methodist Episcopal church, South Main street, West End, on Saturday afternoon at 2 o'clock.

James Fife.

James Fife died at the old Fife homestead, near Clinton, in Upper St. Clair township, about midnight on Tuesday, after a lingering illness with cancer. Mr. Fife was one of the best-known farmers in the Chartiers valley and his family connections number into the thousands in Allegheny county. He was a descendent of the Fifes who settled in the Chartiers valley in the eighteenth century. He was born on the same farm, 64 years ago, where his death took place. In early life he married a Miss Morgan, of the same vicinity, by whom he is survived, together with three children. Mr. Fife was a farmer by occupation and conducted one of the prettiest and most extensive farms in the county. Unlike the majority of his relatives, who are Republicans in politics, he was a staunch Democrat and had been the greater part of his life. He was a lifelong member of the Bethel Presbyterian church, and took a great interest in church matters. His children are Mrs. Mabel Hodes of Castle Shannon, Miss Mary, at home, and one son, Morgan, of Upper St. Clair township. Mrs. Hopper of Oakdale is a sister. The funeral services will take place this afternoon at 2 o'clock at his late residence, and burial will be in Bethel cemetery.

Funeral of Minor E. Morrow.

Funeral services over the remains of Minor E. Morrow, a well-known Pittsburgh newspaper man, were held yesterday at the home of W. S. Rippey, No. 711 Ivy street, East End, the Rev. R. J. Young, pastor of the First Methodist Protestant church, East End, officiating. The interment took place at Highwood cemetery, Allegheny, where the burial service was in charge of Allegheny lodge No. 339, B. P. O. E., of which Mr. Morrow was a member. The lodge was assisted in the services by its chaplain, the Rev. John A. Jayne, and a quartet.

Miss Lillian J. Payne.

Miss Lillian Jane Payne, 23 years old, died Tuesday night at the Passavant hospital in Reed street, after an illness of two weeks. Miss Payne went to the hospital to undergo an operation for peritonitis, but failed to rally from the shock of the operation. She was a sister of Charles M. Payne of the art department of The Gazette, and had resided for some years with her brother in this city. The remains will be taken to West Monterey, Pa., for interment tomorrow.

Mrs. Annie Taylor.

Mrs. Annie Taylor (nee Nellis) 36 years old, wife of Filmore Taylor, a well-known member of the Pittsburgh fire department, died at 7:30 last night at the family home, 6 John street, after an illness of only five days from typhoid fever. She is survived by her husband and five children. The funeral will be held Friday from St. Brigid's church and the interment will be in Calvary cemetery.

Mrs. Annie F. Butler.

Mrs. Annie F. Butler, 25 years old, wife of Joseph Butler, until recently residents of Wilmerding, died yesterday morning at the home of her father, Michael Carey, No. 7320 Hamilton avenue, Homewood. Her death was due to heart trouble. Her husband is a foreman at the Westinghouse Airbrake Company works at Wilmerding. She was a member of the Holy Rosary Roman Catholic church.

Patrick Briody.

BETHLEHEM, PA., July 23.—Patrick Briody, who built the Bethlehem Iron Company's first blast furnace 40 years ago and was postmaster of South Bethlehem during Cleveland's second term, died suddenly tonight from heart disease. He was 68 years of age.

Mrs. Elizabeth Chase Ingalls.

ATCHISON, KAN., July 23.—Mrs. Elizabeth Chase Ingalls, mother of the late United States Senator John J. Ingalls of Kansas, is dead at her late home at Haverhill, Mass., aged 90. Her death was unexpected.

Obituary Notes.

Mrs. Julia Nellis, aged 67, died of general debility at the Allegheny City Home yesterday. Her husband, Philip Nellis, died there in 1887.

Miss Ellen C. Barnes, 34 years old, died yesterday morning at the Passavant hospital, where for some time she had been engaged as a nurse.

Miss Martha McKeever, 17 years old, daughter of McCutcheon McKeever, died yesterday afternoon at the family home in Comcrie avenue, Braddock.

Mrs. Louise S. Herwig, 76 years old, widow of George Herwig, is dead at her late home in Dravosburg Heights, where she had resided since 1855. She is survived by three children.

Mrs. Catherine Murphy, 25 years old, wife of Michael Murphy, is dead at her late home in Holland avenue, Braddock, after a brief illness. She is survived by her husband and one child.

William M. McFadden, 62 years old, a former resident of Pittsburgh, is dead at his late home in Los Angeles, Cal., where he had resided since 1884. M. T. McFadden of Allegheny is a brother.

Dr. Charles A. Shannon, a prominent dentist of Stephens City, Va., is dead at his late home at that place of appendicitis. Dr. Shannon was born in McKeesport 60 years ago, and after the close of the civil war, of which he was a veteran, remained in the south.

The Wind and the Dreams.

Across the dew-sweet meadows and over vales and streams
The wind is not a dreamer, but he's ever whispering dreams!
In quiet, hidden places—fields where they sow and reap,
Forever and forever he sings the world to sleep!

And it's love-time and dream-time
By valley, hills and streams;
And life is with the daisies,
And Love is with the dreams!

He wafts to you the music of the dove's delightful wings,
In the swaying vines he's saying just innumerable things!
And he knows the sweet home-places where the morning glories creep—
And the children's rosy faces, and he sings them all to sleep!

And it's love-time and dream-time
By all the hills and streams,
And life is with the daisies,
And Love is with the dreams!

QUAY'S PLEASURE WAS AUGMENTED

Glad to See the Boys, but More Delighted to Escape Interview.

A PITTSBURGH newspaper man once spent a month in Washington as special correspondent of his paper during the absence of its regular representative. It is a duty of the Washington correspondents to call upon senators or congressmen from their states each day or night just as the trips may be arranged.

During the recent fight of Attorney-General Elkin for the nomination for governor of Pennsylvania the Quay mansion in K street Northwest was the Mecca for newspaper men, especially after nightfall. The Pennsylvania writers were especially anxious to visit the senator and try to learn from him if possible what position he would take in the campaign, in advance of the other accredited newspaper men at the nation's capital. One dark, dreary evening when the rain was coming down in torrents a group of Pennsylvania writers met in the Ebbitt house. They discussed sending one man to the Quay home, but at the last minute all five decided they would call in a body on the Beaver statesman.

The butler received them, showed them into one of the spacious parlors of the home and took their cards upstairs. The senator came down presently, greeted all with a cheery smile and shook hands all around, telling the boys he was glad to see them. The conversation started with the weather and when that had been exhausted Col. Quay said to the representative of the Pittsburgh paper:

"You play cards, don't you, Clarence?"

"Yes, sometimes," was the quick reply.

"Ever play poker?"

"Well, yes."

Col. Quay walked across the room and said: "Well, here's a story I know will interest you. It won't take you long to read it and if you will please read it aloud I know the other boys will enjoy it as well as yourself."

The Pittsburgher, without looking as to the length of the article started in to read. It was a good story and was highly interesting to everyone in the room. The first sheet was read, the second and then the third. The reader began to lose interest and thought of the questions he intended to fire at the senator. Finally he read on and on and when he came to the last page of the story 30 minutes later the door bell rang.

He just finished the last sentence when the butler handed a card to Col. Quay and he arose and said: "Well, gentlemen, I am very glad to have seen you all tonight, but as Mr. -- is waiting to see me on some very important business, you must excuse me. Good night."

A. H. TRUAX has just returned to Pittsburgh from Southeastern Missouri, where he has a railroad contract. Some of the tales he tells about the benighted denizens of that section of the state where no one will believe a statement without being shown proofs are entertaining.

There are men and women long past middle age who have lived within 25 miles of the Mississippi river all their lives, says Mr. Traux, who have never seen a steamboat and they probably will die doubting the existence of such a mode of travel, unless one suddenly appears in their door yard during one of the swells of the Father of Waters.

A couple of young fellows named Billy and John broke loose from the old homestead down in that section some time ago, and started for St. Louis. Part of the trip was necessarily made by train. The boys were sitting in the smoker, and one had his head out of the window. Suddenly he saw the engine approaching a cattlebreak, and jerking his head back into the car he made a half-Nelson on the arm of the seat and shouted:

"Hold on tight, Bill! She's a-goin' to jump a fence!"

Another tale he tells shows the difficulty of driving through that hilly country where roads are little more than blaze markings on the trees, and the occasional bumping of trees by the wagon is called "hubbering." An old fellow who had never before seen a railroad train, wandered into the nearest railroad town and was standing open-mouthed as the engine came swinging around a curve just before reaching the depot. The locomotive when about 200 yards away was pointed head-on for the depot. The old fellow jumped back, and rushed around the corner, shouting:

"Watch out, boys; she's a goin' to hubber!"

TWO men who were partners in business 11 years ago were walking by the Fourth National bank the other day, when the one who had bought the interest of the other said:

"Let's go in and see if our accounts were ever closed."

A call at the window revealed the fact that there was still $10 10 due the firm, and it was promptly paid.

That is just an instance of the apparent carelessness of many people about their banking accounts. An official of one of the savings banks said the other day that there are thousands of dollars lying in the bank in the name of persons who have not been heard from in years. They may be dead by this time, but some of them are likely to appear and claim their money any day.

"There is a woeful amount of ignorance on banking methods," said the bank official. "Some years ago a waiter in a downtown restaurant advanced another waiter, who wanted to leave town, the amount of money he had on deposit. The following day the waiter came into the bank, drew a check and signed his friend's name to it. Of course, he was promptly arrested, and but for the fact that the cashier was a patron of the restaurant and knew the man, he would have gone to jail. But we finally became satisfied with his explanation and he was released. He could not draw the money, however, without the signature of the depositor, and he was out of town. Just the other day the depositor returned to town, ran across the waiter who had let him have the money, and gave him a check. So we paid out the money with a small amount of accrued interest."

THERE was an alarm of fire rung from the Second ward, Greensburg, the other night. People in the other end of town, who heard the fire engines hurrying to the fire, of course, wanted to know the exact location of the conflagration and if it amounted to anything.

Their only resort was the telephone and the enunciators of the switch board in the central office dropped as fast as central could put them up again.

"Where's the fire," came the query from the office of a prominent physician in the town.

"In the Second ward," was the reply of the central as she pulled out the plug to answer a like question in another line. The party at the other end was not content with his information and again rang up.

"Central, where is the fire, please?" was his question.

"I told you down in the Second ward," was the reply.

"Well, what's on fire," asked the man.

"There's a skillet burning, I think," said central as she shut off the inquirer. He didn't ring up again.

LAPPE HEARING ENDS IN QUARREL AMONG LAWYERS

Register Edwards Had to Warn Them Before Quiet Was Restored.

MRS. GFELLER'S STORY

Contestant Claims Mrs. Wettach Said, "Why, of Course, We Destroyed the Will"—Dr. Hartmeyer Alleges the Decedent Tore It Up.

The hearing in the contest over the estate of John C. Lappe, the well-known Allegheny tanner, ended in a quarrel yesterday among the lawyers interested, they almost coming to blows. The contest is brought by Mrs. Anna Gfeller, a stepdaughter of the decedent, who alleges that Mr. Lappe's will was stolen from under his pillow on his death bed, so that she could not share in the estate with the children.

Some months ago Dr. H. R. Hartmeyer made an affidavit concerning the destruction of the will. Attorneys M. A. Woodward and J. M. Stoner, for Mrs. Gfeller, asked that it be produced, and at the conclusion of the hearing Attorney W. A. Challener, who is associated with George T. Hildebrand and A. S. Moorhead in the trial of the case, laid the paper down upon the table. It seems that attached to the paper was an affidavit made by Henry Gerwig, and the contents of this were unknown to Mrs. Gfeller's lawyers, so when Mr. Stoner picked up the papers and began to read them Mr. Challener snatched them from Mr. Stoner. All of the lawyers were upon their feet instantly, and matters looked serious.

Attorneys' Serious Quarrel.

Mr. Stoner remarked something about Mr. Challener "needing his face slapped," and Mr. Challener replied that that was what his "face was there for."

Register F. W. Edwards interfered, and Harvey Herd, who was acting as tipstaff, told the lawyers that if they did not keep quiet "the judge would send them over to jail." Mr. Challener, not recognizing Herd, and thinking he was taking Mr. Stoner's part, got into a controversy with him, but finally matters were quieted down, and the register decided to hear the real argument in the case on September 1.

Mrs. Patterson swore that Dr. Martin Lappe said the children of the decedent would give Mrs. Gfeller $1,000 each and property in Aspinwall, as his father had always expressed a liking for her.

Edward Eichenlaub swore that the decedent had told him that he would take care of Mrs. Gfeller, as he had promised his wife, on her death bed to do. He also said that Mr. Lappe made the remark that "they would every one steal," and that he often put new locks on his desk.

Saw Pieces of the Will.

Mrs. Eugene Lappe swore that during Mr. Lappe's last illness she visited him, and while there the decedent told her "not to trust John and Emma," meaning John Robitzer and Mrs. Emma Morganroth, the witness said.

Mrs. Gfeller was recalled and testified that one time Mrs. Wettach, a daughter of the decedent, said: "Why, of course, we destroyed the will. If we hadn't destroyed the will we wouldn't have had enough to buy a pair of shoes."

Henry Gerwig swore that Mr. Lappe took his will from the German National bank in April, 1901, saying he wanted to make some changes in it.

Dr. H. R. Hartmeyer, who attended Mr. Lappe for 20 years and up until his death, said the decedent showed him a will in 1891, and several days later he saw Mr. Lappe again with the will in his possession, but he had torn it to pieces. The witness said the package under the pillow had been opened by him and contained a bundle of canceled checks, an old deed, and other useless papers.

The trouble among the lawyers occurred at the afternoon session, which was short.

MRS. MUNHALL LOSES.

Judge W. G. Hawkins Called Upon to Adjust Funds Raised for Detective Fitzgerald's Family.

Judge W. G. Hawkins handed down an opinion in orphans' court deciding several questions in the matter of the estate of Michael Munhall, the principal one being that upon compensation claimed by Mrs. Munhall.

Owing to her ignorance of Mr. Munhall's affairs, the widow associated her step-son, Robert J. Munhall, with her in the administration of the estate. He furnished the securities and retained the assets, and Mrs. Munhall was to receive one-third of the compensation for the services required from them. She refused to join in the account and then filed exceptions to the credits.

The court says it is impossible to see how the compensation can be allowed to Mrs. Munhall with the professed purpose in filing her exceptions. If she was then ignorant of the course of administration she did not earn and ought not to be allowed compensation. The court says the son is the real administrator and refuses the claim for counsel fee and compensation.

Judge Hawkins was called upon to pass upon questions which have arisen in the matter of the funds raised for Mrs. Patrick E. Fitzgerald and family, whose husband, Detective Fitzgerald, was killed during the capture of the Biddle brothers. A fund amounting to $6,393 35 was raised by public subscription.

The Mercantile Trust Company, guardian of the minor children, for the purpose of collecting the contribution, joined with Mrs. Fitzgerald in asking the court for instructions.

Claims amounting to $3,645 were paid by Mrs. Fitzgerald out of insurance money received upon the death of her husband, which amounted to about $4,000. It is asked that she be reimbursed out of the fund raised, for the amount she paid out of her individual estate, and that the court determine the proportional share of each of the children and the widow; also whether or not Mrs. Fitzgerald is the legal custodian of the fund, which was subscribed for "Mr. Fitzgerald's family."

CAN RETAIN COUNSEL.

Judge R. S. Frazer Refuses to Compel Controller John Larkin to Use City Attorney.

A decision was handed down by Judge R. S. Frazer in the suit of the Mercantile Trust Company against the city of Pittsburgh and City Controller John B. Larkin as to the latter's right to retain private counsel. The plaintiffs were surety on the bond of the contractors who had the Highland reservoir No. 2 contract. The company undertook to complete the work after the contractor defaulted, and Controller Larkin refused to pay some of the bills on this contract.

Attorneys W. B. Rodgers and George W. Guthrie were retained by Controller Larkin, and the plaintiffs objected to this, setting forth that the controller's interests should be looked after by the city solicitor.

Controller Larkin's contention was sustained, the court deciding that he had the right to employ private counsel. The decision was made July 16 and the matter was kept quiet until yesterday.

Lover Wants Damages.

A breach of promise case somewhat out of the usual, in which Michael Jessy sued Susetta Schmotzer for $5,000 damages, was filed in common pleas court No. 1. Jessy claims that the defendant agreed to marry him on July 27. He says he purchased household goods, carpets, paid a month's rent in advance and notified the defendant that all was in readiness for her. He avers that she then notified him that she was not going to marry him, but was going to Europe instead.

LEGAL BRIEFS.

Grant McMahon left a $1,000 estate to his widow.

Lillibert Hoover gave a $3,350 estate to his children.

Henry Weiss, Jr., left a $6,300 estate to his wife.

J. G. Butler, Jr., sued the Pittsburgh Gold Company for $4,000 upon a note.

Anna Margaret Scott bequeathed a $3,000 estate to her children and grandchildren.

The will of George F. Easton of Knoxville leaves an estate to his widow and children.

An execution attachment was issued by J. F. Buchanan & Co. against W. J. Mowohey.

A petition in bankruptcy was filed by Frank A. Kilien, a salesman of Pittsburgh, showing liabilities of $15,051 and assets of $25.

By the will of P. Hoener of Allegheny Julius and Frank, his sons, are left $100 each, and the residue of a $3,350 estate goes to the other children.

William Isensee sued the township of Shaler for $5,000 damages done to property by a sewer which he alleges is defective.

Judge R. S. Fraser refused a travers of the lunacy inquisition against W. M. Slater, who was found to have been a lunatic since his birth.

An affidavit of defense was filed in the case of the Citizens National bank against E. M. and E. D. Butner, an action on a note. It is claimed by the defendants that the note was a forgery.

An order was made directing the sheriff of Beaver county to turn $2,200, the proceeds of the sale of certain property, over to the trustee in bankruptcy in the case of J. E. McCumpsey of Beaver county.

Justus Mulert, receiver in the case of Frederick W. Eggers, filed his account. He was a balance of $4,801 for the creditors. The receiver was selected as trustee of the estate by the creditors of the bankrupt.

The will of August Henry Reismeyer of this city was filed. An estate worth $160,000 was bequeathed to the decedent's wife for life, and at her death it goes to their children in equal shares. Shiras & Dickey are attorneys for the estate.

The will of Mary M. Emery of Bellevue was filed. To the Volunteers of America and the Bellevue Presbyterian church is given $50 each, and the balance of a $6,000 estate goes to the decedent's children. Attorney John Emery, Jr., represents the estate.

Executions were issued as follows: J. M. Hathaway, use, vs. Annie Richter, $106; George W. Cohen vs. Evaline M. Holden, costs; John Kleber vs. Jacob J. Dewait et al., $58; J. M. O'Neil & Co. vs. Margaret M. Hoover, $45; John M. O'Neil & Co. vs. Thomas R. Fryer, $65.

A rule was granted on J. B. Van Wagner and J. P. McIntyre to show cause why they had violated an order of court in continuing blasting at their brick works in McKeesport, thus endangering the property of Joseph Irwin. They were fined $25 on July 5, 1901, for refusing to obey the order of court.

The American Trust Company, receiver in the case of the Van Tine-Constable Company, bankrupt, was directed to complete the contracts made with R. M. Gulick & Co., I. W. Frank and E. P. Lort by Referee William R. Blair. The contract with Gulick & Co. is for decorating and furnishing the Bijou theater.

By the will of Thomas Gamble of Pittsburgh a $111,500 estate is disposed of. Property in North Fayette township goes to the children of Martha A. Martin, a daughter. Sarah V. Gamble gets properties on Bayard and Ferry streets. The residue of the estate is left in trut for Samuel and Joseph Gamble. Attorney M. A. Woodward represents the estate.

In quarter sessions court the following applications for liquor license transfers were made: Catherine Carey, No. 167 McClure avenue, Allegheny, to Charles Schlottler and Herman Gorbler; Anna M. Lager, No. 1412 East street, Allegheny, to Julius Deuring; James McNeil, Grant street and Locust alley, Duquesne, to Joseph C. Heikman. The license of Antonelle Brednich, No. 79 Boggs avenue, Thirty-second ward, was transferred to Charles Leitholf.

In the United States circuit court an affidavit of defense was filed in the case of William Kupper against W. W. Lucius, an action to recover a balance of $4,473 alleged to be due on a contract for $11,103, for work done on the highway bridge at Fleming park. The defendant alleges that the plaintiff was negligent in completing the work, and that finally he went ahead and finished it himself at the cost of $3,550, which was deducted from the contract price. The defendant claims credit for $8,346 54, and says he sustained a loss of $5,000.

CARING FOR UNFORTUNATES.

Allegheny City Takes Charge of Mother and Family.

The Allegheny department of charities and corrections yesterday afternoon sent to the City home Mrs. Lucinda Johnson, colored, and her four small children. Mrs. Johnson is very ill of consumption, and for several weeks past has lived in a cellar of a house at No. 45 Charles street, in absolute want and squalor. Her husband, Henry Johnson, it is alleged, deserted her and the children five weeks ago and is now in the Butler county oil fields. The Western Pennsylvania Humane society has been asked to locate and prosecute him.

Dennis Carr, aged 54 years, of Toboggan street, who has been adjudged insane, was also removed to the City home.

The department yesterday sent Timothy Lynch, an iron worker, who has lived for a few weeks in Randolph street, and whose mind is unbalanced, to Chicago, where he had lived for many years.

HOUSE-HUNTERS' WOES SHOW NO SIGN OF ENDING

In Every Part of the City Home-Seekers Are Hunting.

DEMAND BREAKS RECORDS

Strangers Coming to Pittsburgh to Make Their Homes Here Meet With Unpleasant Surprises—Unprecedented Demand for Homes.

The troubles of the house hunter are constantly increasing. From all over the city come the wails of those unfortunates who are still in search of a home suited to their means and tastes. Patience and persistence are alike nearly exhausted, and over the future hovers the dread of a winter to be spent in rooms or flats often expensive and unattractive.

Dozens of real estate brokers have stopped issuing rent lists and are daily turning crowds away from their doors with the cold assurance that "there are no more houses to be rented."

Last spring, when Pittsburgh's scarcity of houses was more noticeable than ever before, it was predicted by many that by midsummer there would be plenty of good dwellings to rent. Midsummer has come, but no houses. Instead, those who are in close touch with the situation are free to confess that the demand for homes the next six months is likely to be as great as during the usual spring rush.

Demand Eclipses All Records.

In every part of Greater Pittsburgh hundreds of persons are arriving with their families to join the army needed to man her rapidly enlarging industrial plants. The majority of these men are skilled workmen and have been accustomed to many of the luxuries of life. Day by day their dreams of homes such as they have hoped to occupy fade away and houses of any kind, anywhere, are eagerly welcomed.

Never before in the history of Pittsburgh has there been such a demand for good houses, dwellings that command a rental of from $25 to $50 a month. The centering of many of the large corporations in this city has brought during the last few months hundreds of managers, bookkeepers, clerks, accountants and draughtsmen, men whose salaries range from $100 a month to $10,000 a year, and in some cases more. A good proportion of these persons came to Pittsburgh ignorant of the lack of empty houses and brought their household effects with them. As a result the storage warehouses are now filled with household goods waiting to be moved into the first respectable dwelling that can be secured.

Surprises for Strangers.

The experiences of many of these high-class employes of the big corporations are amusing. In the words of a leading broker of the East End, "they expected to get a $40 house in a $75 neighborhood and of course were disappointed."

In proof of his assertion he produced an application from the manager of a large industrial plant who stated that he desired "a large house with all modern conveniences, in a strictly first-class neighborhood, near the street car line and away from any small stores or schoolhouses."

"This man was willing to pay $50 a month," the broker added, "if he could get just what he wanted, but we haven't but two houses of this kind in the East End, and they rent for $900 and $1,000 a year."

The big middle class is no more fortunate. The old established rule that "one week's salary should pay one month's rent" is being broken in dozens of cases. Men on $100 a month salary are compelled to take houses that cost $30 and $35 a month to satisfy their ideas of what a home should be.

A bookkeeper from Cleveland, whose wife has spent nine weeks here in hunting a house to suit, has decided that boarding is cheaper even at the present high rates than "keeping house" in the way he had been accustomed to elsewhere.

Need for Workingmen's Homes.

Among the laboring men who have come to Pittsburgh as strangers, and are anxious to save money for a home, there is the same cry for houses. Their idea of a fair monthly rent is from $12 to $20, but here they find but few houses.

Men with large families who wish to be near their work are compelled to move into two or three rooms at a high rent, hoping meanwhile to find a more suitable lodging place.

In the suburbs, where the big plants are rapidly nearing completion, the long rows of houses that were contemplated in the spring have been delayed for one cause and another, and manufacturers are now making every effort to interest speculative builders in the matter of providing homes for their workmen before winter sets in. In one town in the Pittsburgh district a large manufacturing concern has guaranteed to find tenants for 200 frame houses to cost $2,500 each, if they can be finished by November 1.

A striking feature of the situation, especially among the better class of strangers, is that they want to live in Pittsburgh. As one broker remarked yesterday, "They don't want to settle in a suburb, however pleasant. They want to say that they live in Pittsburgh. It is a great drawback to the real estate brokers as well as to all the interests concerned that 'Greater Pittsburgh' cannot become a fact, instead of a mere name."

Attractive Flats Few in Number.

Flats are no more plenty than houses, and the prices charged seem even more exorbitant to strangers. Business men who have moved their families here from cities like Philadelphia, that are overbuilt, are nonplussed at the difference in conditions.

Attractive flats, with all the latest conveniences, that rent in Chicago and New York for $18 and $20 a month, they find cost here $30 to $40 a month. And generally, after an inspection of the average Pittsburgh flat, the stranger raises a howl of rage about its arrangement or lack of conveniences in addition to his complaint about the price. Pittsburgh is yet far from a model flat town, and the few apartment houses that cannot be criticised are leased for months in advance.

Unless there is a phenomenal amount of building done this fall, brokers look for a much greater scarcity of houses this winter than last. This means stiffer rents and fewer favors from the landlords. Real estate speculators who invested in houses during the last two years are now realizing a net income of from 8 to 15 per cent and "To Let" signs on their premises are unknown. With the amount of business that is assured in "Greater Pittsburgh" for the next year real estate brokers argue that nothing can stop the influx of population and nothing can relieve their needs but more houses.

BOTH KINDS OF OPERA AT DUQUESNE GARDEN

"Cavalleria Rusticana" and "The Charity Girls" to Be Next Week's Bill.

A grand double bill will be the feature of next week's production of opera by the stock company at Duquesne garden, commencing Monday night, with the usual Saturday matinee. The management has chosen two diametrically opposite musical compositions, and will give "Cavalleria Rusticana" and "The Charity Girls."

Nothing, perhaps, could be more suitable to the robust tenor voice of Thomas H. Persse than the role of "Turridu," which he will assume. Miss Mason as "Santuzza" will have a splendid opportunity to show that she is just as much at home in other roles as in light opera work. Miss Carrington as "Lola" has not only a strong acting part, but will be heard to advantage in two or three of the most popular numbers of the opera.

"The Charity Girls," a one-act operetta, is new to Pittsburgh. It is a comedy bubbling over with wit and unction. It tells the story of a boarding school and the situations and complications are such as will prove not only elevating, but amusing to all hearers.

John J. Martin will essay the principal role in this comedy, and will be at home in the part, as it is one that he has played frequently and he is perfectly familiar with every line in the play.

For next week as a special feature in the palm garden, immediately after the performance in the auditorium, Sprague and DeHam, rag-time musicians and parody singers, will appear. For this occasion the management has decided to have Sprague and DeHam appear at the Saturday matinee, in order that the ladies and children may have an opportunity of hearing them.

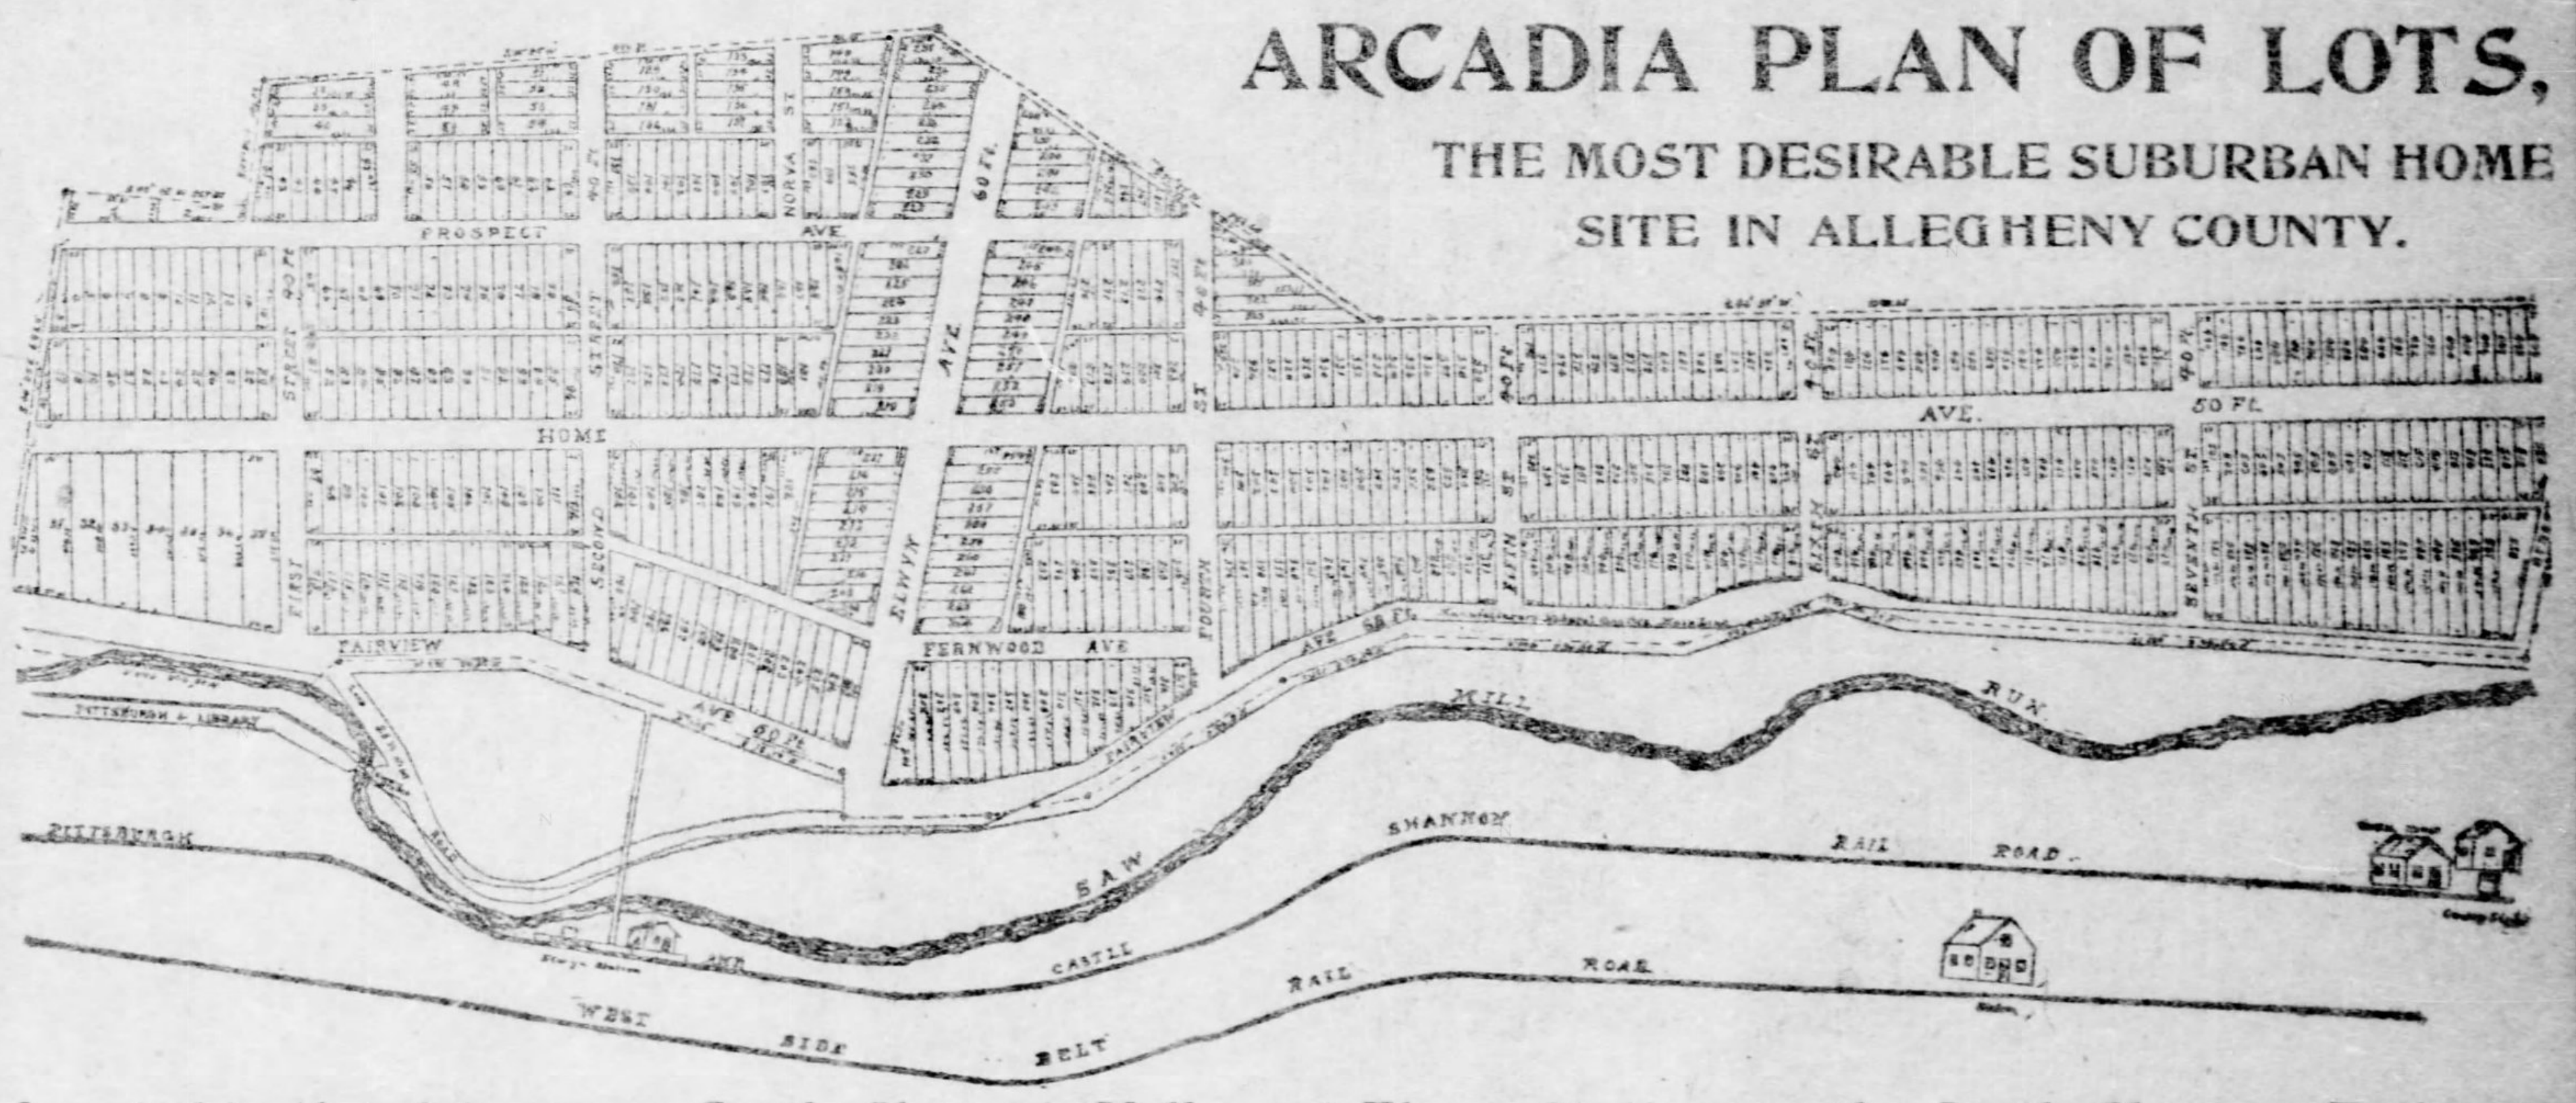
Opening Sale of Lots on Saturday, July 26,

So all are invited to accept of our invitation for a free trip to this most delightful suburb.

ARCADIA has many advantages over other suburban home sites that will appeal to all thinking people. For instance, there will be three lines of transportation. The Pittsburgh & Charleroi fast electric line will bring residents of ARCADIA to the Pittsburgh shopping district in 20 minutes when the new Mt. Washington tunnel is completed. The Castle Shannon Railroad and the new West Side Belt Line (now almost completed) will give competitive service, thus insuring the very best transportation facilities.

ARCADIA PLAN OF LOTS,
THE MOST DESIRABLE SUBURBAN HOME SITE IN ALLEGHENY COUNTY.



Located in the picturesque Castle Shannon Valley, at Elwyn Station, on the Castle Shannon Railroad.

Arcadia is delightfully situated on a gentle slope overlooking the beautiful Castle Shannon valley, with just enough grade to give the entire plan a free and natural drainage. The plan, which extends along the fine macadamized Pittsburgh and Library road for a distance of 3,700 feet, consists of 430 lots, varying in size from 25x110 to 50x250 feet, and the prices range from $150 up to $300. The terms of sale are $10.00 down; balance $5.00 per month. Ten per cent discount for cash.

Remember, you don't have to pay city prices for lots at Arcadia.

If you want to get away from the smoke, dirt and noise of the city, you cannot do better than to invest in a lot at ARCADIA—the ideal suburban home district.

If you are looking for an investment that will bring you handsome returns, don't fail to visit ARCADIA and purchase one or more of these desirable lots. *We will build a house for any purchaser of a lot on easy payments.*

[SPECIAL TELEGRAM TO THE GAZETTE.]

St. Louis, Mo., July 23.—There was another comedy of errors at League park this afternoon, but this time it was the Pirates who occupied the center of the stage and the Cardinals who captured the game, hands down. Donovan's men exactly reversed the tables on Clarke's pennant winners, and the small crowd which attended, despite yesterday's fiasco, went home feeling that they would see the Cardinals finish last without great disappointment after witnessing the drubbing they gave their arch-enemies today.

Both Leever and Doheny were batted out of the box, but the latter was permitted to stay in because it was useless to try to stem the tide. Eight hits off Leever in four innings, and seven off Doheny in the same number only partly accounts for the defeat of the champions. Stupid plays in the field, errors by Bransfield, Doheny and Burke and slow work on the part of Conroy and Bransfield throughout the game more truly answer the question.

Champions Had an Off Day.

Plainly, it was an off day with the pennant winners, one of the worst kind of off days. In nine long innings they got but eight little singles off Yerkes, who is not a star pitcher by any means. At base running, at fielding and hitting the Pirates played away below their form.

They started off bravely enough. Capt. Clarke, the belated, arrived last night and got into the game with an opening single, the last he was destined to get during the day. Beaumont displayed some old-time form by batting out a rap to second. Ritchey sacrificed sweetly and Clarke scored on Wagner's out, Kruger to Nichols. Bransfield flied to Hartman.

It looked like another runaway race for the champions, but the Cardinals opened up in the second with one run, added two more in the third, two in the fourth and annexed a bunch of three when Doheny went in to change things in the fifth. The sixth and seventh brought forth one more run each and the score was 10 to 1.

Under the lash of Captain Clarke's admonitions, the Pirates made a desperate attempt to rally in the eighth, and did manage to push two runs across the plate. But Yerkes steadied down and the side was retired, still too far behind to have a chance. One more run in the ninth ended the agony.

Probably Bransfield's misplays in the second may be said to have started the ascension, in which the entire Pittsburgh team participated enthusiastically. Bransfield allowed Donovan to beat out a grounder to first base, muffed Conroy's assist on Farrell's hit and lost a chance for a double on Kruger's sacrifice hit to first.

There Was Lots of Bad Work.

In the sixth Burke dropped Hans Wagner's throw from right field and Doheny, who backed Burke up, threw wild to the plate, permitting two men to score. The other run made by the Cardinals in this inning was due to Doheny's wild pitch, which bounded into the grand stand, permitting Barclay, who had taken first on a single, to complete the circuit of the bases.

Conroy played a slow game at short, losing more than one chance to throw a batter out at first and at least two to nip a runner at the plate.

In the eighth Hans Wagner knocked a foul fly which O'Neil picked up off the players' bench. Brown called Wagner out and the big fellow kicked so long and so strenuously that he was first retired to the bench and then sent off the field, Tannehill going to the right garden. The score:

Pitcher "Cy" Voorhees Signs With Donovan's Team.

AKRON, O., July 23.—(Special.)—"Cy" Voorhees, late of the Philadelphia National league team and the Columbus American association team, who is in this city, has accepted a berth with the St. Louis National league team. Before reporting at St. Louis he will go to Atlantic City, where he will rest up for a time. Voorhees says that he was not in shape to pitch when he was in the Philadelphia and Columbus teams, and that after he recovers his health he will show that he has some ability in the twirling line left. Voorhees is independently rich, having recently been left a fortune by an aunt.

WILLIS' GREAT WORK.

He Held the Quakers down to Three Hits.

BOSTON, July 23.—Boston shut out Philadelphia today because Willis could not be hit, and the home team scored because Hulswitt, Jennings and Childs contributed errors that cost the visitors three runs. Outside of Willis' pitching the feature of the game was Greminger's fast work at third. Score:

AFTER FOREIGN ATHLETES.

Olympian Games Delegates Will Go to Switzerland.

BERLIN, July 23.—The Olympian games delegates, Judge John B. Payne, Laverne W. Noyes and Henry J. Thurber, Jr., of Chicago, while awaiting a reply from Emperor William for an audience with his majesty, will go to Switzerland for the purpose of awakening the interest of the government in the games. Mr. Noyes left Berlin for Dusseldorf today. Thence he will proceed to Berne, where Judge Payne and Mr. Thurber will join him.

Count von Talleyrand-Perigord, one of the German members of the Olympian committee, believes that an adequate representation will be organized for the games.

WANT MATCH DELAYED.

American Rifle Team Not Ready to Shoot.

OTTAWA, ONT., July 23.—The American team selected by the National Rifle association of the United States which wishes to complete for the Palma trophy writes that August 26 is too early for them. The Dominion Rifle association has wired that the match cannot well be postponed on account of arrangements already made with the English and Australian teams. It is hoped that the Americans can arrange to take part in the competition.

RACES CALLED OFF.

Spectators at Brunot Saw Horses Worked Out.

The races scheduled for Saturday and postponed until yesterday at Brunot Island were not pulled off on account of the non-appearance of many members and the very small crowd.

It was also workout day for the horses and those who visited the track got a glimpse of the training the horses are put through. Nearly all the speeders were out on the track, and all the horses are said to be in fine condition for the matinee on Saturday.

SHIELDS' FINE WORK.

It Enabled Baltimore to Beat Chicago.

BALTIMORE, July 23.—Shields pitched the first seven innings of today's game against the Chicago American league club without allowing a hit or run. With the last four innings of yesterday's game against Detroit, in which he did the same, he performed the feat of pitching eleven straight innings without a hit or run. Chicago gave the locals a scare in the eighth inning today, but could not quite reach. Score:

PILLSBURY BEATEN.

The American Crack Is Making a Poor Showing—Napier Won a Game.

HANOVER, July 23.—For the third round of the international chess masters' tournament, which began here today, round 12 of the Berger system furnished the pairing, which brought the field together in the appended order:

Olland vs. Wolf, Mieses vs. Gunsberg, Popiel vs. Atkins, Swiderski vs. Napier, Mason vs. Bardeleben, Levin vs. Janowski, Cohn vs. Pillsbury, Gottschall vs. Tschigorin and Suechting vs. Marshall.

When the first adjournment took place at 1 p. m., Olland had beaten Wolf, Swiderski had gone down before Napier and Janowski had administered defeat to Levin. Popiel had managed to get the upper hand of Atkins, who will probably lose in the afternoon sitting, and in the Pillsbury-Cohn game the latter held a great advantage when time was called for the adjournment. The remaining contests stood pretty even.

When play was given over for the day the following additional results had been recorded: Mieses worsted Gunsberg, Popiel beat Atkins, Bardeleben downed Mason, Cohn administered defeat to Pillsbury, Marshall defeated Suechting and Gottschall and Tschigorin divided honors.

The following is the score up to date: Mieses and Olland have each won 3 games; Bardeleben and Janowski, 2½; Marshall and Wolf, 2; Atkins, Cohn, Napier and Tschigorin, 1, and Gottschall, Pillsbury, Suechting and Swiderski ½ game each.

THE GOLF EXPERTS.

Eastern and Western Cracks Are Playing for Cups at Chicago.

CHICAGO, July 23.—Under threatening weather conditions play was begun early today in the qualifying round for the Ravinoaks cup on the golf links of the Onwentsia club at Lake Forest. One hundred and thirty players have entered, representing the following clubs:

Princeton, New Haven, Chevy Chase, Detroit, Buffalo, Cleveland, Springfield, Ill., Lake Geneva, Kenosha, Waukegan, Onwentsia, Chicago, Skokie, Belmont, Evanston, Homewood, Edgewater, Glenview, Exmoor, Midlothian, River Forest, Westward Ho and Riverside. Play today was at 18 holes medal play. The best eight scores will qualify to continue at match play tomorrow for the Ravinoaks cup; the second eight best scores will qualify for the Solace cup, and the third eight best for the Tyro cup.

Nearly all the most prominent western players and many of the easterners who contested in the national tournament, have stayed over for western honors. Louis N. James, the new national amateur champion, will not be among the players.

The scores of the qualifiers follow: John Holabird, W. I. Howland, Evanston, 82; Walter B. Smith, A. Poole, Owentsia, 83; B. F. Cummins, H. Chandler Egan, Exmoor, 86; Harrold Smith, L. H. Conklin, Princeton, 85. Among the teams that failed to qualify were R. McKitchick, W. A. Stickney, St. Louis; F. C. Horstman, Percy Pyne, Lakewood, and Wylie Carhartt, R. Russell, Detroit.

THE TRAP EXPERTS.

Seven-Year-Old Boy Shows Remarkable Skill.

BALTIMORE, July 23.—Crack trap shooters from all parts of the country participated today in the eighth annual midsummer shoot at Bay Ridge, under the auspices of the Baltimore Shooting association. One hundred and ninety targets were fired at in the several events. Those with averages above 170, follow:

Storr 178, German 178, Lupus, Elliott and Fox, 175 each; Sick and Hart, 174 each; Flemming 172.

Jesse D. Poplar, the 7-year-old phenomenon of Havre de Grace, killed 18 out of 21 pigeons in an exhibition of his skill.

MADE RECORD RIDE.

A. A. Hansen Went Thousand Miles on Motor Cycle.

MINNEAPOLIS, MINN., July 23.—A. A. Hansen, "The Rainmaker," completed his 1,000 mile road ride on a motor cycle against time shortly after noon today, the elapsed time being 72 hours 26 minutes and 50 seconds, and the actual riding time, 54:59:30. This is believed to be the fastest road ride of the distance on record on any vehicle that does not run on a prepared track. Hansen had made three previous unsuccessful attempts to make the distance. He also holds the bicycle road record, 92:36.

JOCKEY TAYLOR DEAD.

Injuries Received in Steeplechase Proved Fatal.

CHICAGO, ILL., July 23.—Jockey Taylor, the steeplechase rider, died here today, as the result of injuries received in a jumping race on the opening day at Harlem, last Monday. Taylor had the mount on Farrell. The horse fell at the fifth fence carrying four other horses with him. Taylor was caught under the heap and received the injuries which proved fatal today. Taylor's home was in Louisville, Ky.

Norristown Was Blanked.

ALTOONA, PA., July 23.—(Special.)—Timely batting and sharp fielding, coupled with the excellent work of Whisner in the box, were the causes of the locals shutting out the visitors from Norristown at Columbia park this afternoon. Score:

		R.	H.	E.
Norristown	0 0 0 0 0 0 0 0 0	0	6	4
Altoona	0 0 3 0 2 0 1 0 *	6	8	2

Batteries—Jordan and Seagraves, Whisner and Lang.

Jamestown Will Play Today.

The Jamestown, N. Y., team will go to Homestead today to play three games with Richer's H. L. A. C. team. The contests are expected to be among the best at Homestead this year. The H. L. A. C. will line up as in yesterday's game, except that Pierson will oppose Folger. The game will be called at 3:15.

"Who Did It," is the title of the beautiful Free Art Supplement with next Sunday's Gazette.

PROFESSIONAL GOLFERS PLAY AN INTERESTING GAME.

Nichol Thompson of the Edgewood Golf Club and John Dingwall of the Allegheny Country Club, Winners in Yesterday's Contest Between Professionals.

The 36-hole foursome match, between Professionals George S. Keddie of the Edgeworth Golf club and Ernest Way of the Pittsburgh Golf club on one side and Professionals J. Dingwall of the Allegheny Country club and Nichol Thompson of the Edgewood Golf club on the other, that has been awaited with much interest in local golf circles, was decided on the links of the Pittsburgh Country club near the Beechwood boulevard yesterday. Dingwall and Thompson were the winners in yesterday's match.

A large gallery watched the play, which throughout was close and interesting. The first round of 18 holes was played during the morning, ending with Dingwall and Thompson 1 up. The second round was placed in the afternoon and ended with a final score of 3 up and 2 to go in the 2-ball foursome, and in the 4-ball foursome of 9 holes Dingwall and Thompson had 2 up and 1 to go.

The match was for a purse of $100, of which $60 went to the winners and $40 to the losers.

THE ATLANTIC STAKES WERE WON BY PLATER

The Race Was Sprint for Two-Year-Olds and Field a Poor One.

LUX CASTA'S FAST WORK

Ran the Record Three-Quarters of Mile on Circular Eastern Track. Himself Cleverly Defeated Some Fast Ones in Third Event.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, July 23.—A. L. Aste's Plater won the Atlantic selling stakes at Brighton Beach today. Blue and Orange was second and Roxboro third. The Atlantic stakes was a five-furlong sprint for 2-year-olds and a poor field went to the post, with Plater favorite at 1 to 2. Blue and Orange rushed to the front and showed the way to within a few yards of the wire, where Wonderly got the favorite in front and won by a head.

Lux Casta, a three-year-old filly, carrying 111 pounds, ran the fastest three-quarters of a mile for the east on a circular track. The time was 1:12 flat. Himself, in the third race at one mile and a quarter, cleverly defeated Tom Kenny and Ethics, the favorite. The winner was at the good odds of 20 to 1. St. Finnan, the second choice, made the running for a mile, where he dropped back beaten, and Himself, taking command, won cleverly by a length.

Good Riding by Apprentice.

Orloff, from the Keene stable, and ridden by the apprentice boy Waugh, won the last race. The Kingston gelding was quoted at 40 to 1. Summary:

CADILLAC WINS AGAIN.

Beat Out Fifteen Yachts in Ten-Mile Race.

TOLEDO, O., July 23.—The second race of the Interlake yachting meet began under the best weather conditions for years on such occasions. The course is five miles to windward and return. The start was beautiful, 16 boats getting over the line at 9:10, 10 of them within 30 seconds after the gun. The Cadillas went over first, the Detroit and Lucinda next. The first two had a walkaway of the beat to windward, the Cadillac gradually increasing her lead and rounding the stake boat at 10:11, two minutes, 22 seconds ahead of the Detroit. Both broke out spinnakers and balloon jibs and headed for home like race horses, the remainder of the fleet strung out on split tacks.

Cadillac won the race, and the sweep cup in the 36-foot class, by 10 minutes, 51 seconds. The Detroit had 9 seconds time allowance.

THEY WILL MEET AGAIN.

There Will Be Plenty of Money on This Game.

The Sewickley team will again play the Elmhurst Inn ball team, the game to occur at the Sewickley Athletic field, Saturday afternoon of this week. Last Saturday's game of 7 to 6 in 10 innings, in favor of the Sewickleys, was quite a surprise to people. The colored team has $200 to say they will win this week's game, which will be covered by the white boys, and lots of excitement is looked for. The batteries will be, Sewickley B. B. C., McLane and Delp; Elmhurst Inn, Bowman and Jackson. The Elmhurst team has been organized and is managed by some rich men in the valley, and no expense is spared to make a good team of them.

BOTH FIGHTERS ARE IN FINE TRIM

JEFFRIES JUMPS THE ROPE AND FITZ DOES SOME BOXING.

The Opinion Seems to Be That Jeffries Will Win Because of Australian's Age and Weight—Odds Still in Favor of the Champion.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SAN FRANCISCO, CAL., July 23.—Jeffries indulged in but light exercise today, at the Reliance club, in Oakland. He arose early and skipped the rope 1,000 times, finishing the ordeal with no visible sign of exhaustion. He then spent the lunch hour in comparative quiet, with Delaney and his retinue of trainers, and in the afternoon took a row on Lake Merritt. He tipped the beam at 217 pounds tonight, but expects to weigh 218 when he enters the ring on Friday night.

Fitzsimmons took a jog along the drives at Golden Gate park, this morning, and was rubbed down at the Terminal hotel, after which he partook of a hearty luncheon and sparred with Griffin and Andy Gallagher at the Olympic club. Experts on the scene declare that there is apparently nothing further to be desired in the condition of the men.

The consensus of opinion seems to be, however, that Fitzsimmon's age and the difference in weight is against the chances of the Cornishman, and that Jeffries is the logical winner. The receipts, the club managers state, have almost reached the $20,000 mark. The betting odds show Jeffries still a favorite at 2 to 1, and 10½ to 4, with much Fitzsimmons money in sight. Sporting men from all over the country are arriving and several excursions are expected to reach here tomorrow.

A slight defect in the ring has been found, but it will be remedied before the fight. The heavy timbers which support the frame work above the ring were found to be rather too close to the ropes. If there was a struggle in any of the four corners there was a possibility of either the heads or the hands of the boxers being injured. To avoid this a rope will cut off one foot of each corner, making the ring octagonal instead of a square. The posts will be padded as an extra precaution.

Soldier Tom Wilson, who came from the east to act as Fitzsimmons' sparring partner, but who was shelved in favor of Hank Griffin, will not see the fight. He received orders to join his regiment at Fort Monroe, Va., by July 29, and left tonight.

Natural White Oil
The Cue for Treatment.
Splitting or breaking of the hair, diminishing luster, stray gray hairs, gray patches, showers of dandruff, itching scalp, falling hair—all are cues or hints to procure the best of all hair remedies — NATURAL WHITE OIL—and to administer to the scalp and hair the treatment and cultivation which are essential to prevent the marks of age from "rearing their ugly fronts." This effective scalp and hair remedy stops the first stage of baldness by curing dandruff permanently. It permeates the follicles and glands, aids in the nourishment and supply of natural coloring matter of the hair and thus facilitates the process which is always obstructed when the hair splits, breaks, fades or becomes brittle and lusterless.

The Cubans Can Play the Game

THE CUBAN TEAM TOOK THE RUBBER FROM HOMESTEAD

Won Game in the Ninth Inning as a Result of Williams' Fumble.

CONTEST WAS EXCITING

Both Teams Played Clever Ball, but Risher's Men Used Bad Judgment on the Bases—Cosgrove Played Star Ball at Second.

The All-Cubans took the rubber from H. L. A. C. at Steel Works park, Homestead, yesterday, in the best game of the series. It was lost to the home team by Williams making an error which resulted in the winning score after Homestead had in its last chance succeeded in tying the score, and when a 10-inning game seemed probable.

The Cubans took the lead by scoring in the first inning, but H. L. A. C. tied in the third. In the fifth the visitors added another. By hard and close work H. L. A. C. scored one in the eighth and another in the ninth, and the score then was tied when the visitors went to the bat. Martinez went to a base on a single. Pardon hit and E. Pratts sent a long one to Williams in left, which the latter fumbled and Martinez crossed the plate.

Some star playing was done on both sides yesterday. Cosgrove, for H. L. A. C., did excellent work, making two catches, one of which was on the sensational order. The score:

Won in the Ninth.

WASHINGTON, PA., July 23.—(Special.)—The Washington baseball team won from the Canonsburg team this evening in a close and exciting contest by a score of 6 to 5. The contest was a pitchers' battle between Ridgely, the W. & J. pitcher, and Hartford, the Canonsburg twirler, with odds in favor of the latter. Washington won out in the last half of the ninth inning, the game being in doubt until the very last. The score: R. H. E.

Donovan Gets an Awful Beating.

LOS ANGELES, CAL., July 23.—Young Peter Jackson fought Mike Donovan of Rochester, N. Y., to a standstill and was awarded the decision at the end of the twentieth round last night. Donovan was clearly out-pointed and missed being knocked out in the 18th round only by one count.

Leanders Won the Cup.

CORK, IRELAND, July 23.—The Leander Rowing club beat the Berlin Rowing club easily today in the final for the international challenge cup (valued at $1,250), presented by Lord Chief Justice O'Brien, to be contested for at the regatta held here in connection with the Cork exposition.

Rain Stopped Tennis Tourney.

CHICAGO, July 23.—Rain interrupted the Western Tennis championship tournament at Kenwood today, and only one match in singles was finished. The match was a delayed one from the third round, and resulted: Emerson beat E. Bailey, 6—3, 6—1.

Alperman Goes to Davenport.

Charles Alperman of the Our Boys A. C., who signed with the Davenport A. C., of Davenport, Ia., left Etna last night for Davenport to take up his work with that team. Alperman will play either third base or shortstop on the Davenport team, which is one of the leading teams in the Three I league.

AMONG THE AMATEURS.

The century Athletics will play at Taylorstown next Saturday.

The W. J. Mawhinneys will cross bats with the strong St. Clair team at Elliott Saturday, and a good game is expected.

Ingram is without a game for Saturday, and any good 17 or 18-year-old team desiring this date should address C. L. Ross, Ingram, Pa., at once.

On August 2 the Braddock A. C. and Electric club, both of which have won from Swissvale, will meet at Wilkinsburg and a great game is expected.

The Pittsburgh All Stars go to Butler this evening to play the Alameda team of that place. The train leaves the Pittsburgh & Western depot at 5:20 o'clock.

Glenshaw would like to hear from a good team for Saturday. Address J. J. Meyer, Glenshaw Glass Company, Glenshaw, Pa., or call Bell telephone 91 Sharpsburg.

The Bell A. C. would like to arrange games on their own grounds with all 7 and 8-year-old teams. Address challenges to Fred Hartley, 414 Arabella street, Knoxville, city.

The J. M. Weists still have a few open dates and would like to hear from any 14 to 16-year-old teams. The North Sides preferred. For games address J. Zollinger, Twenty-seventh and Smallman streets, city.

The Dallas club defeated the Pennsylvania Railroad clerks at Westinghouse park on Tuesday evening in an interesting game, by the score of 6 to 1. Dallas will play the same team this evening on the Dallas grounds.

Two games will be played at Electric park, Wilkinsburg, on Saturday. Morewood A. C. and Cottage A. C. will meet at 2 o'clock, while after this game Wilkinsburg High school and the Electric club will play off the rubber game of their series.

The Boquets will journey to Beaver Saturday to play the strong team of that place. Manager Hardie will take his regular line up with him, and they expect to give a good account of themselves. The Boquets play the Our Boys of Etna August 2.

The Rustlers play the strong Glenshaw A. C. at Glenshaw on July 26. Rustlers play Moon run at Moon run on August 9 and Coraopolis at Coraopolis on August 16. August 2 is open for some good out-of-town team. Address H. G. Lambertson, 503 Brownsville avenue, city.

The Comptometers of the Carnegie Steel Company have a few open dates for Saturday games, and would like to hear from all good office and store teams. Gusky, Kaufmanns, Spear & Co., Pittsburgh Drygoods Company, Heyl & Patterson and the Carnegie A. C. preferred. Address James L. Keck, 627 Carnegie building, city.

Farmer short, R. Steiger left, W. Shaw middle, McCleland right. All Dallas players must report at 6921 Hamilton avenue, no later than 1:30 p. m.

This evening at Brushton at 6:30 p. m., sharp, the Park Steel Company Reserves will line up to play the strong Brushton team. A hot game is expected, as both teams are playing winning ball. The Reserves would like to hear from all good amateur teams for evening games. Address Martin F. Welsh, care Park Steel Company, Telephone 3801 Court.

The Company G second team defeated the North Atlantic A. C. by the score of 14 to 6. They play the Mifflin Reserves this evening at Friendship park at 6:15 sharp. The following players must report: Pritchard, Wilhelm, Fitzsimmons, Brashear, Roberts, McElvein, Steen, Barr, Small, Kirk and Neally. This promises to be an interesting game, as the teams are evenly matched.

In a close and exciting game of ball yesterday the Sewickley Y. M. C. A. Juniors defeated the Sewickley All Stars by the score of 11 to 10. Batteries, Juniors, Dolan and Hegnar; All Stars, Peters and McPherson. This makes the fifteenth straight victory for the Juniors and they challenge any 10-year-old team in Western Pennsylvania. Address "Willis," 404 Thorn street, Sewickley, Pa.

The Casinos will play at Swissvale this evening. The following players will report at Fifth avenue and Wood street this evening at 5:10 o'clock sharp: Berk, H. Martin, Mahaffey, McCall, O'Brien and Shellady. Kirk, Manion and C. Martin will report at the grounds on McClure avenue. The Casinos play at Coraopolis next Saturday, and would like to hear from a fast out-of-town team for August 2. Address Charles Teplitz, 1200 Fifth avenue, city.

PERSSE AND A MASHER HAD A COLLISION

Happening at Duquesne Garden the Other Night Ends the "Willie's" Hopes.

Thomas Persse, the star tenor warbler of the Duquesne garden stock opera company has a muscle as well as a voice. An unknown man collided with the muscle near the stage door entrance late Tuesday night and he knows. So do some other people who chanced to see the unknown go sprawling after the collision. The unknown is supposed to be a man who has been using a pen that drips love at every scratch and who has been sending his throbbing effusions to Edith Mason, prima donna of the company.

The unknown accosted Miss Mason as she left the garden. He was urging her to enter a carriage that stood nearby and go with him to a fashionable hotel for a little supper. Miss Mason likes suppers, but she is a home-loving woman and enjoys her supper best when at her quarters in the Dorset, and she has not contracted the habit of midnight lunching with "unknowns."

She indignantly told the man who had accosted her to go about his business. He persisted in his invitation and mentioned that he had been sending her notes. Just then Persse appeared on the scene. Biff! bang! The unknown went down, rolled over, got up, ran and disappeared from the scene.

"It's amusing," said Miss Mason last night to a Gazette reporter, "to read the numerous letters and notes I receive. This sort of thing becomes annoying to one. The management has decided to put an end to loafing about the stage entrance, and it is about time. You would be surprised to know what daring 'mashers' you have in Pittsburgh. They are not bad looking chaps, either, but some of them are very silly and have wrong ideas of women in our profession."

Persse swears the next man who touches Edith will get a better sample of his muscular powers. Persse, it will be noted, calls her "Edith," and he is privileged to do that, for the handsome young woman is Persse's "to have and to hold" for all time. Naturally he was jealous of another man's attentions, but Miss Mason avers that if he hadn't been with her at that moment she would have thrashed the man herself with her umbrella.

Last night several police were stationed at the stage entrance, and woe betide the masher who attempts to inveigle any of Manager Conant's beauties to midnight suppers, or even thinks of making "goo-goo" eyes.

TRAGEDY OF THE FOURTH.

Frank Londeck Held Responsible for William Gerber's Death.

Frank Londeck of Birmingham avenue, 14 years of age, was held yesterday by the coroner's jury to be responsible for the death of William Gerber, 3 years of age, son of Richard Gerber of No. 41 Knox avenue, Knoxville, who was shot on the afternoon of July 4 in the rear of No. 7 Otter alley.

The Gerber boy was playing and the Londeck boy had a revolver from which he was firing what were supposed to be blank cartridges. The revolver was of 22 caliber. The Gerber boy was hit with a bullet which physicians say was fired from a revolver of 32 caliber.

There was a board fence between the boy with the pistol and the boy who was shot, yet witnesses testified that Londeck fired directly at the Gerber boy.

Circus Seats Gave Way.

Mrs. Mary Johnson is lying at her home, No. 51 Eureka street, suffering from injuries received last Monday night while attending a performance of Lowrey Bros.' circus in Bailey's field, Thirty-second ward. The seats collapsed. Men, women and children were thrown to the ground. Several persons were slightly bruised and cut, but Mrs. Johnson was the only one seriously hurt.

RECORD GIVEN SEVERE JOLT BY DAN PATCH

The Unbeaten Pacer Shoved His Mark Down to 2:03 3-4.

DRIVER HEAVILY FINED

He Was Up Behind Lord Derby, Who Showed Better Work in Other Hands—All Bets on the Race Were Declared Off.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Cleveland, O., July 23.—The 2:04 pace and the 2:07 trot furnished sensations for the record-breaking crowd that attended the grand circuit races here today. The unbeaten Dan Patch was always a 1 to 5 favorite for the pace and he won, but had to cut his record to 2:03¾ when chased out in the opening heat by Riley B. The performance did not tire the favorite in the least and he took the deciding heat with ease.

The first heat of the 2:07 trot went to The Monk, who had sold for $50 to $10 on the field. Lord Derby was far back and the judges decided that Spear had made an improper drive. He was taken down and George Saunders put up behind Lord Derby. The drive down the stretch was terrific and The Monk was nipped at the wire. Lord Derby trotted the last half in 1:00¾. A bad break put him out of the going in the deciding heat and the race went to The Monk, Dolly Dillon being unable to force him out. The judges fined Spear $250 and gave the money to the substituted driver. All bets on the race were declared off.

Poindexter, from the Lawson stable, was made favorite in the 2:12 trot, $150 in pools of $275. He never showed and the race was a desperate battle between Hesperus and Waubun, the latter sticking it out. Both horses were long shots in the betting.

Direct Hal had the 2:15 pace at his mercy, a break losing him the second heat. He was an odds-on favorite in the betting ring. The champion Cresceus was exhibited on the track. Attendance 11,000. Summaries:

Gossip Around the Hotels and Depots.

Two young people were put to public embarrassment last evening in a most uncalled-for manner along the streets of the city, at Union station and on the Pittsburgh Limited. The unfortunate victims of a perverted sense of funniness were Mr. and Mrs. Samuel N. Lowry, and the opportunity to harass them in this way was based upon the ancient barbarous custom of making noise on the occasion of a wedding. Such a custom is still said to rule in some secluded rural communities and only occasionally breaks out in a city during the silly season. It has been seriously considered of late by railroad officials what steps can be taken to end, once for all, such manifestations at stations.

The wedding was at St. Agnes' Catholic church yesterday morning, the bride being Miss Cora E. Yeager of No. 3434 Forbes street, and the groom Samuel N. Lowry, a merchant of Beaumont, Tex., where they will live. After a wedding dinner the start to the station was made. The couple found their carriage covered by streamers announcing that they were on their honeymoon, and a cab of alleged friends followed with cow-bells, calling attention to the pair. Rice was thrown in large quantities and cards were distributed at the station to passengers on the train calling further attention to the wedding.

"In the Republican platform adopted at the recent territorial convention of Oklahoma there is a plank indorsing M. S. Quay of Pennsylvania for his strong fight for the statehood of our territory," said A. H. Geissler, an attorney of Carmen, Woods county, O. T., last evening at the Union station. Mr. Geissler was en route home after a short trip to Washington. "The Republican candidate for territorial delegate to congress is B. S. McGuire of Pawnee," he said. "He is a young man, progressive and popular, and will be elected, it is generally believed, by a majority of 15,000. Our territory now has a population of 600,000. It is full of young men, well educated and full of energy, who are rapidly building up one of the greatest of the southwestern states. No one in the east will believe the sober accounts of Oklahoma as it is today. Just before coming east a friend of mine cautioned me about that. 'Tell them all the fancy tales you wish about the territory's wildness, its cowboys, etc., and you will be believed; tell them about its real business condition and you will find no believers,' he said."

"The changes of style in the fall shoe fashions will be marked," said Edgar Hall, a Minneapolis (Minn.) shoe dealer, who was a passenger on the Pennsylvania limited last evening, returning to his home after a trip east. "For men the proper shoe will be a black calf. The soles will be much lighter than those used for a year or so past, the extreme wide sole having disappeared as completely as the tan shoe. The whole shoe is lighter, also, than fashion has called for heretofore. In women's shoes the same tendency is shown. The styles will run to a much more feminine shoe than the mannish one seen for some time past. The color will, of course, be black. The material is patent kid or other patent leather, with light hand-turned soles and a little more pointed toes than now. The prices remain about the same as before."

"Very satisfactory progress is being made on the new coal road the Garfield-Morris syndicate is building from Fairport, on Lake Erie, to Wheeling," said Attorney T. C. Willard of Cleveland at Union station last evening. He was returning from an eastern trip to Cleveland. "The purpose of the line is to develop the coal fields of Jefferson county, O., in which Calvary Morris and others are interested. From Phalanx, O., to Fairport the line is under survey, while from Bergholz to Wheeling it is under construction. A line of 18 miles from Dillonvale to Smithfield will be ready for business by October 1."

T. G. McCleary, who has filled the position of principal of the East Pittsburgh schools for the past three and one-half years, and who has been spending his vacations in study at the University of Chicago, has been elected president of the university class which graduates in the quarter ending next month.

Thomas Rodd, chief engineer of the Pennsylvania lines west of Pittsburgh, and family, left over the Pennsylvania last evening for Spring Lake, N. J.

Clerk of Courts George W. Miller went to Philadelphia last evening. "Private business," he said, when asked the purpose of the trip.

R. Elkan of Nottingham, England, is at the Anderson.

Councilman Morris Einstein of Allegheny, accompanied by his sister, Mrs. V. Nusbaum, and daughter, of Cleveland, left over the Pennsylvania last evening for Atlantic City for a few days' stay.

KAISER WARNED AGAINST VISIT AMONG POLISH

Court Chamberlain Appeals to Emperor to Keep Away from Posen.

FANATIC ATTACK FEARED

It Is Thought, However, That the German Ruler Will Follow Proffered Advice—Is Anxious to Supervise the Army Maneuvers.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Berlin, July 23.—Court Chamberlain von Morawski, a Polish landed magnate, has appealed to Emperor William not to visit Posen during the army maneuvers to be held in September, as his majesty had planned to do. The chamberlain fears that some Polish fanatic might attempt to harm the emperor. Racial feeling is described as at fever heat and several Berlin journals take the view that it would be unwise for the emperor to expose himself unnecessarily.

The Post (Conservative) says it is informed that it would greatly relieve those responsible for his majesty's safety to learn that he had given up the trip. Prominent Germans residing in Posen are glad that the Polish officials and nobility have determined not to attend the festivities, as thereby the chances of unpleasant incidents arising are lessened.

It is scarcely likely that Emperor William will act upon Chamberlain Von Morawski's appeal, because his majesty never permits himself to change his plans on account of the timidity of his advisers. He goes anywhere he thinks duty calls him; and, besides, it is his purpose to declare the government's Polish policy while in Polish territory, and his giving up of personal supervision of the maneuvers would be unprecedented.

The Polish question is regarded as the most pregnant in the government's domestic policy. While no observer believes the Polish agitation can really amount to much ultimately, it is embarrassing the relations with Austria and Russia. The Poles in Galicia enjoy local self-government and press privileges which are not in vogue in Prussian Poland, and continual contrasts are made in the Austrian press between the conditions existing in Galicia and in the province of Posen that annoy this government and tend to weaken the triple alliance.

Indications are not wanting that Russia is disposed to utilize the Polish passion by giving greater freedom to the Russian Poles, thus creating along the Russian frontier a Prussian population in sympathy with Russia. Count von Buelow, the German imperial chancellor, is well aware of the disagreeable features of the Polish agitation, and it is quite likely he will devise measures to quiet the extreme violence of the Polish feeling.

PUSHING FOR BUSINESS.

A Firm That Is Energetic and Persistent, and Gets There.

Probably the most progressive and successful retail advertiser in the city of Pittsburgh is the Pickering furniture and carpet house. I am not acquainted personally with any of the firm, nor do I know anything of the inner details or system of the advertising management, but from general observation of the results attained, I am impressed with the fact that theirs is away above the average, in fact, at the top notch of advertising endeavor.

For miles out in the country as you approach Pittsburgh in any direction on the steam or electric railways, you are told by announcements on stables, sheds, bill-boards and other available places, that Pickering is in the house furnishing business, but that is not apt to make much of an impression, since a score or more of firms in the same business have their announcements in conspicuous places also. It is the city itself and its most immediate environs that you find the supremacy of Pickering's advertisements evident. Here, on every available building, inclosure, lumber pile, at the ruins of a fire, on the rocky bluff, in the street cars and on the bulletins, you see a brief reminder of Pickering's. It is the very briefness of these signs that makes them so strong, no doubt. On one is "Your Credit is Good, Pickering's;" on another, "Your Credit is Good—Nuf Ced, Pickering's," and all over town the simple catch phrase "Nuf Ced," finds a place in situations that other advertisers never thought of. Sometimes just the phrase or word itself used, sometimes the abbreviation "Pck." is affixed, and in most of the firm's ads, either in newspapers or on bill-boards, is sure to be seen somewhere the well-known "Nuf Ced."

The sentence and phrase, "Your Credit is Good" and "Nuf Ced," are decidedly Pickeringish. They are conceded by common consent the property of that house, so far as Pittsburgh is concerned, and to every resident in the city and suburbs able to read the phrase, "Nuf Ced," is really enough to call to mind the immense furniture and carpet establishment. Another catch line lately used is "Watch Us Grow," and this sentence followed by the firm's name and perhaps by the simple phrase we have mentioned, is a reminder to every one that reads it to notice the results that are made possible by thorough and original advertising.

One of their latest ads, which is so nicely painted that even Edward Detaille, the French painter, who feels his artistic sense shocked by unsightly bill-boards, would not find much fault with it, is a view of downtown Pittsburgh showing the Pickering building on an enormous scale, while over all stands Rip Van Winkle, who, just awakened from his long sleep, voices in appropriate words his astonishment at how Pickering's grow so fast. There is implied by this ad just a faint suggestion of how their competitors figuratively slept in the last few years as regards up-to-date advertising. Pickering's have many original and successful schemes for giving their advertising additional publicity. If there is a political campaign or some similar occasion, they are first out with hat cards, lapel buttons, ribbons, etc., for the marchers in the various parades, always having on the card below the picture or motto, the inevitable and invulnerable "Nuf Ced, Pck." During the jolly carnival last Halloween Pickering's had men or boys grotesquely dressed and painted or placarded with "Nuf Ced," who mingled with the other merry masqueraders and assured the thousands of interested onlookers that their credit was still good at the popular establishment of Pickering's. This house does not confine its advertising to painted signs, but is a large user of space in the city and out-of-town papers, and is thus enabled to conduct a mail order department.

The success of Pickering's is due to the originality, daring and persistence displayed in their advertising methods. The public cannot help but be interested by the originality, cannot help but have confidence in an establishment that has the means to proceed so strenuously, and what is equally important, by the very persistence with which the ads stare at it from every point the public is not allowed to forget.—The Advertising World, Columbus, O.

Today, July 24th, Is the Day the Pennsylvania railroad have selected for their third seashore excursion, leaving Union station, Pittsburgh, at 8:55 a. m. with through parlor cars and day coaches to Atlantic City, without change via Delaware river bridge. Through sleeping cars attached to train leaving Pittsburgh at 7:10 p. m., 9 p. m. to Philadelphia only.

Rate, $10; tickets good for 16 days. Seats in parlor cars on morning train and berths in sleeping cars on evening train, can now be procured at ticket offices, corner Fifth avenue and Smithfield street, or at Union station.

B. & O. WILL MAKE BIG IMPROVEMENTS

WILL REBUILD LINE FROM AKRON TO NEW CASTLE JUNCTION.

Big Yard Planned for Divisional Terminal, Spur to Be Built Around Youngstown, Road to Be Shortened and Double Track to Be Laid.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

BALTIMORE, MD., July 23.—It is announced at Baltimore & Ohio headquarters that the Pittsburgh, Cleveland & Toledo railroad between New Castle Junction, Pa., and Akron, O., will be practically rebuilt at a cost of $4,000,000. The road will be straightened and the heavy grades reduced to a maximum of 19 feet to the mile.

From New Castle Junction to Struthers, a distance of 14 miles, the line will be double tracked. At New Castle Junction, which is the terminal of the Pittsburgh and New Castle divisions, a yard costing approximately $600,000 will be built this fall.

A spur of eight and one-half miles will be around Youngstown on the right of way of the Trumbull & Mahoning railroad, which is now controlled by the Baltimore & Ohio. This line will not only open up valuable freight territory, but will enable trains to move more rapidly, the Youngstown tracks at present crossing several railroads at grade, resulting in many delays.

From Niles to Ravenna the line will be shortened by several miles and it will be entirely reconstructed and shortened between Ravenna and Cuyahoga Falls.

This work will be placed under contract in the near future and it is expected that it will be finished within 18 months. The completion of these improvements, the double-tracking of the Connellsville division between Rockwood and Indian Creek, the grade reductions and the double tracking between Akron and Chicago Junction, now in progress, will give the Baltimore & Ohio railroad a double-track line with comparatively low grades from Philadelphia to Chicago via Pittsburgh, with the exception of about 100 miles on the west end of the Chicago division.

ATLANTIC CITY.

Philadelphian's Honeymoon Is Disturbed by His Arrest for Breach of Promise—Boilermakers Banquet.

ATLANTIC CITY, N. J., July 23.—(Special.)—A prominent beach-front hotel was the scene this afternoon of a troubled honeymoon. Sheriff Johnson of Atlantic county was the principal disturbing factor, for he took into custody J. Howard Whelf, son of the late William Whelf of Philadelphia, and a graduate of the University of Pennsylvania, on a charge of breach of promise of marriage. The defendant was but recently married, and when the arrest was made his bride nearly went into hysterics. The complainant is a widow, Mrs. Adelaide C. Harned, residing at No. 1925 North Thirty-third street, Philadelphia, and she sues for the sum of $20,000 as balm for her wounded affections. The defendant was taken before Supreme Court Commissioner A. W. Kelly, waived a hearing and was held under bail of $2,500 for his appearance in court when wanted. At a late hour tonight he had failed to secure bondsmen and was waiting for friends in Philadelphia, to whom he telegraphed to appear.

Boiler Makers Banquet.

The convention of the American Boiler Manufacturers' association closed tonight with a banquet at the Royal Palace hotel. Col. E. D. Meyer was toastmaster and there were witty and eloquent responses. At the business session today Col. Meyer said that a committee from the association will appear before congress at the coming session and urge modernizing the present laws concerning marine boilers.

Working on the List.

The wage committees representing the glass bottle manufacturers and the blowers got down to business on the "list" today, and it is likely that similar work will consume most of tomorrow's session. On the action of these committees in joint conference depends the piece work price to be paid for making different varieties of bottles during the coming fire. Barring direct dissatisfaction, which may crop up over the price paid or received for some regular bottle, the committee has very little to do with the old scale, and any radical change to be made in pay of the men is brought about by an increase or reduction of a certain percentage of pay all along the line.

Under present arrangements the report of the list committee of the blowers as to their idea of the proper price to be paid for blowing the bottle, is brought into the meeting, and, after discussion, the price to be paid for the making of the bottle by any union manufacturer is set for the coming year. Several hundred new varieties of bottles have been introduced during the past year, and the present meeting has an unusually large amount of work in this line.

Will Take Their Own Risks.

The certificate of incorporation of the International Insurance Company, the new company formed by Atlantic City capitalists, has been approved by the attorney general of the state and filed in the office of the county clerk. Fire risks are to be taken on local properties, with possibly some business in the nearby towns and cities.

It is the intention of the promoters of the new company to run their business entirely independent of the outside concerns doing business here, and it is understood that no connection will be made with the Underwriters' association. The company intends to place business carefully and to so distribute it as to relieve the present insurance troubles in the city and at the same time run as little risk as possible.

Pittsburghers Take Water.

Six bathers required the assistance of the life guards today, among them being George Perkins of Allegheny and Thomas Partridge of Pittsburgh. They swam out too far and swallowed considerable water against their will, but got rid of it after being brought ashore.

Sunday School Teachers Arrive.

The annual excursion of the South Jersey Sunday school teachers and pupils was one of the events of the day. They filled three long trains, and as there were many Quakers among them they were objects of interest on the boardwalk and the beach.

It was Mothers' Day, yesterday afternoon, at the summer playgrounds at Forbes and Duquesne schools. At the Forbes school there are 200 children enrolled in the playground division and an additional 100 in the vacation school. The mothers of the children yesterday afternoon turned out in large numbers, many of them accompanied by babies.

The work the children have done thus far this summer in the kindergarten, which is a feature of the playground, and in the vacation school was placed on exhibition and explained and admired by the mothers. Many of them had never before visited the playground and knew nothing of what the children are taught, except what the children themselves told after reaching home.

The children were not admitted during the afternoon, but the teachers and members of the committee in charge of the Forbes playground, most of whom are members of the Sorosis club, were present and entertained the mothers during the afternoon, from 2 o'clock until 4, with music, chatting with them about the children and their work, and finally serving refreshments, consisting of cake and lemonade.

The circulating library at the Forbes playground is one of the largest at the several playgrounds, having a weekly circulation of 200 books.

The mothers who visited the Duquesne school playground yesterday afternoon were entertained, as were those at the Forbes playground, and refreshments were served before the party broke up.

Singing is one of the most interesting and enjoyable features of the daily program at each playground this summer. At the Springfield school a choir of boys has been organized which is doing some very good work, and before the playground season is over good results are looked for. Miss Bertha Baker has charge of this singing. Two days a week the music supervisor visits each playground, and at some the singing lessons are given three days in the week. The work is divided between Miss Bertha Baker and Mr. Schninck in order to insure at least two days at each playground. Mr. Schninck will become the supervisor of music in the Pittsburgh public schools in September.

The play periods at the playgrounds are also attracting much attention. About the middle of the morning the children go out into the playground and are taught ring games. It requires tact, patience and real executive ability on the part of teachers and assistants to keep all the children in good humor and to avoid any roughness entering into the games. One of the favorite games is called "Poison" by the little people and consists of standing three Indian clubs together in the middle of the playground, the children forming a circle around them and running in uncertain lines trying to knock them down.

The flower committee, of which Miss Eliza D. Armstrong is chairman, wishes to emphasize the fact that Tuesdays and Fridays are flower days at the summer playgrounds and flowers may be left on those days at the Central Young Women's Christian association building in Fifth street before 10 o'clock in the morning. Mrs. E. L. Mattern has charge of the work of making the flowers into bouquets, and with hundreds of children to provide for they must be arranged as early as possible in order to send them to the playgrounds before they close at 11:30 o'clock.

Here and There.

Miss Sarah F. Hillman of Shady avenue and Mrs. E. M. Frazier have gone to the Homestead hotel, Hot Springs, Va., where they will remain throughout August.

Mr. and Mrs. William Henry Singer and their daughter, Miss Marguerite Singer, sailed yesterday on the St. Louis for Europe. While abroad they will join Mr. and Mrs. William Henry Singer, Jr., who have spent the past year in Paris, where Mr. Singer is studying art.

Mr. and Mrs. Charles A. Balph and son, Charles A. Balph, Jr., sailed yesterday for Europe, intending to spend several weeks in France before going to Germany, where they will spend some time.

Mr. and Mrs. James W. Arrott of Osborne sailed on Tuesday from New York, intending to spend a couple of months in Europe.

Miss Georgia Allison, supervisor of the free kindergartens in Pittsburgh and Allegheny, is at her home in Iowa, but expects to return to Pittsburgh early in September for the opening of school.

Pittsburgh School Teacher Married.

A very quiet home wedding took place at noon yesterday at the home of Mr. John S. Smith of Scott township, near Beadling, this county. The bride was Miss Mary, daughter of Mr. Smith, and the groom was Prof. David Leonard Hower, superintendent of the Wayne county schools. The Rev. C. W. Wycoff, pastor of the Bethel church, performed the ceremony. The bride was attired in a gown of white and the house was prettily decorated for the occasion. Immediately after the ceremony Mr. and Mrs. Hower came to Pittsburgh and took a train for the east. Mr. and Mrs. Hower on their return will reside in Homesdale, Wayne county. The bride was well known in local educational circles, having taught school in Scott and North Fayette townships and in Carnegie, and up until the present term was assistant principal of the Homewood school, East End.

An Exciting Experience.

William Wallace Patterson, John Ray Patterson and Graham Creighton Patterson, the three sons of Mr. and Mrs. John M. Patterson of Rippey street, East End, who arrived in England last Sunday, have had an experience worth relating. They sailed from New York several weeks ago and when three days out their steamer broke one of its shafts. After drifting aimlessly about for days they finally reached Halifax and the passengers disembarked, many of them returning to New York, among them the Patterson boys. A second start, more successful than the first, was made and the young men are now in England. After touring the British isles, they will go to the continent, remaining until after September 1.

Wedding at Latrobe.

LATROBE, PA., July 23.—(Special.)—A pretty home wedding was that of Miss Ida M. Laughner, daughter of Mrs. Jared Laughner of Latrobe, and W. B. Barns. The marriage took place this evening at 8 o'clock, at the home of the bride, the Rev. I. K. Wisiner of the First Lutheran church, performing the ceremony. Marguerite Laughner, a niece of the bride, was flower girl. The other attendants were Miss Lulu Thomas and William Burns. An informal reception followed the ceremony. A wedding trip will be taken, and the couple will be at home to friends here, after August 10.

Coming Nuptials at Washington, Pa.

Invitations have been issued for the marriage of Harry H. Linn and Miss Mary Aiken, both of Washington, Pa. The ceremony will be performed at the home of the bride's mother on the evening of August 7. Mr. Linn is a clerk in the Washington Trust Company. He is a son of the late Alonzo Linn, a professor in the Washington and Jefferson college, and is a veteran of the Philippine war, having served with Company H of the Tenth regiment. Miss Aiken is a daughter of the late John Aiken, one of the leading attorneys at the Washington bar.

Wedding at Millvale.

Miss Elizabeth Weber, of Bradys Bend, Armstrong county, and Harry Whedell of New York city, were married from the residence of Jacob Shiffire, Millvale, yesterday. The party drove to St. Paul's cathedral, Pittsburgh, where the marriage ceremony was performed, and then returned to Millvale where a wedding supper was served and a reception held. The couple will take up their residence in Allegheny, near Riverview park.

Headed for Canada.

The party of Pittsburgh people going to Yankanuck in the Georgian Bay district, Canada, left the city last evening at 11 o'clock, over the Pittsburgh & Lake Erie railroad. Arriving at Penetanguishene they will board a chartered steamer and sail for the island which will be their home for three weeks. Yankanuck was purchased a few months ago from the Canadian government by 15 Pittsburgh business men.

Daub—Altvater.

Miss Emilie M. Daub of Aspinwall, daughter of the late John Daub, Jr., and Frederick L. Altvater, Jr., were married on Thursday, July 17. It was a very quiet wedding. Mr. and Mrs. Altvater will be at home to their friends after September 1, at their new home, Third and Eastern avenue, Aspinwall.

Invitations Recalled.

Mrs. Franklin H. Iams has recalled her invitations for luncheon next Saturday afternoon, July 26, at her home in Pennsylvania avenue, Sheridan, for members of the Women's Press club.

Yeager—Lowry.

The wedding of Miss Cora E. Yeager and Samuel N. Lowry of Beaumont, Tex., took place yesterday at the home of the bride in Forbes street, Oakland.

Mrs. Sanger Seriously Ill.

WASHINGTON, D. C., July 23.—Adjt. Gen. Corbin today received a telegram from Assistant Secretary of War Sanger, who will be acting secretary during the absence of Secretary Root, saying he has been delayed on account of the serious illness of Mrs. Sanger. She underwent an operation in New York today for appendicitis. The operation was entirely successful.

FIRM TO BECOME A CORPORATION

JONES & LAUGHLINS, LIMITED, WILL SOON BE THING OF THE PAST.

Will Continue Operations as Jones & Laughlin Steel Company, and Stock Issue Will Be About $50,000,000—Little Change in Officials.

Members of the advisory board, the board of managers and other leading members of Jones & Laughlins, limited, are holding daily meetings this week to complete arrangements for the dissolution of the partnership and the formation of the Jones & Laughlin Steel Company to succeed it. All of the present members of the limited partnership will remain under the new organization, with officers mostly as now. Affairs of this leading independent steel concern will continue practically as before.

The present articles of limited partnership expire early next year, and it is planned to have the affairs of this organization taken up by the new company about August 1. Some official announcement of the changes may be made early next week. The present partnership has a stock issue of $20,000,000. The stock issue of the new company will be the aggregate of book values without regard to present values of properties.

It is understood that the aggregate stock issue will be in the neighborhood of $50,000,000, although these are not the figures. With plant extensions that the company has in view and employing the ordinary corporation methods in capitalization the aggregate might be made several times this amount.

In the new organization B. F. Jones, Jr., who is chairman of the present organization, will probably become president. Willis L. King, who is now vice chairman, will probably become chairman of the executive board. There will probably be few changes among the other officers of the company, who are W. C. Moreland, secretary; Irwin B. Laughlin, treasurer, and W. L. Jones, general manager.

Under the present organization there is a board of managers, composed of B. F. Jones, Jr., Willis L. King, Irwin B. Laughlin, W. C. Moreland, W. L. Jones, Roland Gerry, J. B. Laughlin and T. O'C. Jones. Older members of the partnership, along with some of the younger, are members of the following advisory board, B. F. Jones, G. M. Laughlin, H. A. Laughlin, James Laughlin, Jr., and B. F. Jones, Jr. All of the members of the present limited partnership will turn in their stock holdings in exchange for the new securities at a proportionate ratio under the new capitalization.

The company has tentative plans for many vast improvements. Now, its pig iron output, all of which it converts into steel, runs to about 2,400 tons a day, and this will probably be increased by the erection of two additional furnaces. The company now has five. The finishing plants on the South Side may be further extended. Probably two additional Talbot open-hearth continuous furnaces, with estimated capacity of 250 tons a day each, will be erected. Other extensions to the mills out Second avenue, the coking operations near Hazelwood and the terminal railroad system are under consideration.

Each Claim Must Be Presented.

WASHINGTON, D. C., July 23.—Secretary Shaw and Secretary Cortelyou had a final conference today regarding the payment of the accounts resulting from the illness, death and interment of President McKinley. The department has sent a notice to each person who is to receive any of the appropriation made by congress to forward a claim and voucher in regular form.

CHAUTAUQUA.

Secretary Baer Says the Christian Endeavor Should Enter Politics.

CHAUTAUQUA, N. Y., July 23.—(Special.)—The conferences of Young People's week are arousing more and more interest. Dr. J. F. Perry, editor of the Epworth Herald and head of the Epworth League in the Methodist Episcopal church, is present and he, with Willis Baer, secretary of the Christian Endeavor society, is conducting the meetings and making eloquent addresses. Mr. Baer talked today on "The Christian Endeavor, What It Is and How It Works." He said the society was entering its twenty-first year, was just coming of age and that it would live to see all the years there would be. From a membership of 50 it has grown to 40,000,000 and is found in all parts of the civilized world.

"The one objection to the society," he said, "that is made by many is the pledge, which is thought too rigid. But the pledge is the backbone of the Christian endeavor. It is not unreasonable and without it the society would not hold together."

Mr. Baer thinks the society should be more than a religious movement. It should take part in municipal affairs and municipal reforms irrespective of politics. He urges that once a year the men members of the society forsake the prayer meeting and attend the primaries, which are the source of all good and evil to the city. The Christian Endeavor could, if it would, wield a powerful influence for pure municipal government.

Miss Anna Barrows, principal of the cooking school department, gave a most interesting lecture today on "The Apple." Miss Barrows says she dreamed of the time when apples and other fruits will be the food of mankind, rather than dead and decayed animals. A demand should be created for apples, as there is no more healthful food known.

4 Specials

Sale Has Started! See Window Display!

10c FOR THE 25c D. M. A. "VELVET" BRAND, In Rolls

This lot of fine toilet paper consists of rolls of 1,500 sheets each, GUARANTEED COUNT, size of sheets, 4¾x5½ inches. Paper so high in quality has seldom been used in rolls containing more than 1,000 sheets. The grade is the very choice 10-lb. tissue, differing from the ordinary tissue chiefly because the fibers are crossed, instead of running the same way, which makes it stronger and smoother than the ordinary tissue of equal and heavier weights. We desire especially to bring your attention to the fact that although there are many large bulky rolls upon the market, the paper in them is invariably of a much heavier grade and the rolls do not contain more than 1,000 sheets at the most. Many of the rolls containing a smaller number of sheets are also not wider than 4½ inches. These, it is well to remember, are 4¾ inches wide. We give you less bulk, with more, better and larger sheets, which, people who have given the matter attention, are quick to appreciate and demand.

10c FOR THE 25c D. M. A. "VELVET" BRAND, In Packages

This lot of toilet paper comprises a special grade of the "Velvet" tissue, put up in packages of 1,000 sheets each, GUARANTEED COUNT. The size of the sheets is 5x7 inches, with wire loop.

The product is formed by a combination of wood, sulphite and manilla stock. This gives a good color, and produces an extra strong, uniform sheet. It is marvelously superior in every way to any of the sheets manufactured from wood, sulphite, or old papers, now so common in the market. The select Manilla stock contributes an immeasurable improvement and this paper proves in every case to be as satisfactory as pure jute, notwithstanding that the price is wonderfully less.

10c FOR THE 25c "Japanese" BRAND

This lot consists of the "Japanese" brand of package toilet paper, containing 1,000 sheets to the package, GUARANTEED COUNT, the size of these sheets being 4¾x6¾ inches. The tissue is as pure and fine as the "Oriental Satin," being a soft, velvety tissue that has secured an increasing demand because of the universal satisfaction it has given wherever sold. No purchaser of fine toilet paper need be told of the money that our proposition makes it possible for them to save.

10c FOR THE 25c "ORIENTAL SATIN" BRAND

The "Oriental Satin" Toilet Paper is offered in rolls containing 1,000 sheets each, GUARANTEED COUNT, size of sheets being 4¾x5½ inches. Especially particular people prefer this brand because of its exceptionally fine, soft and velvety tissue, made in imitation of the famous Japanese Biblous Tissue. You will see upon examination that there is no strong or weak side to this paper. It is good all the way through, every inch of it being as perfect as the other. In all the marts that depend for their patronage upon high class trade this very special paper meets with great favor.

Extra large rolls Majestic brand, 8c; Monster roll of the Waldorf brand, 10c. Also special values in toilet papers in package form at 5c and 10c per package.

R·I·P·A·N·S

I had been a sufferer from indigestion for fifteen or twenty years. About six months ago a lady advised me to get some Ripans Tabules. Before I commenced to take them every time I would eat anything I would feel so full of wind or gas that it seemed as if I could not get my breath, and sometimes I would have to stop and lie down. Since I have taken Ripans Tabules I can eat anything and it doesn't seem to hurt me at all.

STANDARD OIL FEARS NO RIVAL FROM AUSTRIA

Consul Mahin's Report on the Big Combination There Produces Only Smiles.

POINT SCORED ON GATES

Speculator Believed to Have Made Bad Guess and Is Long on Unsalable Chicago and Alton Stocks. Good Thing for Harriman.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, July 23.—Standard Oil officials today manifested little interest in the statement of Consul Mahin that a powerful organization of Austrian petroleum refiners had been effected for the purpose of controlling the market in certain European countries. The combination, so Consul Mahin writes to the state department, intends to invade France, Germany, Switzerland and Italy, and wrest those countries from the American company. Also that they propose to contest certain markets in Russia. A representative of the Standard Oil Company, when shown Consul Mahin's report, smiled and remarked that Austrians had better confine their operations to their own country.

"Austria," said he, "produces considerable oil, as does Roumania, but the amount is a drop in the bucket as compared with the consumption of Europe. However there is plenty of room for development over there so far as the production of oil is concerned. We know nothing about the reported combination. We would have heard of it long before this in the event of its promising to become a formidable rival of the Standard Oil Company in the European market. Austria will cut little figure in the European markets should it decide to extend its business, for the simple reason that it lacks transportation facilities."

The Matter With Texas.

Commenting on the Texas oil fields, the Standard Oil representative said: "The main difficulty in the oil district of Texas at the present time is lack of transportation facilities. The Standard Oil Company, as well as other large interests operating in that state, are building vessels as rapidly as possible for transporting oil, but the crowded condition of the ship yards prevent us from making as rapid progress as we would like."

It was learned today that the Standard Oil Company carries no surplus. Its policy is to distribute all its earnings to stockholders. When the Standard Oil Company was making extensive shipments and spending millions each year in prospecting it maintained a surplus, but it is in such a strong position at the present time that it feels justified in giving its stockholders the full benefits of the company's earnings. The earnings of the company this year are expected to exceed those of any other year in history.

American Can stock has shown some strength on the curb market of late, and is now selling around 12 for the common and 54 for the preferred. There are few other stocks which have so substantial industry behind them, and which have been made a market football to the same degree. The common stock reached 31 last year and started this year at about 17, and after fluctuating uneasily, came within a fraction of selling at 10 early in the current month. The company's family troubles resulting in the retirement of President Norton and the succession of President Assman were believed to have marked the low water stage, from a stock market point of view, but the year's low price was reached some time afterward.

Looks Like One on Gates.

John W. Gates is understood to have come out at the worst end in the recent manipulation of Chicago & Alton. The story goes that Gates was led to believe, through sources which he considered reliable, that negotiations were under way for the absorption of Chicago & Alton and the Chicago Terminal Transfer. Anticipating these developments Gates purchased heavily of the shares of both companies. As soon as he attempted to advance them, however, he met heavy selling orders which it was soon discovered came from the Harriman interests. The Harriman and Kuhn-Loeb interests acquired practically all of the stock of Chicago & Alton when they reorganized that company several years ago. They have been unable until recently to market but a small part of their holdings. It is generally believed that a large amount of this stock was sold to Gates when he tried to advance these issues last week. The interesting question now is, how will Gates succeed in marketing this stock at a profit?

A canvass of the structural steel plants revealed the fact that the demand for heavy material shows no signs of abatement. In fact, it seems to be becoming more pronounced. An official of one of the largest companies said that the business on hand guaranteed steady operation for the structural plants for the next 12 months at least. He added that he did not believe there would be any material falling off in the demand for the various classes of steel until the next presidential campaign.

No Heavy Increase.

While structural manufacturing concerns are working to the utmost of their respective capacities, there has been no heavy increase in production. The Lackawanna Steel Company is now out of the market and it is not likely that it will be able to begin shipments until June of next year. The company is capitalized at $40,000,000 and is erecting a mammoth works near Buffalo. Outside of the United States Steel Corporation, it will be the largest producer of structural steel in the world. Regarding the action on the part of the Tennessee Coal & Iron Company in opening its books for pig iron for delivery next year on a basis of $17 a ton, a representative of a prominent iron concern said:

"Seventeen dollars is the highest price that has ever been asked for southern pig iron for delivery so far ahead. Whether or not southern companies will be able to maintain this price is a question that cannot be determined at this time. However, the rapidity with which orders are coming in would seem to indicate that practically all of the iron produced by the south next year will be sold around $17 a ton."

The report of the Pressed Steel Car Company for the quarter ended June 30, published today, is a most gratifying exhibit in point of earnings as compared with the report in the corresponding quarter of last year. There remains a surplus after deducting charges, preferred dividends and depreciation of $591,800, an increase of $281,820, as compared with the corresponding quarter of last year.

Fear No Competition.

Corn Products officials are not alarmed over the announcement that a movement is under way to organize a competing company. While subscriptions are being received for the stock of the new company, it is by no means regarded as a sure thing. It requires over a year to erect a modern glucose factory, so that the Corn Products Company does not expect to experience any competition from the new organization until well into next year. It is officially stated that the business of the Corn Products Company is large for this season of the year.

An official of the American Agricultural Chemical Company is quoted as saying that the annual report will be issued about the first week of September, when the directors' meeting takes place.

"I can confidently state," said he, "that the earnings for the past six months have been the largest in the history of the company. I would not be surprised to see at least 5 per cent earned on the common stock."

Heavy Buying of Railroad Stocks

TRADING SHOWS STRENGTH IN THE STOCK MARKET

Bulk of Dealings Was Congested in a Few Active Stocks.

CORN WAS A BIG FACTOR

Condition of the Crop Considered Highly Satisfactory, Turning the Scale of Sentiment in Favor of the Advance—Bond Market Irregular.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, July 23.—The stock market again demonstrated its absorptive power today, and made a various but quite convincing show of strength, notwithstanding the appearance of a reactionary tendency in some of the stocks which tempted to realizing by the high prices attained, and a few cases of positive weakness. The volume of dealings was congested in a few very active stocks. It was obvious nevertheless that the bull campaign was still in force and that large and powerful capitalists were still committed to the long side of the market. Not much attention was paid to the news of the day, which was somewhat meagre in its bearing upon values of securities. The speculation shifted from one to another quarter of the market in the usual progress of rotation by which skillful speculative leaders keep the movement of prices equalized from time to time and without regard to news developments.

Crop Bulletin Favorable.

The weekly crop bulletin of the weather bureau was interpreted favorably on the whole. Some harm was reported to the various grain crops by too much rain, but relief from drouth was reported for the cotton crop and the condition of the corn crop was considered highly satisfactory. The outcome of the corn crop is the dominant feature in the speculative situation and turned the scale of sentiment in favor of the advance. Some disappointment was felt over denials of yesterday's rumors that anthracite mining would be resumed on August 1 and the coalers and eastern railroads generally, with the exception of an early advance in New York Central, were almost stationary. A feature of the day was the marking up of various dormant stocks, which have not shared in the recent advance. This tendency extended to Northern Securities Company on the curb, which rose buoyantly to 110. Great Northern preferred advanced 4½, but lost about half of it. These movements were simultaneous with the publication of an abstract of the indenture securing the new Oregon Short Line collateral bonds.

Boom for Northern Securities.

This showed that provision is made for allowing that the Northern Securities stock deposited as collateral for these bonds shall be allowed to share in any reorganization project, or further union or merger or sale and distribution of the company's assets. The profit-taking in Pennsylvania was somewhat aggravated by the action of the New York aldermen in rejecting the Pennsylvania tunnel contract. Brooklyn Transit was decidedly weak owing to the belief that the company's bid for construction of the East river tunnel will fail of acceptance. The granting of a stay of the Amalgamated company's injunction against the working of a disputed mine by a rival was held to explain the reactionary tendency in that stock. There were striking upward movements in various specialties which were due to purely individual causes or manipulation. The expectation that yesterday's engagement of gold for export would be cancelled was only partly realized and there was a further engagement by another firm of one million dollars, thus bringing the exports for the week up to $2,750,000.

Call Money Market Firmer.

The sustained steadiness of the exchange market indicated that the shipment is in direct settlement of foreign obligations. London continued to sell stocks in this market. The call money market was somewhat firmer and the time money market distinctly so, but this did not seem to disturb the equanimity of the buyers of stocks. Active profit-taking made the closing irregular and the net changes mixed.

The bond market was irregular. Total sales par value, $4,565,000.

United States old 4s registered declined ¼ per cent on the last call.

WALL STREET FEATURES.

Total sales for the day 931,700 shares.

Total value of bond sales $4,565,000.

Northern Securities rose to 110.

Great Northern preferred advanced 4½ points, but lost part of the gain later on.

Failure of tunnel plans influences Pennsylvania and Brooklyn Rapid Transit.

Gold exports for the week were brought up to $2,750,000.

NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, July 23.—Another gold discovery is reported in Idaho. It is in the old placer camp on Leon creek, 24 miles west of Custer City. Samples show free gold and good assays are said to be obtained from the surface rock. There is the usual rush to the scene of the find.

The Swan-Elias group near Silverton, Col., has passed into the hands of the Boston-Pennsylvania Gold and Silver Mining Company. A 4½-foot vein has been cut in the Bessie at a depth of 40 feet. It carries a 30-inch streak that assays from $200 to $500 a ton.

The Peck cyanide plant at Pandora, Col., has been bought by the Tomboy, Smuggler Union and Liberty Bell companies. It will be workd on the tailings of these companies.

Net profits from 328 sacks of ore shipped to the Hall smelter from the Wonderful group at Sandow, B. C., were $2,552.

Yankee, Col., reports the greatest strike of the year in the second level of the Lombard. Last week a new stope was started on the vein, which measured seven feet, two feet being good smelting ore. This streak has widened to six feet and the mill ore is now five feet wide.

Cyanide product worth $30,000 has been shipped from the Drumlummon plant at Marysville, Mont., to an eastern refinery. This plant has a capacity of 400 tons per day.

A crushing of 25 tons of worked over ore from the Dooley, Calaveras, Cal., yielded $500, or an average of $20 to the ton. The shaft is 100 feet deep. The richest ore is pounded in a mortar and the residue is sent to the mill.

Good reports are coming from El Capitan, near Agua Fria, Ariz. A capping has been penetrated and rich sulphides running from 11 to 12 per cent copper have been encountered.

Thirty stamps of the new 60-stamp mill of the Clover Leaf at Lead, S. D., are dropping and the mill will be working at its full capacity next month. Ore is available to the 500-foot level and there is abundant ore in sight.

The Cripple Creek Gold Temple Company has finished sinking the shaft on the Gold Sovereign to 600 feet and has begun lateral work from this depth. Breaking of ore is under way in the fourth level, where there is a 14-inch streak that averages better than $100 to the ton.

The Metal Market.

Weakness again characterized the different metal markets, with but one or two exceptions. The amount of business reported was small and the trade looks for further declines before there is a substantial rally. Tin in the English market lost 5s, spot closing at £12 and futures at £125 12s 6d. Locally the market was very weak in tone and lower, spot closing at $28 25@28 50. Copper at London declined 3s 9d with final prices £52 13s 9d for spot, and £52 16s 3d for futures. Nearly all grades in the local market were lowered. Standard, spot to August, was quoted at $11 37½@11 60; Lake, $11 87½@12 00; electrolytic, $11 75@11 90, and casting, $11 75@11 85. Lead abroad was in better position, advancing 2s 6d and closing at £11 5s. In the local market there was no change from $4 12½, the undertone being fairly steady. Spelter was unchanged here at $5 37½ and at London at £19. Foreign iron prices improved slightly, though there was no change at home. Glasgow closed at 56s 6d and Middlesboro at 51s 11½d. The local market was steady. Warrants nominal; No. 1 foundry, northern, $23 00@25 00; No. 2 foundry, northern, $22 00@23 00; No. 1 foundry, southern, $22 00@23 00; No. 1 foundry, southern soft, $22 00@23 00.

Small Cereal Trade in Chicago

SPECULATORS APATHETIC IN GRAIN MARKET

Some Talk of Manipulative Deals in Absence of Trading.

WHEAT RULED STEADY

Corn Was Slow, Oats Were Dull and Provisions Gained Slightly from Yesterday's Severe Slump—Good Crop Reports Depress the Market.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, July 23.—There was a small and nervous trade in grains today. The crowd was apathetic. Light local stocks kept the shorts in July anxious in all grains and manipulative deals were talked of in absence of vigorous trading. September wheat closed ⅛c higher, September corn ¼c lower and September oats ¼c higher. Provisions closed 5@7½c higher.

Wheat ruled about steady. The opening was a little higher on cables and the weather, which was a little showery and was expected to be rainy tomorrow. The government crop report also indicated damage to wheat. Commission houses, however, had stuff for sale, the outsider was keeping out of the market because of fears of manipulation and receipts were liberal. The main bullish incentives which brought a later rally after an early dip were depleted stocks, the very poor grading fresh arrivals of receipts and local thunderstorms. The prospects for export business were somewhat improved, but the cash demand was only fair.

Gossip Influenced Prices.

There was a renewal of the gossip that a leading packer was trying to boost September prices. Under these influences July wheat practically stood still at 77. September opened unchanged ⅛c up at 72⅝c to 72¾c, dipped to 72¼c, rallied to 72⅞c and closed firm ⅛c up at 72¾c. Local receipts were 202 cars, 16 of contract grade; Minneapolis and Duluth reported 289 cars, making the total for the three points of 491 cars, against 340 last week and 423 a year ago. Primary receipts were 1,098,000 bushels, compared to 1,349 last year.

Corn was slow and but little interest was taken in the market. Good crop reports tended to depress the market early, but uncertainty over the manipulative aspect of July options kept the crowd from selling very much short. The cash demand was good, prices were firm in the east and cables were improved. In the end the expectations of a bumper crop unless some disaster overtakes the corn soon put prices down a trifle. September corn sold between 61⅛@61¼c and 61½@61⅝c and closed at 61¼@61⅜c. Receipts were 177 cars.

Provisions Gain a Little.

Oats were dull. Good weather and excellent crop prospects induced early lower prices, and late reports predicted rains generally. September sold from 33⅞@33¾c to 35c and closed ⅝c up at 34⅝c. Receipts were only 71 cars.

Provisions reacted a little from yesterday's severe slump, but only a little of the gain held. There was an easy opening on a weak hog market, but packers supported and shorts covered. September pork closed 5c up at $17 35; September lard 5c higher at $10 57½, and September ribs 7½c up at $10 32½.

Estimated receipts for tomorrow: Wheat, 145 cars; corn, 170 cars; oats, 140 cars; hogs, 18,000 head.

NEW DOCK ONE MILE LONG.

Will Be Built at Wallace for American Sheet Steel Co.

The Enterprise Contracting Company will begin work this morning on a dock one mile long, for the American Sheet Steel Company at Wallace station on the Monongahela river. The dock is to be built just above lock No. 3 and when completed will be one of the best on the Monongahela river. Its construction will be similar to that of the Pittsburgh Steel Car Company's dock at Woods Run, Allegheny. A row of 10,000 piles are to be driven down and these will be sheeted with 4x12-inch oak timbers. The new dock is to be completed in 90 days, when the company will have not only protection for their shore line, but a place to unload coal and the immense supplies of building material that will be required in the big new plant. The work of building the dock will require 60 men and will cost about $50,000. It will be done under the direction of Albert Klicker.

News of the Rivers.

The stage of water on the Market street wharf yesterday afternoon was 9 feet 4 inches. No further rise was expected, as most of the flood water had come out of the Allegheny. The wickets are still down at Davis island dam, and boats have not been detained by locking through.

The movement in coal continued yesterday and the Monongahela River Consolidated Coal & Coke Company dispatched two towboats, the J. C. Risher and Volunteer, each with a tow of 10 boats. Several other boats are loading up the river and may get away today.

The towboats Gleaner, C. B. Spencer and Cal Blazier, pilots, and the P. M. Pfeil, John L. Kerr and Charles Morris, pilots, were due last night and will get away today with tows of coal barges for the Peoples Coal Company. The same company yesterday sent down the W. H. Flint with eight coalboats. Holmes Harger, Jr., and Fred Erwin were the pilots.

The Gertrude carried five carloads of gas pipe as part of her cargo to Morgantown yesterday.

The Virginia will be here tomorrow night and will leave at 4 o'clock Saturday for Cincinnati.

The Queen City had an unusually large load of passengers yesterday when she departed for Cincinnati. Over 150 were booked at 3 o'clock, most of whom were round trip passengers bound on vacation trips.

The Virginia passed Portsmouth on her way up at 8 o'clock yesterday morning, and the Keystone State passed Huntington at 9 o'clock in the morning on her way down the river.

Captain Isaac B. Williams, United States inspector of hulls, was at the Armstrong cork factory yesterday inspecting life preservers. Since January 1 he has inspected over 20,000 for this company. Of late there have been very heavy shipments to the east and his services have been required frequently.

The Sharpsburg Sand Company sent the George Brawdy to Steubenville Tuesday, with Captain Charles Smith in command. She will be gone five months, during which time she will furnish the sand and gravel for the Wabash bridge at Mingo Junction.

The Pittsburgh Dredging Company has a dredge boat working at Freeport, on the Allegheny river, putting in a filter crib for the waterworks at that place.

A boiler that floated into Lock No. 1 gave rise to the report that there was a break in the walls of the lock.

Captain McIntyre, of the Sunshine, will retire from the Cincinnati and Memphis runs August 1. He will accept a position on the Savannah, which will run in the Tennessee trade.

Captain W. R. Meade has left the steamer Cape Girardeau, after 11 years piloting in the trade. Joseph McCullough is expected to be his successor.

Flags on steamers and wharfboats were hung at half mast yesterday in honor of Captain B. D. Wood, who died at New Orleans Tuesday.

The Philadelphia Company's steam dredge boat Gas City has been working for several weeks at Hulton Ferry, on the Allegheny river, where the big gas main is being replaced by a new one.

AFTER ASPHALT COMBINE.

Philadelphia Woman Asks Court to Prevent the Proposed Stock Issue.

PHILADELPHIA, July 23.—The first attack against the present plan for the reorganization of the National Asphalt Company and the Asphalt Company of America, which concerns are in the hands of receivers, was made today when Hannah V. Gallagher, a security holder in the American company, began suit to have the proposed issue of new stock declared illegal by the court. The complainant holds 21 collateral gold certificates of the Asphalt Company of America for $1,000 each.

She alleges that the plan of reorganization is not a lawful exercise of the powers conferred on the committee having the reorganization of the company in charge, and the court is asked to decree that the proposed issue of stock in the new company to the holders of securities of the National Asphalt Company would be illegal and that the same be injoined.

"Who Did It," is the title of the beautiful Free Art Supplement with next Sunday's Gazette.

WETZEL'S GORDON LOOMS UP AGAIN

The Gordon sand development in Wetzel county, W. Va., is booming up again with some good producers. The South Penn Company has drilled its test on the Isaac N. Martin farm deeper and developed a second pay, increasing its production to 265 barrels a day. This well is one location south of the original producer in this field on the W. N. Cunningham farm.

The appended gauges of some of the largest wells in this development are of some interest: South Penn Oil Company No. 2, Keener heirs, 180 barrels; Fairfield Peterson No. 1, 100 barrels; M. M. McIntire No. 1, 110 barrels; P. H. Gump No. 1, 200 barrels; W. N. Cunningham No. 4, 150 barrels; Southern Oil Company and Greentree, No. 1 W. N. Cunningham, 100 barrels, and Miller Bros. No. 1 Talkington, 150 barrels a day.

On the east side of the development the Delmar Oil Company has drilled in its test on the Price farm and has a 50-barrel producer in the Gordon.

On the west side of the Littleton development, in Clay district, Wetzel county, the South Penn Company has completed and shot its test on the Elizabeth Lapp farm and the hole has filled up 2,000 feet with fluid.

Over in the Salem district some good producers have been recently drilled in and completed. The Eastern Oil Company's No. 3 on the Ritter heirs' farm is holding up at 280 barrels a day; Southern Oil Company's No. 1 Alex Riley, 145 barrels; Smith, Riddle & Co.'s No. 4 W. S. Williams, 130 barrels, and O'Day Bros. and Gartlan's No. 2 E. W. Custer farm, 180 barrels a day.

The South Penn Oil Company's No. 1 on the A. H. Heidreth farm, one of the oldest producers, is still producing 150 barrels a day.

The Eastern Oil Company has completed its test on the Solomon Frum farm and has a Gordon gasser.

In the Bealls Mills district, Lewis county, the South Penn Company has drilled its No. 4 on the John Collins farm through the fifth sand and found nothing in that formation. It will make a 25-barrel producer from the stray and Gordon.

Small Wells in Wood County.

In the Cow Run sand districts, in Wood county, D. F. Sherbondy has completed his No. 12 on the C. M. Mayhugh farm and has a light pumper.

The Frederic Oil Company's No. 3 on the T. H. Locker farm is good for 5 barrels a day in the 500-foot sand, and Noll & Richter's test on the J. Athey farm is showing very light in the salt sand.

In the St. Marys district, Pleasants county, D. S. Boyle & Co. have completed a second test on the L. Wagner farm and have a 10-barrel pumper in the Cow Run sand.

In the Bens Run district, S. Y. Ramage has completed No. 25 on the Reyman Brewing Company's farm and has a 5-barrel pumper.

In the Parson's Keener sand pool, northwest of Rinards Mills, in Monroe county, Ohio, the Tidal Oil and Gas Company has completed a second test on the John C. Parson farm and has a 10-barrel pumper.

In the Benwood district the Fisher Oil Company and Soliday have completed No. 2 on the Samuel Martin farm and have a duster in the Big Injun.

In the Big Injun sand development, southeast of Rinards Mills, in Washington county, the Carter Oil Company's No. 1 on the Susanah Sears farm and No. 3 on the John Cline farm, both old wells, are holding up at 130 and 75 barrels a day, respectively.

In the Wolf Creek district, Morgan county, Jennings & Selby have a fine producer in the shallow sand at their test on the Olive Work farm. The well produced 95 barrels the first 15 hours after it was drilled into the sand. Wells in this territory get the producing sand at a depth of less than 500 feet.

Many Small Wells in Ohio.

At Chester Hill, Girard & Co.'s No. 2 on the Charles Yarnell farm is dry and H. H. Burns has completed No. 25 on the H. A. Van Law farm and has a 10-barrel pumper. The Southwestern Petroleum Company has completed No. 14 on the J. A. Lovell farm and has a 5-barrel pumper.

In Jefferson county, two miles west of Knoxville, D. C. Burns has completed his second test on the J. H. Vandyke farm and has an 8 or 10-barrel pumper.

On Island creek, L. D. Dungan & Co. have completed a test on the Morrison heirs' farm and have a small pumper.

In the McIntyre creek field, the Ann Oil Company has completed No. 2 on the McClelland Snider farm and has a show for a 25-barrel producer.

In the Carson pool, in Beaver and Hancock (W. Va.) counties, Murray & Co. have completed No. 4 on the Joseph Ramsey farm and have a 30-barrel producer. In the same pool, C. H. Hutson & Co. have completed No. 1 on the W. W. Hutson farm and have a small pumper. The daily production of this pool is now 1,200 barrels.

In the Smiths Ferry field, Beaver county, Pa., Ferguson Bros. have completed No. 3 on the Ferguson heirs' farm and have a 10-barrel pumper.

In the same district, Stewart & Hopkins have completed No. 3 on the M. Nickle farm and have a show for a very light well.

At Legionville, Snyder & Co.'s No. 3 on the Baker heirs' farm, is holding up at 240 barrels a day, and is the best producer in local territory.

On Monday of this week William Walker of Butler sold to William Arnold of Bruin, Pa., an oil property on the John C. Kelly farm, two miles east of Butler, consisting of a 25-acre lease with three producing wells having a production of about 21 barrels net. The interest conveyed was 11-16, for about $12,000.

Local Stocks Were More Active, but Market Was Quite Irregular

COAL STOCKS LED THE SALES AT AN ADVANCE

Heavy Buying of Pittsburgh Coal Common Sent the Price Up to 25 7-8.

WINDOW GLASS DECLINED

Brewing Stocks Were Firm and Active—The Bonds Also Advanced. Electric Seconds Rallied Sharply. The Steel Shares Were Easier.

The market on the Pittsburgh stock exchange yesterday was broader and more active than it has been in some weeks, the sales being over 6,000 shares, divided among 28 different securities. The tone, however, was irregular, though a majority of the changes in value at the close showed advances. The feature was in the coal stocks, Pittsburgh Coal common leading the sales with over 1,300 shares. The selling was by the same firm that has had almost a monopoly of that side of the market for some time, but the buying introduced some new purchasers. The price opened at 25⅜ and closed firm and in demand at 25⅞, a gain of ½ for the day. The preferred was also firm and quite active, nearly 650 shares selling. The close was firm at 89⅞, a gain of ⅜ for the day. River Coal common found a buyer for 100 shares at 12⅝, a gain of ⅛, but the preferred declined that much on sales of 175 shares at 39¼. Window Glass was decidedly heavy, declining ¾ to 61 on sales of but 250 shares. The preferred closed unchanged at 93½, 130 shares having changed hands. Pittsburgh

PITTSBURGH FEATURES.

Bank exchanges gained $548,424 20.

Sales Pittsburgh stock exchange 6,333 shares and $6,000 bonds.

Marine National bank was $2 lower at 115.

One share of Sewickley Valley Trust sold at $125, a loss of $14 between sales.

Westinghouse Electric seconds advanced ⅝ to 104 and closed firmer.

Window Glass common declined ¾ to 61 at the close.

Crucible Steel common closed at 21¼ and the preferred at 85½.

United States Steel common lost ½ at 40. The preferred closed at 90.

Pittsburgh Coal common sold 1,325 shares. Closed ½ higher at 25⅞.

Pittsburgh Coal preferred gained ⅜ at 89⅞.

Railway Steel Spring common advanced 6¾ to 31¾. Closed at 32⅛ bid.

Bonds were dull but firm.

Brewing stocks were firm and higher, the common advancing ⅛ to 28 on sales of 420 shares and the preferred ½ to 47½ on sales of 160 shares. Both were firmer and in demand at the close. The prices were also firmer, advancing ½ to 111½ on sales of but $3,000. The firmness of these bonds is probably due to an intimation that the buying was for the company, which is credited with establishing a sinking fund for their retirement. Westinghouse Electric seconds were quite active, and after opening weak at 102⅝, the lowest price in weeks, they rallied sharply and closed at 104, a gain of ⅝ for the day. Westinghouse Airbrake did not sell, but was firm at 181¼ bid and 183 asked. Crucible Steel shares were dull but steady and unchanged. United States Steels were easier, the common declining ½ to 40 on sales of 550 shares, while the preferred was unchanged at 90¼@90 for 175. The other sales were comparatively unimportant. In the quotations American Trust advanced to 120 bid and Tradesmens National bank to 190. Bonds were dull.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the closing selling prices, compared with the last preceding sales, the total sales of each security, the opening, high, low and closing prices and final bids and offers.

FINANCIAL DRIFT.

Hill & Co. bought and sold Pittsburgh Coal preferred.

Near the close Sproul & Co. bid 40 for 500 United States Steel common.

McMullin was the principal buyer of Window Glass preferred; Miller sold the common.

Whitney & Stephenson bought River Coal preferred and Doty & Sutton the common.

At the windup R. C. Hall offered 1,000 Pittsburgh, Bessemer & Lake Erie railroad common at 30¾.

Twenty-eight different securities were dealt in, which is more than during any one day in some time.

Sproul & Co. continued to be the principal sellers of Crucible Steel preferred; the buying was scattered.

Sproul and Robinson Bros. were the principal buyers of Westinghouse Electric seconds; Hill and Barbour sold.

The first sale of the day was 15 United States Steel common at 40¾, and the last 50 Window Glass common at 61.

Miller was the seller of Railway Steel Spring common and Masten the buyer; the stock was only dealt in on the local exchange two times prior to yesterday.

Sproul & Co. continue to unload Pittsburgh Coal common and Hill & Co. were also large sellers; Hoag & Grier and A. J. Lawrence entered the buying field.

Pittsburghers continue to dabble in Amalgamated Copper, something like the "moth and the Flame." Hill & Co. bought 150 yesterday from Doty & Sutton. It is understood that some local millionaires are heavily loaded with the stock around 110 to 120.

Presson, Watt & Schoyer bought 200 Pennsylvania Railroad yesterday from Robinson Bros. at 80 3-16, a decline of 1-16; there is a rule of the Pittsburgh stock exchange that no quotation of less than ⅛ shall be posted, but this one got on the board "somehow."

One who has been thoroughly conversant with the copper situation thinks that an attempt will be made to get up a speculation in the copper shares this fall, but that trade conditions do not warrant higher prices. The constantly increasing output of the metal indicates that it will be difficult to advance the price. On the present basis only a few of the best companies are able to make money. Some weeks ago an outside operator was able to advance Amalgamated from 62 to 72. It is not remarkable that in this market it should be taken hold of for a turn on the long side.—Wall street telegram.

When the case of P. Aspinwall Hodge and others against the United States Steel Corporation came up for argument before Vice Chancellor Emery, in Newark, yesterday, counsel for the defendant company said he understood that counsel for the complainants would like to amend their bill and he consequently would have to ask time to amend his answer. Owing to the vacation period, he said, it would be impossible at present to get needed affidavits and in view of the fact that the court was about to take a vacation he said an adjournment had been agreed on. The case then went over until September 5.

Wall Street Pointers.

Flower people are bulling Peoples Gas.

Wall street is flooded with tips to buy Sugar.

There was much activity on the curb in Northern Securities.

Illinois Central is more active now and I think it is time to buy it.

Missouri Pacific and Union Pacific are both getting ready for a good move.

The Gates crowd fed out Chesapeake & Ohio as fast as the market will take it.

Buying of Missouri, Kansas & Texas stocks is attributed to the Gould-Rockefeller crowd.

The buying in Union Pacific and Atchison is very good. I think they are both a purchase for a nice turn.

Edward Sweet & Co. started the buying of Union Pacific. There is persistent talk of an increase in the dividend rate.

I am told to buy Pennsylvania. I think New York Central will work higher. It is now 10 points below the selling price of last November and the conditions are certainly more favorable now than then.—Wortham.

Missouri Pacific and Atchison will probably again be advanced on their splendid crop prospects, and it looks as if both of them would make material gains this week. Baltimore & Ohio and Pennsylvania can be safely bought and no reaction of any importance in the general list is in sight.

I am much disappointed in the way Baltimore & Ohio acts. The directors declaring the dividend 30 days earlier than usual looks as though they were not in favor of the speculation in the stock, as it was believed by a good many well posted people that this dividend, which has just been declared at the rate of 2 per cent, was likely to be 2½ per cent.

The Moores have redeemed their promise to us and put Rock Island above 200, considering rights. Judge Moore says Rock Island is worth as much as is Northwest. Keep long of the Gould shares and buy some Denver preferred. It will surely sell at 100 or higher. There will be something doing in Alton. Don't be misled or think that John W. Gates is fooling you. Simply back up what he says and bull Alton. There is steady absorption of Baltimore & Ohio. Do not be tempted to short Pennsylvania. The company will surely win in its tunnel plan. Tractions and Peoples Gas are good to sell. Sell Amalmamated Copper preferred on substantial spurts.—Josephs.

Strong and Advancing Hay and Grain Prices

PITTSBURGH PRICES FOR FARM PRODUCTS

Canned Tomatoes Continue to Weaken—Fresh Tomatoes Advance.

Hay, Grain and Feed.

Holders of No. 1 timothy hay asked as high as $20 a ton yesterday, and while there were no bids on change up to that figure, actual values seem to range at about $18 50 to $19 00, with the market very firm. Several cars of new hay have already been received. Oats and shelled corn are both fractionally stronger, while ear corn is scarce, and the market price hard to determine. Buyers are offering as much as 78 cents with none offering. Millfeed is stronger and higher for both middlings and bran.

Receipts bulletined: Pennsylvania lines, 1 car hay, 1 car feed; Baltimore & Ohio railroad, 1 car feed; Pittsburgh & Lake Erie railroad, 2 cars hay; Pittsburgh & Western railroad, 2 cars oats. Total receipts, 7 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Oat, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Hay—No. 1 timothy, $18 50@19 00; No. 2 do, $17 00@17 50; No. 1 mixed, $11 00@12 00; No. 1 clover, $11 00@12 00; prairie, $9 00@10 00; packing, $8 50@9 00; loose from wagon, $16 00@17 00.

Rye—Milling price (delivered), No. 2 Michigan, 65½@66½c.

Wheat—No. 2 red winter, 74@75c f. o. b. cars within radius of 50 miles of Pittsburgh.

Corn—No. 2 yellow, shelled, 72@73c; high mixed, 71@72c; No. 2 mixed, 70@71c; No. 2 yellow ear, 78@79c; high mixed, 77@78c; No. 2 mixed, 75@76c.

Millfeed—White middlings, per ton., No. 2, $23 00@23 50; brown, $22 00@22 50; bran, $19 50@20 00.

Groceries.

Flour is in good demand and firmer, with the stronger conditions in the wheat market, which have had a stiffening influence on all breadstuffs. Corn products shown no change, nor is there change in any cereal foods, consumption now being rather at a minimum. A moderate increase is noticeable in demand for refined sugar, with prices unchanged. Navy beans are firm, at last quotations. Coffee quiet and without special feature in the local market.

Flour—Jobbers' prices: Fancy spring patents, $4 15@4 25; fancy winter patents, $3 90@4 00; straight winter, $3 80@3 90; bakers' spring, $3 00@3 60; rye, $3 45@3 60; graham, $4 00@4 50; Cornmeal, bbl, $3 50@3 60; 10-lb cotton bags, 19@20c.

Lack of Raw Material Bothers the Steel Trade

BESSEMER IRON SHORTAGE IS A RULING ISSUE

Year May Be Closed With a Third of Orders Undelivered.

BIG SALE FOR NEXT YEAR

Independent Consumer Has Bought About 90,000 Tons of Bessemer Iron—Steel Corporation Still in Quandary Over Its Outside Supply.

Pronounced shortage of Bessemer pig iron is a ruling issue throughout the entire scope of the iron and steel markets. The merchant furnaces will probably close the year with a third of their contracts, taken for this year's production, undelivered, and this will just so much crowd matters next year.

One of the leading independent consumers of Bessemer iron has closed the purchase of a supply of 7,500 tons a month throughout all of next year, making the aggregate purchase 90,000 tons. The price is not revealed because the deal came as a trade of materials. Meantime the United States Steel Corporation has made no deal for its outside requirements of Bessemer iron for delivery in the second quarter of next year.

In the dealing on this business between the merchant furnacemen and the steel corporation people, the furnacemen insisted on closing for the requirements of the corporation in the second and third quarter at $20 50 a ton at Valley furnaces.

Hitch Over Big Iron Deal.

The corporation people, who had placed their last big order for iron at $16 50 a ton, would not consent to such a price for deliveries so far ahead.

The furnacemen made their proposition as they did because, with the stacks crowded as now and frequently handicapped by car shortage, they will be able to put out very little iron in the second quarter of next year above the contracts already placed and some of those which will be held over from this year.

On this account they wanted the contract placed for second and third quarter delivery in 1903. It is now a serious question as to how the corporation is to get its supply of iron, especially for delivery in the second quarter of next year.

In a long time the tendency of new iron and steel enterprises has been to the finishing lines, with the result, already apparent, that the productive capacity of such lines as wire and nails, sheets and tin plate, is above the requirements of the domestic market.

To Cut Off Importation.

The American Tin Plate Company undertakes to meet this contingency by inviting the Amalgamated Association to consent to a reduction in wages on export business, so it may be able to cut off the imported plate from Wales. It is said that the workers will consent and that the tin plate company will thereby secure the tin plate business of the Standard Oil Company and the Armour and Swift interests, which has been going abroad, for their entire supplies, to be utilized in packages subsequently exported. This is done through the drawback clause of the tin plate tariff. This makes it possible to buy this foreign tin plate at a price which, plus the freight and a duty of 1 per cent, through subsequent importation, is less than the domestic plate. These consumers have expressed willingness to pay a little more for the American plate because it could be delivered more promptly, and in case it is defective could be returned to the mills. The Wales plate is censorily inspected at Swansee, with the result that much bad plate is brought over and the delay and expense of shipping this back frequently prevents such action.

Rush Unbalances Things.

The extreme activity in the iron and steel markets has delayed blast furnace building which, if rushed to completion as planned, might nearly balance the situation. Erection of several big new furnaces has been delayed through the crowded markets, which puts off the delivery of the necessary material.

The activity of the pipe and tube mills has eaten up all the available supply of steel skelp. There is scarcely any to be had, this being partly due to the accompanying rush that is on for plates and the mills consequently taking up the more profitable rolling of plates. As a consequence of these conditions prompt iron skelp is bringing out prices all the way from $2 15 to $2 50 for 100 pounds.

The Cambria Steel Company will start its great new 134-inch plate-mill about September 1 and subsequently will have for the market between 3,000 and 4,000 tons of plates. The rest of the new production will be utilized in the car shops of the Cambria Steel Company and other needs of its own.

Jones & Laughlins, Ltd., will soon increase their production of all raw and finished lines through immense extensions to be made. The new Talbot continuous open-hearth furnace of this concern is said to be proving satisfactory and two or more additional furnaces are to be erected.

Car Service Is Better.

The delivery of coke from the Connellsville and adjacent regions to the Valley and Pittsburgh furnaces has been up to requirements since last Saturday. Prompt furnace coke at the Connellsville ovens is still being called for at fancy premiums, the price of such transactions being nominal at from $3 to $3 50 a ton.

In Bessemer pig iron there were few sales in the past week aside from the one big contract running for delivery throughout next year. The price at the valley furnaces is held nominally at from $21 to $21 50 a ton.

There were only a few scattered sales of forge iron, sufficient to prove the price at from $21 to $21 50 a ton at Pittsburgh.

Sales of about 7,000 tons of No. 2 foundry iron were made at from $21 75 to $22 a ton for delivery in the first half of the next year. Some small lots of foundry for prompt shipment, scattered through the rest of this year, were closed at about $23 50 the ton.

The continued extreme scarcity of steel precludes any transactions of importance. Some few car lots of basic billets were sold at from $35 to $36 a ton and some basic forging billets at $38, but this is not the actual market.

The Price of Billets.

Bessemer steel billets of domestic production could be bought at about $33 to $33 25, while there are some of the imported billets available here at about $1 a ton less.

The domestic ferro manganese price is still held at $52 50 a ton, with the foreign product offered here at $50.

The producing mills can take new business in wire rods for delivery in a month or so, and the price is about $35.50 a ton.

The steel rail market is comparatively quiet. The Baltimore & Ohio railroad has apportioned its orders for next year delivery, in all about 40,000 tons. Rail prices are as follows: For 200-ton and larger lots in standard sections, $28 a ton; $30 for carlots and $32 for less than carlots; $38 for 30, 35 and 40-pound rails in carlots; $39 for 25-pound, $40 for 20-pound, $42 for 16-pound and $45 for 12-pound. Girder rails and T-rails for traction use are from $38 to $40 a ton.

The market for iron bar continues active and the price ranges from $1 80 to $1 90 the 100 pounds.

Pronounced Skelp Scarcity.

The skelp scarcity is becoming more pronounced and there is little or no steel skelp available. The nominal price on steel skelp is about $2 20 the 100 pounds, and on iron skelp prices range from $2 15 to $2 50.

The muck bar market continues fairly easy with prices at about $36 a ton.

Pittsburgh producers sold about 12,000 tons of plates in the week past. Urgent consumers are offering prices as high as $2 15 the 100 pounds. The base prices continue as follows: Tank plate, $1 60 for 100 pounds for plates up to 100 inches in width, and 5c extra 100 pounds for wide sizes; flange plates, $1 70 for 100 pounds; stillbottom steel, $1 90 for 100 pounds; locomotive firebox, not less than $2 higher; 2-10-inch plates, $1 a ton extra; gauged Nos. 8 and 9, $2 a ton extra; circles, $1 80 for 100 pounds.

Merchant bar sales by Pittsburgh producers in the week past aggregated about 12,000 tons. The base price is still held at $1 60 the 100 pounds for forward business, while some of the producers are getting $1 70 on all business and urgent buyers are offering $2 and upward.

Heavy Structural Sales.

Pittsburgh producers sold about 15,000 tons of structural material in the past week. There is little of this material available before the end of the year and sharp premiums are being offered by urgent buyers. The base prices are as follows: Beams and channels, from 3 to 15-inch, $1 60 for 100 pounds; beams, 18 to 24-inch, $1 70 for 100 pounds; angles, 3 to 6-inch, $1 60 for 100 pounds; tees, 3 to 6-inch, $1 65 for 100 pounds.

The sheet market continues easy and some of the mills are closed for inventory and repairs. The price on the No. 28 gauge for 500-bundle sales is $3 the 100 pounds. Galvanized sheets in large lots are available at discounts of 70 and 10 and 5, on the old lists, and 70, 10 and 2½ in lesser lots.

The tin plate price is held at $4 for the 100-pound box and the mills have ample room for prompt business.

Steel hoop prices hold at $1 90 for 100 pounds in lots of 200 tons and over, while on lesser business the price is $2 for 100 pounds.

Crucible Prices.

Prices on the finer merchant and crucible steel lines remain as follows: Tire steel, $1 80 for 100 pounds; toe calk, $2 25; spring steel, $2 25; plow slabs, $2 25; rolled flay steel, $2 50 to $2 75; tool steel, $7 and upward, according to quality; cold-rolled shafting, 42 and 47 per cent off the list.

The movement in scrap is comparatively light by reason of many of the mills being closed. Dealers sold an aggregate of about 10,000 tons in the week past. Prices are as follows: No. 1 melting stock, $21 to $21 50; No. 1 cast scrap, $18 50 and $19; No. 1 wrought scrap, $22 50 to $23; turnings, $15 50; borings, $12 to $12 50; old steel rails, $21 50; old iron rails, $26; steel rails for re-rolling, $24.

In the hardware market the threatened midsummer dullness has failed to materialize. Trade keeps up in excellent volume. There is still an enormous demand for seasonable goods, such as screen doors, windows, refrigerators, etc. No radical price changes have been made since the last report.

Hardware and Tube Prices.

The Bindley Hardware Company furnishes the following quotations: Wire nails, the keg, in carlots, $2 10; less, $2 20; cut nails, the keg, in carlots, $2 10, less, $2 20; galvanized barbed wire, carlots, $2 95, less, $3 05; common carriage bolts, 60 per cent off list; machine bolts, 65 per cent off list; Juniata horseshoes, steel, $3 60; iron, $3 85; window glass in carlots, 90 per cent off list; less, 88 per cent.

Talked About in Wall Street

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, July 24.—The Herald this (Thursday) morning says:

"Little change was noted in the character of the business in Wall street yesterday, unless it was that professional manipulation was a trifle more in evidence than on any other day in the week, and for that matter more apparent than at any time for the past 10 days. The public "nibbling," which was a feature of the market last week, seems to have subsided, except for some little business which filtered in from out of town. Pool and clique operations were continued actively and aggressively. So far as the dominant professional element is concerned there is no doubt as to its sentiment being overwhelmingly bullish.

* * *

"Considerable selling was reported during the day, conducted under the cover of the manipulative movement for the advance. It is this extensive realizing, according to commission brokers, which has checked the enthusiasm which the public began to manifest last week. With the stories of deals and rumors which flew about last week, particularly at the close, some outside interest was attracted into the market on Monday, but as one broker put it, "The public was sandbagged" with stocks fed out to them by the insiders, and the stocks which were active last week have in most instances been neglected this, leaving the buyers at higher prices disconsolate.

* * *

"Very little developed in the way of news, and such developments as were announced had no influence on the market one way or another, for it responded purely and simply to the efforts of the professionals. Crop and weather advices were mixed, though preponderantly favorable. The engagement of an additional $1,000,000 in gold for export was ignored, in view of the continued ease in call money, and a relaxing tendency for time funds and demand sterling exchange. There was a plentiful supply of rumors to make up the deficiency of news, and the entire movement was, in fact, based on rumor and theory."

BUYING OF FOREIGN BILLETS AT AN END

Considerable Quantity Is Offered for Resale, Still No Weakness in Prices Is Shown.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, July 23.—In its issue tomorrow, the Iron Age will say:

The pressure for steel billets has abated, and importers are now inclined to the opinion that the buying of foreign billets is at an end. This view of the situation is confirmed by offers made the past week of considerable quantities of foreign billets for resale. The billet situation, while thus shown to be easier, has not led to any special weakness in prices. Some contracts have already been made for deliveries extending into next year, on the basis of current prices.

Foundry pig iron presents some very interesting features. The supply has been curtailed by the stoppage of numerous eastern furnaces for lack of fuel, and by the banking of several in the central west, also unable to secure enough coke to keep them running. The shortage in pig iron is particularly bad in the east, and numerous foundries are seriously suffering. The furnaces in the anthracite regions are not only producing little iron, but their product is quite frequently off grade. This is causing an increasing quantity of foreign foundry iron to be used. Shipments are coming in very freely from abroad. The fear that the shortage in foundry pig iron may be felt for a long time to come is shown by inquiries now being made for prices on English pig iron for deliveries running well into next year.

The southern furnace companies decided last week to establish $17, Birmingham, for No. 2 foundry, as the basis for contracts for deliveries in the first six months of next year. They have since booked a heavy tonnage for that delivery, mainly from western consumers. The west is feeling particularly cheerful over the prospects of business for next year, due to the promising condition of agricultural interests. It can be stated on excellent authority that the manufacturers of harvesting machines are enjoying an unprecedented demand, which they believe will completely clean up their stocks of machines by the close of the selling season. The implement manufacturers are prominent among those who are purchasing foundry pig iron for next year's delivery. Chicago reports sales of foundry pig iron the last week aggregating about 100,000 tons, part northern and part southern.

The rail tonnage for next year continues to pile up. Additional orders have been placed during the week, and the contracts booked for 1903 are now considerably above 1,000,000 tons, exclusive of the business taken by the Colorado mill. Inquiries covering large lots are still in hand, some roads asking for a much larger quantity than they have ever before purchased at one time. This shows that the heavy orders have by no means been exhausted. The purchasing power of the railroads and their disposition to continue to make improvements are shown by the fact that heavy orders are coming in for bridge work for next year. The Burlington is stated to be in the market for 50,000 tons. The Atchison road a short time since placed an order for between 50,000 and 60,000 tons. It is necessary now to place orders for next year's delivery by those who desire structural material if they wish to make themselves certain of securing it. Foreign business in beams is increasing, and it is expected that importations will grow larger for some time instead of smaller.

Spelter has advanced sharply, while other metals show but little change.

STEEL CAR'S REPORT.

The Surplus Earnings for the Second Quarter Amounted to Nearly $600,000.

The regular quarterly meeting of the directors of the Pressel Steel Car Company was held yesterday afternoon in the general offices in the Tradesmens building. Preferred and common stock dividends were declared out of the earnings of the quarter ending June 30. The preferred dividend for the quarter is the fourteenth and is the regular one of 1¾ per cent. It is payable by check August 20 to stockholders of record at the close of business July 30. Transfer books close at 3 p. m. July 30 and reopen at 10 a. m. August 20. The common stock dividend is the eighth and is the regular 1 per cent for the quarter, payable August 7 to stockholders of record at the close of business August 6. Transfer books will close at 3 p. m. August 6 and reopen at 10 a. m. August 27. Checks will be mailed.

President F. N. Hoffstot was well pleased with the reports submitted by the various officers showing the condition of the business. The company is turning out between 115 and 120 cars per day, and has orders for thousands of cars on the books. A statement of the net earnings, fixed charges and surplus for the quarter ending June 30 submitted to the meeting shows the following:

Net earnings after all expenses of operation, cost of ordinary repairs and all renewals of plant and machinery have been charged out..	$934,093 56
Less charges as follows:	
Three months' interest, to date, on outstanding mortgage and bonded indebtedness	60,270 04
Reserve to cover preferred stock dividend on $12,500,000 at 7 per cent per annum for 3 months to date	218,750 00
Reserve for depreciation of works and properties	63,273 65
Total charges	$342,284 69
Surplus earnings for second three months of year, 1902..............	$591,799 87

SALE OF 12 NEW HOUSES IN EAST END DISTRICT

They Were Valued at $72,000 and Are Located in Hermitage Street.

ALLEGHENY SALE CLOSED

Site Purchased in Allegheny for New Church—New Plan of Lots Ready for Buyers—Mortgage Foreclosure in Kansas Nearly Stopped.

George T. McDonald has sold for Charles E. Bradley to W. L. Smith 12 residence properties in the Twenty-first ward for $72,000. The lots have a frontage of 25 feet each on the south side of Hermitage street, between Homewood avenue and Sterrett street, and a uniform depth of 100 feet. The residences are eight-room brick houses, built last year, and have all modern improvements. The properties formerly belonged to C. A. Riffle, who built the houses.

In exchange for the East End residences Mr. Smith tendered a plot of vacant frontage facing 500 feet in McClure avenue, 150 feet in Beechwood boulevard and 150 feet in Alderson street, Twenty-second ward. This plot lies in two sides of McClure avenue and has about 1,200 feet of frontage. It is a part of the J. P. Smith holdings and is one of the best sites for residences in that part of the city. Mr. Riffle, who takes title to the plot, already has plans prepared for four eight-room center-hall houses which he will build in time for the fall market. The exchange deal involved $135,000.

Buyer's Name Announced.

It develops that A. D. Wilson, the Allegheny real estate broker, is the purchaser of the John Tiernan property in Stockton avenue which has been sold through the Commonwealth Real Estate & Trust Company for $45,000. The property is known as No. 14 Stockton avenue and is a short distance west of Federal street. It has a frontage of 70 feet in both Stockton avenue and Park way, the depth being 240 feet. Near the front of the lot is erected a 12-room brick house and a stable occupies the rear end of the property.

It is rumored that the purchase was made in the interest of other parties and that important improvements are to follow, but those in a position to talk on the matter declined to affirm or deny the report. Stockton avenue frontage is coming into favor because of the Ft. Wayne improvements, and at the figure paid this property is regarded a good investment.

Another large church building is likely to be erected at the southeast corner of Termon avenue and Massachusetts avenue, Allegheny, on a lot recently purchased for $6,500. The lot measures 80x120 feet and is said to have been purchased by an Episcopalian congregation. It is situated directly across Termon avenue from the residence of David B. Oliver. Plans for the church, it is said, are being drawn and the building is to be started in the spring.

Still Another Boom Sale.

The Arcadia plan of lots in the Castle Shannon district is to be opened with a big sale next Saturday. This is the last large plan bought and is being handled by C. Baltensperger, Jr., and E. P. Kaltenbach. The plan is located at Elwyn station, on the Castle Shannon railroad, and will also be on the line of the Pittsburgh & Charleroi electric line and on the new West Side belt line. It also has a frontage of 3,700 feet along the Pittsburgh and Library macadamized road. There are 430 lots in the plan, which range in size from 25x100 feet to 50x200 feet, and will be sold at from $150 to $300 each. A special excursion train will be run over the Castle Shannon road to the plan Saturday.

Yesterday was the dullest day in real estate business of the year thus far. Practically no new business was reported from brokers' offices. The large deals which are known to be nearing a close are kept well under cover and a number that are articled for are being kept from publication until the deeds are passed. In small properties there is still a moderate degree of activity, but as many of these deals are made direct it does not add to the volume of business that is visible.

Good Times in Kansas.

An exchange has this to say in regard to the real estate conditions in Kansas: "These are dull times for Kansas lawyers who make mortgage foreclosures a specialty. Not in two decades has there been so little need of their services. Ten years ago this class of lawyers had a big and rich clientele in the east. They charged high prices for their services and got them. Then they stood in with the newspapers and court officers, and it was not uncommon to see whole pages covered with foreclosure notices. In the early '90s the foreclosure business reached its height. Agents could not secure enough mortgages for the crowds of applicants that were heaped upon their desks. They loaned on anything with or without inspection, and as a result purchased many a farm, for the mortgage was not sufficinet to pay for the land when the inevitable slump in prices came.

"The deluge of mortgage foreclosures continued till 1896, when good crops came and with them the ability to pay off debts. Now the foreclosures are usually the result of some neglect or are old suits carried along through the courts because of some error. The debtor usually borrows the money from some local party and it is seldom that a mortgage is foreclosed. In connection with this prosperity there is a steady westward movement of the loan field and money is being loaned at 5 and 6 per cent for five and 10 years without commission."

Up the Allegheny.

Aspinwall: James Patterson, secretary of the Citizens Deposit & Trust Company of Sharpsburg, has sold two of his residences in Aspinwall for $8,000. One was bought by George C. Rote and the other by Mrs. Charlotte Keil. The houses are new seven-room frame dwellings and occupy adjoining lots facing 25 feet on the north side of Freeport avenue, near Western avenue, and have a depth of 130 feet. Both purchasers will occupy the properties as homes.

A charter was granted yesterday at Harrisburg to the Allegheny Real Estate Improvement Company, Allegheny, with a capital of $1,000. The directors are Harold W. Watkins, John T. Textor, Clark Dunbar, Allegheny.

Montezuma street: John F. Sweeney sold to R. T. Sala a six-room frame house, lot 25x100 feet, in Montezuma street, Twenty-first ward, for $4,000.

Gladstone street: W. L. Scott & So. sold for Samuel J. Saxton to P. J. Ritter, a lot, 30x100 feet, in Gladstone street, for $800.

Allegheny: E. A. Hess & Co. sold for Joseph Rooney to Henry McNamara, a lot, 25x88 feet, in Duquesne avenue, Allegheny, for $800. This is one of the lots in the S. B. Jenkins plan.

Harrison street: Ann Hackett sold to John Subosaic a lot, 25x54 feet, in Harrison street, near Forty-ninth street, Seventeenth ward, for $2,500.

An East End Deal.

Westmoreland street: Hugo E. Lersch sold to Frederick Fleischauer an improved lot, 25x120 feet, on the south side of Westmoreland street, near Joshua street, Twenty-first ward, for $2,000.

Industry street: Joshua Green sold to Mellie Focht an improved lot, 30x77 feet, in Industry street, Thirty-eighth ward, for $1,000.

Fahnestock avenue; John Eichlay sold to Clyde Taylor a lot, 20x132 feet, on the south side of Fahnestock avenue, near Toka street, Thirty-seventh ward, for $250.

Mercer street: Thomas McCaffrey sold to David Marshall an improved lot, 25x75 feet, on the east side of Mercer street, near Bedford avenue, Eighth ward, for $4,000.

Thirteenth street: Samuel S. Bailey, trustee of the John Rick estate, sold to Fred Thiele an improved lot, 40x60 feet, in Thirteenth street, near Muriel street, Twenty-eighth ward, for $3,000.

Good House Bought.

St. Clair street: Grant McCargo and C. R. Miller sold to Joseph Cowan an improved lot, 28x102.5 feet, on the northwest side of St. Clair street, near Friendship avenue, Twentieth ward, for $5,675.

Webster avenue: Edwin J. Beggs sold to Esther F. Egnon an improved lot, 23x100 feet, on the south side of Webster avenue, near Orion street, Thirteenth ward, for $690.

Madison avenue: Sarah Conley bought at sheriff's sale the interest of J. A. Jacobs in a lot, 21x100 feet, on the north side of Madison avenue, Thirteenth ward, for $3,010.

Stage street: Frank Metcalf sold to Agnes Luther an improved lot, 50x117 feet, in Stage street, near Collins avenue, Nineteenth ward, for $7,500.

J. TAKEN TO WASHINGTON.

Man Arrested for Murder of "Sam" Dorsey, Nine Years Ago, Taken to Scene of Crime.

County Detective William McBride of Washington county took the negro, Arthur Brown, to Washington, Pa., last night. Brown was arrested at the head of South Twenty-first street on suspicion of being the murderer of Samuel Dorsey, a negro barber in Washington, on the night of October 20, 1893.

The detectives had a talk with Brown yesterday, in which he told of some of his wanderings over the country and of several arrests, the last less than a month ago in Columbus, O., when he was sentenced to serve nine days. He acknowledged to having been in Washington on the night of the murder, but claimed not to have been uptown.

There were two men connected with the murder, and Brown is said to be the "tall" man in the case. There are two witnesses who saw the two men.

BRYAN REFUSES TO BE RELEGATED TO A REAR SEAT

Is Now Sounding Eastern Friends With Desire to Again Lead Party.

IS SILENT ON THE ISSUES

Missouri Democracy's Stand for Free Silver Gives Him Renewed Belief in Efficacy of His Panacea for All Financial Ills.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Washington, D. C., July 23.—Although William Jennings Bryan said absolutely nothing on the subject during his brief visit to Washington on Monday, it is believed by the few Democrats remaining in town that he has an eye on the nomination for the presidency in 1908 and is trimming his sails accordingly.

Senator Carmack is the only member of the Democratic party whom Mr. Bryan consulted while in the city. When seen today the senator refused to make any statement whatever concerning the object of Mr. Bryan's visit. The only answer he would make to repeated questionings was that Mr. Bryan did not make known any preference for any of the issues which the Democratic leaders had put forth for the coming congressional campaign.

In reply to a question as to whether or not, in his opinion, Mr. Bryan had hopes for leadership in 1908, if the party was again defeated in 1904, Senator Carmack was singularly silent.

Other Democrats in the city who, however, refused to be directly quoted, admitted that it was not out of reason that Mr. Bryan should be looking forward to another leadership. They stated, however, emphatically that any future hope which the Nebraskan might have in this line must be based entirely on the condition that he accept the platform laid down by the Democratic leaders in convention assembled. It was said that his influence in dictating issues would in the future be no greater than that of any other individual member of the party. He would have one voice and one vote. Never again would the party submit to his dictation so completely as it had in 1896 and 1900, when it went down to defeat.

That Mr. Bryan's visit in the east at this time is for the purpose of seeking allies to advance his interests is not believed, but that he will attempt to get the views of eastern Democrats, who in the past have been his friends, is not doubted. It is firmly believed that Mr. Bryan will refuse to be relegated to the rear for all time, and will insist on being recognized as a national factor in his party.

To do this with any degree of success it is insisted both by his friends and opponents within the party lines that he must give up for once and all any idea of putting forward again the issue of free silver. Democrats who are now in the lead say that silver is dead, and under present conditions, with enough gold in circulation to do the business of the country, it can never be revived. Mr. Bryan must accept this before he can hope to continue to be a factor in the national Democratic party.

On the other hand, it is thought that the action of the Missouri Democratic convention in sticking to the old issue of 16 to 1 will stimulate Mr. Bryan and his close followers in the silver wing and prompt them in an attempt to still include free coinage along with the Philippines and trusts as one of the dominant issues of the Democracy.

INTO THE RIVER TO ESCAPE ASYLUM

A. G. WARD DECLARES HE IS HELD THROUGH CONSPIRACY.

Rescued from Water by Passing Steamer and Turned Over to Patrolman—Police Believe the Young Man Is Perfectly Sane.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, July 23.—After many months spent in the insane hospital on Wards island Augustus G. Ward, whose actions seem to support his avowal of perfect sanity, made a dramatic escape from the asylum today, and, when almost exhausted, was rescued by a steamboat crew from a plank in the middle of the East river. He is in custody of the police, who believe his story and think he is sane.

Ward is 20 years old. He says he came here three years ago from Rastus, Ga., and went to work in the store of Charles Broadway Rouss. His nerves failed as the result of illness and he was sent to Bellevue. For his transfer to the insane hospital on March 2, 1901, he blames his brother's wife, who lives in Washington.

He planned his escape well. About 5 o'clock this morning Ward took off all his clothing excepting an undershirt, trousers and light rubber slippers. He cut the barbed wire on his window with a butcher's cleaver, leaped out, picked up an 8-foot plank, ran to the water's edge and leaped in. For a few minutes he swam vigorously, then rested. The tide was strong and he soon found himself going down stream. One big steamboat passed him and ignored his signals. The next to come near was the Middletown of the Hartford line.

A man on deck saw Ward and the boat was stopped. When lifted from the water the fugitive was blue and white with chill and almost fainting. The boat crew revived Ward, gave him dry clothing and turned him over to Patrolman Farrell of the steamboat squad. Neither the police nor Capt. Hills of the Middletown doubt that Ward is sane. He will be arraigned in the Tombs police court tomorrow.

CHANGED THEIR MINDS.

Councilmen John A. and Peter Born After Opposing Ordinance Bitterly Finally Passed It.

Allegheny select council met in special session yesterday afternoon to consider measures acted upon by the common branch. Under suspension of the rules, Morris Einstein introduced an ordinance for the elevation of the West Pennsylvania Railroad Company's tracks from a point 200 feet east of Bridge street on Herrs Island to the easterly side of Federal street. It was referred to the committee on corporations. Considerable discussion arose over ordinance changing the grade of Fleming avenue, in the Eleventh ward. Messrs. John A. Born, Peter Born, Easton and Hock opposed the ordinance.

They argued that grades are established at first any old way and then changed, so that the city will have to pay the costs of such improvements. The ordinance was first laid over for want of a legal majority by a vote of 7 to 4, but was called up later, and the Messrs. Born voted for it and it passed finally.

Other measures that passed finally were ordinances establishing the grades of Federal, McDonald, Winthrop, Cullen, Rodner, Kleber, Westminster and Ottawa streets, Kennywood, Benton, McClure and Maple avenues and Hopkins and Marguerite alleys; vacating a portion of West Market street, Massachusetts avenue and an unnamed 15-foot alley in the Fifteenth ward.

The ordinances vacating an unnamed alley in the Ninth ward and a part of Superior Run avenue, with a view to elevating the railroad tracks in Lower Allegheny and the rebuilding of the Superior Run avenue viaduct and approaches thereto also passed finally.

An effort to adjourn the council until the regular September meeting did not prevail.
